Insurance outside super **OUT** ▶

Total Care Plan, Income Care and Income Care Plus are the CommInsure Protection products which provide insurance cover outside of the superannuation environment. They help you to protect your current lifestyle and help ensure that your family will be provided for in the event of death, sickness or injury.

Who can be covered?

You can cover your own life, which means you are the life insured as well as the policy owner. Your self-managed super fund or company can also cover your life. Alternatively you may be able to cover someone else's life (e.g. a family member or business partner), where the other person is the life insured and you are the policy owner.

You can also combine cover for family members or business partners into one policy. In this case, the policy owner/s receive the benefits of the policy, unless:

- you have nominated a beneficiary for a death benefit under Total Care Plan, or
- a super continuance monthly benefit is payable under Income Care or Income Care Plus.

Insurance inside super **IN** ◀

Total Care Plan Super is a superannuation product that enables you to take out insurance cover for death, terminal illness and disability in a superannuation environment.

Total Care Plan Super is designed for people who are self employed or employed. Total Care Plan Super may provide:

- tax effective insurance cover
- tax free benefits to your financial dependants.

When you take out Total Care Plan Super, you become a member of the Fund (Colonial Super Retirement Fund) with your insurance cover being provided by CMLA. The Trustee, as the policy owner, takes out a Total Care Plan Super policy with CMLA on your behalf as the life insured. Any benefit under the policy will be paid to the Trustee. Your entitlement to receive that benefit from the Fund is subject to any preservation requirements under superannuation law and the Fund trust deed. See Section 5 – Restrictions on access to benefits on page 47.

It is important to remember that while Total Care Plan Super can accept personal and employer contributions and rollovers and transfers, they can only be used to pay insurance premiums. Government co-contributions cannot be accepted into Total Care Plan Super.

Factors you need to choose that affect your premium		
Premium rate option (affects whether premium will change as you get older).	Stepped Premium Rate option Premium increases are linked to your age.	Level Premium Rate option Up to age 65, your premium does not increase as a result of you getting older.
Any occupation or Own occupation TPD definition. The difference between the two definitions is set out here. For the full definitions refer to Sections 1.2.1.1 and 1.2.1.2 of the RD respectively.	Any occupation You need to satisfy us that you're unable to engage in any occupation: <ul style="list-style-type: none"> • for which you are reasonably suited by education, training or experience; and • which would pay remuneration at a rate greater than 25% of your earnings during your last consecutive 12 months of work. 	Own occupation You need to satisfy us that you're unlikely to engage in your own occupation ever again. This is easier to satisfy, but also more expensive. To check if you are eligible for this definition please ask your adviser.

This type of cover pays a lump sum if you die (the Life Care benefit). The lump sum we pay is the amount for which you are insured.

You can take out Life Care:

- on its own
- in combination with TPD Cover (with this combination, the amount of your TPD Cover cannot be greater than your Life Care)
- in combination with Trauma Cover (with this combination, the amount of your Trauma Cover cannot be greater than your Life Care)
- in combination with Accidental Death Cover.

Guaranteed Insurability Option (Business Events) **OUT** ▶

To help ensure your insurance continues to protect your business interests, you can, without supplying further medical information, increase your Life Care and, if applicable, TPD and Trauma Cover on the occurrence of certain business events. Should a certain business event occur, this option allows you to increase your Life Care, TPD Cover and Trauma Cover by up to three times, without supplying further medical information.

At the time of assessing your application for the policy, we will underwrite you for three times your chosen cover amount, so that when the relevant business event occurs you will be able to increase your Life Care, TPD Cover and Trauma Cover without having to provide further medical evidence for the increased amount.

For further important information about the terms and conditions of this option, including limitations and the relevant business events, please see Section 1.1.9 of the RD.

Note: It is important you understand the total disability definition and the requirements you have to meet to make a claim. You should, therefore, refer to the RD and read the definition carefully.

Nomination of a beneficiary/ies

Cover outside super **OUT** ▶

You may nominate up to five beneficiaries to receive death claim proceeds from Life Care. Your valid nomination will ensure that the death claim proceeds payable under the policy will be paid in the designated portions directly to the nominated beneficiary/ies.

Your nomination is subject to the following rules:

- a nominated beneficiary can be a natural person, corporation or trust
- conditional nominations cannot be made
- you may change a nominated beneficiary or revoke a previous nomination at any time prior to a claim event occurring
- if a nominated beneficiary predeceases the life insured, then that beneficiary's legal personal representative will receive any money payable on the life insured's death
- if ownership of the policy is assigned to another person or entity, then any previous nomination is automatically revoked
- a nominated beneficiary has no rights under the policy, other than to receive the nominated policy proceeds after a claim has been admitted by us. They cannot authorise or initiate any policy transaction, and
- you cannot include the life insured or child life insured as one of the nominated beneficiaries as this would make the nomination invalid.

To nominate beneficiaries under the policy, please refer to the relevant section of your application form. There is no cost to you in nominating a beneficiary/ies.

Cover inside super **IN** ◀

For details about nomination of beneficiaries for cover inside super, please refer to Payment of a death benefit on page 49 of this PDS.

Total and Permanent Disability (TPD)

This type of cover pays a lump sum if you are totally and permanently disabled (the TPD Cover benefit). The lump sum we pay on TPD is the amount for which you are insured. TPD has a special meaning which we explain below.

You can take out TPD Cover:

- on its own (stand-alone TPD) 
- in combination with Life Care (with this combination, the amount of your TPD Cover cannot be greater than your Life Care) 
- in combination with Trauma Cover (with this combination, the amount of your TPD Cover cannot be greater than your Trauma Cover) 
- in combination with both Life Care and Trauma Cover (with this combination, the amount of your TPD Cover cannot be greater than your Life Care or Trauma Cover) 

When is a TPD Cover benefit payable?

We will pay the TPD Cover benefit if you suffer total and permanent disablement. This means:

- you satisfy the Any occupation or Own occupation TPD definition depending on which definition applies to you (see page 12) – both the ‘any occupation’ and ‘own occupation’ TPD definitions are set out for your reference in Sections 1.2.1.1 and 1.2.1.2 of the RD respectively
- you suffer Loss of Limbs or Sight as defined in Section 5.5.3 of the RD, or
- you suffer Loss of Independent Existence, as defined in Section 5.5.5 of the RD.

If you perform full-time domestic duties or child rearing, a different ‘homemakers’ definition of TPD applies. See Section 1.2.1.3 of the RD.

You are also totally and permanently disabled if you suffer Partial and Permanent Disability (as defined below) but for this event we only pay part of the TPD Cover benefit. For more information, please refer to ‘When will we pay part of the TPD Cover benefit?’ below. This does not apply to Total Care Plan Super.

Note: It is important you understand these definitions and the requirements you have to meet to make a claim, so please read the RD carefully.

For important information about the terms and conditions of this cover, including information about:

- limitations and exclusions, and
 - when TPD Cover ends,
- please see Section 1.2 of the RD.

TPD Cover benefits under Total Care Plan Super can only be paid to you if you suffer from ‘permanent incapacity’ under superannuation law or satisfy another condition of release. Any benefits which cannot be released by the Trustee to you, will remain net of any taxes in the superannuation environment until you satisfy a condition of release.

For further important information about the limitations on paying TPD Cover benefits under superannuation, refer to the ‘Restrictions on access to benefits’ on page 47.

When will we pay part of the TPD Cover benefit?

We will pay part of the TPD cover benefit if you have suffered a Partial and Permanent Disability, which means you have sustained, as a direct result of injury or sickness:

- the complete and irrecoverable loss of use of one hand
- the complete and irrecoverable loss of use of one foot, or
- Partial Blindness (as defined in Section 5.3.12 of the RD).

The TPD cover will be reduced by the amount paid.

This feature is only available outside of super.

For further important information please refer to Section 1.2.2 of the RD.

Other options and benefits available under TPD Cover

Business Safe Cover Option

For information about this option, please see page 14.

Death Benefit

If you have stand-alone TPD Cover and there is no TPD Cover benefit payable when you die, we will pay a lump sum of \$10,000.

Continuation Option

If you have stand-alone TPD Cover, this option allows you to obtain Life Care under a new policy without further medical evidence. You can do this when:

- we pay a TPD Cover benefit which results in the TPD cover ceasing, or
- TPD Cover ceases to apply from the policy anniversary date preceding your 80th birthday.

For further important information about the terms and conditions of this option, including limitations, please see Section 1.2.3 of the RD.

Trauma **OUT**

To receive the payment you must meet the specific definition of the medical condition or event. We will pay the benefit (up to the amount for which you are insured) whether or not you are prevented from working.

You can take out Trauma Cover:

- on its own (stand-alone Trauma)
- in combination with Life Care, TPD Cover or both.

If you combine Trauma Cover with Life Care, your Trauma Cover cannot be greater than the amount of your Life Care.

Trauma cover is only available outside super.

The minimum Trauma Cover you can purchase is \$10,000.

When is a Trauma Cover benefit payable? **OUT**

We pay a Trauma Cover benefit once you survive 14 days past the occurrence of a specified medical condition or medical event. The medical conditions and events we cover are listed below. Each condition and event has a specific medical meaning and we will not accept a claim unless the specific meaning is met.

The specific definitions are set out in Section 5 of the RD. It is important you understand these definitions and the requirements you have to meet to make a claim, so please read the RD carefully.

- in combination with Life, or Trauma or both.

Child Cover Option **OUT**

If you have Life Care (outside of super) or Trauma Cover, you can apply for up to \$250,000 of cover for your children (Child Cover).

To do this:

- your child or children must be aged 2 to 16
- if covering more than one child, each child must be covered for the same amount.

We will pay a benefit equal to the amount for which you cover your child (the Child Cover benefit), if your child:

- dies, or
- suffers from one of the 38 Child Cover trauma conditions set out in the table in Section 1.4.1 of the RD. Each condition has a specific medical definition and we will not accept a claim unless the claim meets one of the specific definitions which are contained in Section 5 of the RD.

Note: It is important you understand these definitions and the requirements you have to meet to make a claim, so please read the definitions in the RD carefully.

For some conditions, we pay a partial benefit without ending the cover.

As Child Cover ends on the policy anniversary date before the child's 18th birthday, when the child reaches age 17 we allow them to continue their life and trauma cover under a new policy without having to provide further medical evidence (Continuation of cover).

Factors you need to choose that affect your premium

Understanding some technical expressions

Some common terms are used in this PDS in relation to Income Protection, including benefit period, disability/disabled, monthly benefit, cover expiry, income producing duty, waiting period and pre-disability income. Please see Section 2.1 of the RD for an explanation of these terms.

Income Care and Income Care Super – basic income protection cover **OUT** **IN**

Income Care and Income Care Super helps replace your lost income if you can't work because you are sick or injured. It helps you to meet your financial commitments by providing regular monthly benefit payments.

For cover outside of super, you can take out Income Care:

- on its own
- in combination with Business Overheads Cover.

You can insure for up to 75% of your regular income, and superannuation contributions of up to 15% (if you select the Super Continuance Option). Premiums are generally tax-deductible.

For Income Care Super you can take it:

- on its own
- in combination with Life Care and optional TPD Cover.

If you take Income Care Super in combination with Life Care, the Income Care Super cover cannot continue after your Life Care ends.

You can insure for up to 75% of your regular income.

Whether inside or outside of super, income protection provides two types of benefits:

- a total disability benefit that is payable when you cannot work at all
- a partial disability benefit that is payable when you can work, but only in a reduced capacity.

There are important exclusions, limitations and benefit offsets that affect the cover and benefits provided under an Income Care/Income Care Super policy. These are set out in Section 2.2.24 of the RD.

Income protection benefits under Income Care Super can only be paid to you if you suffer from 'temporary incapacity' under superannuation law and satisfy the cashing restrictions which apply to temporary incapacity benefits. This could mean that, although income protection benefits are payable under the policy, the benefits cannot be released by the Trustee to you in full or at all and will remain in super net of any taxes.

For further important information about the limitations on paying income protection benefits under superannuation, refer to 'Restrictions on access to benefits' on page 47.

Income Care and Income Care Super (continued)

When is the Total Disability Benefit payable and what is paid? **OUT** **IN**

We will pay the Total Disability Benefit if you are totally disabled for longer than the waiting period. By 'total disability', we mean that you can't do any income earning work at all. For the full definition of total disability, please see Section 2.2.1 of the RD.

Special meanings apply if you are determined by us as belonging to a specialist risk, heavy risk or aviation occupation, or you are unemployed or on leave at the time of total disability.

It is important you understand the total disability definition and the requirements you have to meet to make a claim, so please read the definition in the RD carefully.

The benefit we will pay consists of two amounts:

1. the monthly benefit, and
2. the super continuance monthly benefit (where applicable; not available to income protection inside super).

For example, if you become entitled to a Total Disability Benefit and your monthly benefit is \$3,000 and your super continuance monthly benefit is \$360, we will pay a benefit of \$3,360 per month.

While you are totally disabled, the benefits can continue until the end of the benefit period, but are not payable after your cover expiry date.

Boosted Total Disability Benefit for Serious Medical Condition

If a Total Disability Benefit becomes payable and your total disability is such that you also satisfy the definition of Serious Medical Condition (as defined in Section 5.5.7 of the RD), that part of the Total Disability Benefit we pay on account of the monthly benefit will be increased by one third to more closely reflect 100% of your monthly income. For more information on how we calculate the Boosted Total Disability Benefit please refer to Section 2.2.1 of the RD.

When is the Partial Disability Benefit payable and what is paid? **OUT** **IN**

If you are partially disabled after the waiting period has ended, we will pay a proportion of the Total Disability Benefit, based on the reduction in your income. This is called the Partial Disability Benefit.

We consider you to be partially disabled when you can only work in a reduced capacity. A special meaning applies if you become unemployed or go on leave without pay while a partial disability benefit is payable.

While you are partially disabled, benefits can continue to the end of the benefit period, but not after your cover expiry date.

For the full meaning of 'partial disability', an explanation of the calculation of the Partial Disability Benefit and further important information about the terms and conditions of the Partial Disability Benefit, including limitations, please see section 2.2.2 of the RD.

Note: It is important you understand the partial disability definition and the requirements you have to meet to make a claim, so please read the definition in the RD carefully.

Recurrent Disability Benefit **OUT** **IN**

When you suffer a recurrence of the same, or a related, sickness or injury, you may be able to avoid having to go through the waiting period again.

For further important information about how this benefit works, including limitations and other terms and conditions, please see Section 2.2.3 of the RD.

Medical Professionals Benefits **OUT**

This is a benefit for medical professionals who have to stop work because of an infectious disease. If you are a medical professional who has contracted HIV (Human Immunodeficiency Virus), Hepatitis B or Hepatitis C infection, we may pay you a benefit if you have to stop work because of that infection.

For further important information about the terms and conditions of this benefit, including eligibility rules and limitations and exclusions, please see Section 2.2.4 of the RD.

Reward Cover Benefit **OUT** **IN** ◀

The Reward Cover Benefit rewards you for maintaining your cover with us for three years or more, by providing up to \$100,000 Accidental Death Cover at no extra cost. If you also have a Total Care Plan policy at the time of your accidental death, we will double the amount paid under the Reward Cover Benefit.

For further important information about the terms and conditions of this benefit, including exclusions, please see Section 2.2.5 of the RD.

Rehabilitation Benefit **OUT** ▶

For further important information about the terms and conditions of this benefit, including limitations and exclusions, please see Section 2.2.6 of the RD.

Death Benefit **IN** ◀

If you die we will pay a \$10,000 lump sum. For further information about the payment please refer to Section 4.1.2 of the RD.

Unemployment Cover Benefit **OUT** ▶

We can help cover minimum monthly loan repayments if you become involuntarily unemployed before your cover ends.

If you are eligible for this benefit, we will pay you a monthly benefit for up to three months.

For example, if your monthly benefit amount under your Income Care or Income Care Plus policy is \$5,000 and your minimum monthly Commonwealth Bank loan repayment is \$3,000, we will pay \$3,000 per month towards your loan account if an unemployment benefit becomes payable.

For further important information about the terms and conditions of this benefit, including eligibility rules and limitations and exclusions, please see Section 2.2.7 of the RD.

Waiver of premium while on claim **OUT** **IN** ◀

You don't have to pay any premiums when you are receiving a Total or Partial Disability Benefit.

If you have an Income Care Plus policy you also don't have to pay any premiums:

- while you are receiving a Specific Injuries Benefit (or, if taken as a lump sum, for the applicable payment period had the benefit been paid monthly), or
- for the first six months after receiving a Crisis Benefit.

For further important information about the terms and conditions of this benefit, including limitations, please see Section 2.2.8 of the RD.

Cover while unemployed or on leave **OUT** **IN** ◀

While you continue to pay premiums, cover continues even if you become unemployed or go on maternity, paternity or long service leave.

For further important information about this cover, please see Section 2.2.7 of the RD.

For some specified medical conditions, you can avoid the waiting period when you claim a Total or Partial Disability Benefit. These conditions are set out in Section 2.2.11 of the RD. Some of these medical conditions are defined in Section 5 of the RD.

For further important information about the terms and conditions of this benefit, including limitations, please see Section 2.2.11 of the RD.

If this applies, then you may be able to reduce your waiting period on your cover with us without further medical evidence.

For further important information about the terms and conditions of this benefit, including limitations, please see Section 2.2.14 of the RD.

For further important information about the terms and conditions of this option, including limitations, please see Section 2.2.17 of the RD.

For further important information about the terms and conditions of this option, including limitations, please see Section 2.2.19 of the RD.

Income Care and Income Care Super (continued)

Permanent Disablement Cover Option **OUT** **IN**

The Permanent Disablement Cover Option gives you greater choice.

If you suffer a permanent disablement before the cover expiry date, you can choose to receive a lump sum benefit subject to preservation rules (where applicable) instead of the monthly benefit you would have received for your disability. This lump sum benefit is tax-free outside of super.

We allow you to claim this benefit without having to satisfy the Waiting Period which would apply to you if you were claiming monthly income protection benefits.

Permanent disablement has a special meaning which is defined in Section 2.2.20 of the RD. It is important you understand the permanent disablement definition and the requirements you have to meet to take advantage of this option, particularly if your cover is in super, so please read the definition in the RD carefully.

Permanent disablement has a special meaning which is set out in Section 2.2.20 of the RD. It is important you understand the permanent disablement definition so please read the definition in the RD carefully.

For further important information about the terms and conditions of this option, please see Section 2.2.22 of the RD.

Income Care Plus may pay the cost of rehabilitation programs, for a family member to travel with you for medical care, for professional nursing care and more.

For a description of the Income Care benefits and features please see the previous section.

If you belong to our heavy risk or specialist risk – high occupation group, as determined by us, you are not eligible to apply for Income Care Plus.

There are important exclusions, limitations and benefit offsets that affect the cover and benefits provided under an Income Care Plus policy. These are set out in Section 2.2.24 of the RD.

Note: Essential Cover is not available under Income Care Plus.

The benefits Income Care Plus offers in addition to those available under Income Care are set out below.

Section 3

What are the costs?

OUT  IN 

Premiums are the cost of your insurance cover and include any optional benefits you choose.

The premium rates are similar whether you take the cover inside or outside super, but the taxation treatment differs.

If your cover is held inside super, all contributions are paid to the insurer as premiums.

Premium rate options

When you apply for cover, you can choose from two premium rate options:

- Level Premium Rate, or
- Stepped Premium Rate.

The option you select will apply to all lives insured under the policy and, unless otherwise stated in the policy, will apply for the duration of the policy.

Level Premium Rate option

The Level Premium Rate option is only available if all lives insured are aged 54 or less.

If you select this option, we will calculate your annual premium based on your age next birthday at the time we accepted your application for cover. This means your premium is not linked to you getting older.

If your cover continues after the policy anniversary before your 65th birthday, the premiums payable for that cover will be calculated as if the Stepped Premium Rate option applied.

For further important information about the terms and conditions of this option, please see Section 3.1 of the RD.

Stepped Premium Rate option

If you select the Stepped Premium Rate option, the cost of cover increases as you get older. This is because we calculate your annual premium when you first take out cover and then recalculate it every year using your new age.

For further important information about the terms and conditions of this option, please see Section 3.1 of the RD.

How your premium is calculated

The premium covers the cost of the insurance and is based on a number of factors as set out in the table in Section 3.2 of the RD.

Sample premiums

To give you an idea of cost, some premium examples are provided in Section 3.3 of the RD. It is important for you to understand that a quote will need to be tailored to your particular circumstances and that the cost of insurance will vary significantly depending on the factors set out in the table in Section 3.2 of the RD. The easiest way to access our premium rates is to contact us or speak to an adviser who can give you an individually tailored quote.

Minimum premiums

The minimum premiums for each policy (including the policy fee, which we describe on page 40) are as follows:

Frequency	Minimum premium (including policy fee)	
	Total Care Plan and Total Care Plan Super	Income Care and Income Care Plus
Annual	\$250	\$300
Half-yearly	\$130	\$160
Quarterly	\$70	\$85
Monthly	\$25	\$30

What are the costs? (continued)

Stamp duty

Your premium may also include stamp duty. The overall premium charged will reflect the duty we believe is payable, according to stamp duty laws and practices.

Premium payment options and frequency charges

You can pay premiums monthly, quarterly, half-yearly or annually. If you decide to pay by direct debit, your financial institution may charge you for setting up and making direct debit payments. Your financial institution can provide more information.

If you choose to pay your premiums more frequently than annually, we charge you a frequency charge to cover the cost of administration.

Here is a summary of the various payment options and the applicable frequency charges. This information is current as at the date this PDS was prepared.

Premium payment frequency	Cheque	Direct debit	Credit card	Frequency charge
Monthly		✓	✓	8% of annual premium excluding policy fee
Quarterly		✓	✓	8% of annual premium excluding policy fee
Half-yearly	✓	✓	✓	4% of annual premium excluding policy fee
Annually	✓	✓	✓	Nil

Non-payment of premiums

We may cancel the policy if premiums are not paid within 30 days of the premium due date.

Policy fee

A policy fee is charged which covers some of the administration costs of setting up and maintaining the policy. The policy fee is set out below and is current as at the date this PDS was prepared.

Premium payment frequency	Policy fee (per premium payment)
Monthly	\$6.30
Quarterly	\$18.00
Half-yearly	\$33.00
Annually	\$61.00

Policy fee waiver

If you also apply for stand-alone Income Protection cover when you apply for life, TPD or trauma cover, and we issue both policies to you, then we will waive the policy fee on the life, TPD or trauma cover for as long as the Income Protection cover continues.

If we don't issue the stand-alone Income Protection cover at the same time as we issue the life, TPD or trauma cover (even if both were applied for at the same time), we will waive the life, TPD or trauma policy fee from that policy's first anniversary date for as long as the stand-alone Income Protection cover continues.

Changes to calculation of premium and related charges

While we guarantee that we will not change the premium rates in the first year of the policy, we may need to change the rates in later years. We reserve the right to do so for all policies in a group, regardless of which premium rate option you select.

We reserve the right to increase the frequency charge and policy fee at our discretion.

We may also need to increase fees and charges to reflect new or changed government levies or taxes. For instance, individual states and territories do vary their rates of stamp duty from time to time, and we may pass on any change to you.

If we need to change fees and charges, we will notify you in writing at least six weeks before we make the change.

Commission

We are currently permitted to pay commissions and other benefits to our advisers. This may change in the future if prohibited by law. These amounts are factored into the cost of the insurance, and are not additional amounts you have to pay.

No surrender value

Although the Cash Back Option may apply under the Income Care Range, the products described in this PDS do not acquire a surrender or cash-in value at any point.

What we do with your premiums

The premiums for insurance outside of super (Total Care Plan, Income Care and Income Care Plus) will be placed in CMLA's No. 5 Statutory Fund and insurance benefits will be paid from that fund.

Premiums (also known as contributions) for insurance inside of super (Total Care Plan Super) will be placed in CMLA's No. 1 Statutory Fund and insurance benefits will be paid from that fund.

Section 4

Important information

OUT  IN 

Taxation

For general information on the taxation implications of insurance cover both inside and outside of super, please see Section 4 of the RD. It is important you understand these taxation implications and read Section 4 of the RD carefully.

Cooling-off period

From the date we send you the Policy Document and Policy Schedule, you have 28 days to check that it meets your needs. This is known as the 'cooling-off period'. Within this period, you can cancel the cover and we will refund any premiums paid.

Insurance inside of super will be subject to superannuation laws and the deduction of applicable tax.

If you want to cancel your cover, please put your request in writing and send it to us with your Policy Schedule and Policy Document. Our mailing address is shown on the inside front cover of this PDS.

Premiums that we can't refund to you (due to superannuation law) will be transferred to a superannuation fund of your choice or to SuperTrace Eligible Rollover Fund if you don't nominate a fund within 28 days.

Risks

There are a number of risks you should be aware of, including:

- the insurance cover you select may not provide the appropriate cover for your needs
- if we do not receive the premiums within 30 days after the due date, we may cancel or terminate the policy by writing to you and may not assess any claim for an event which arises after the termination
- we may vary or may not pay the benefit if you have not complied with your duty of disclosure
- if you apply for cover electronically via our online application facility and we do not receive, in the form we require, a signed Confirmation of Electronic Application and Personal Statement within 30 days of cover starting, cover automatically ends and you will not be covered for an event that occurs after the end of your cover
- you will need to satisfy a condition of release under superannuation law to access any benefits under Total Care Plan Super.

Your duty of disclosure

Before you enter into or become insured under a contract of life insurance with an insurer you have a duty, under the *Insurance Contracts Act 1984*, to disclose to the insurer every matter that you know, or could reasonably be expected to know, is relevant to the insurer's decision whether to accept the risk of the insurance and, if so, on what terms.

You have the same duty to disclose those matters to the insurer before you extend, vary or reinstate your insurance.

Your duty, however, does not require disclosure of a matter:

- that diminishes the risk to be undertaken by the insurer
- that is of common knowledge
- that your insurer knows or, in the ordinary course of its business ought to know, or
- as to which compliance with your duty is waived by the insurer.

Non-disclosure

If you fail to comply with your duty of disclosure and the insurer would not have covered you on any terms if the failure had not occurred, the insurer may avoid the cover within three years of issuing it. If your non-disclosure is fraudulent, the insurer may avoid the cover at any time.

An insurer who is entitled to avoid cover may, within three years of issuing it, elect not to avoid it, but to reduce the sum that you have been insured for in accordance with a formula that takes into account the premium that would have been payable if you had disclosed all relevant matters to the insurer.

Worldwide cover

Once your policy is issued, subject to any specific exclusions, it will cover you 24 hours a day, wherever you are in the world.

Guaranteed renewable

If you pay your premiums and comply with the policy conditions, the policy is guaranteed renewable up until the policy expiry date (for an electronic application via our online application facility, the policy conditions include the requirement to provide us with a signed Confirmation of Electronic Application and Personal Statement within 30 days of the date the policy started). This means that we will not cancel the policy or increase the premium because of the number of claims you make or any change to your state of health, occupation or pastimes.

Upgrade provision

If we introduce future versions of these policies, we will upgrade all policies in a group to include the improved terms and conditions within a reasonable time frame, but only if no policy in that group will be disadvantaged. You do not have to take advantage of any upgrade in your benefits.

Improved terms and conditions may not apply to any pre-existing conditions when the improvement took place.

How do you make a claim?

You should notify us of any claims within three months of the event occurring.

If you need to make a claim, you can either contact your adviser, or call our Claims Assist Line on **1800 221 516**. We will direct your call to a case manager who will be responsible for managing your claim.

After the initial discussion, we will send you a Claims Kit. Depending on the type of claim, this kit may contain:

- details of the claims management process
- answers to commonly asked questions
- forms that are relevant to your situation, and
- our requirements for assessing the claim.

Once the case manager has received and assessed all the relevant information we will decide whether to accept or decline the claim, and advise you promptly of our decision.

Our claims philosophy is simple, we pay all genuine and valid claims as soon as possible after we have received and assessed all the necessary documentation.

External dispute resolution

Superannuation Complaints Tribunal (SCT)

The SCT is a Commonwealth body that deals with complaints about superannuation. If you are not satisfied with our handling of your complaint or our decision, you may have the right to lodge a complaint with the Superannuation Complaints Tribunal.

Before the SCT has jurisdiction to deal with the matter, it must be satisfied that the complaint was referred to an appropriate person under our internal enquiries and complaints arrangements. The SCT cannot deal with your complaint until you have made reasonable efforts to have the complaint resolved by the Fund. If, after you have made a complaint to the Fund, you are not satisfied with the response, or do not receive a response, within 90 days, you can then lodge a complaint with the SCT.

The SCT cannot deal with certain matters for example, decisions that relate to the management of the Fund as a whole, such as investment performance, the level of fees and charges or employer decisions. If the SCT accepts the complaint, it will attempt to resolve the matter through conciliation. If a complaint cannot be resolved by conciliation and has not been withdrawn by the Tribunal, it proceeds to Review. This means the Tribunal will consider submissions and make a decision to determine the outcome of the complaint. To contact the SCT, you can telephone 1300 884 114 between 9 am and 5 pm (Sydney time), Monday to Friday from anywhere in Australia. Alternatively, visit their website at www.sct.gov.au

Section 5

Additional information about insurance inside super

IN 

This section contains additional information about how your insurance works if it is in the superannuation environment.

About Colonial Super Retirement Fund – Protection Category of membership

The Colonial Super Retirement Fund (the Fund) is a public offer superannuation fund and is designed for employed people who wish to save for their retirement.

The Protection Category is a category of membership within the Fund and is designed for persons who are self-employed, employed or eligible spouses, who wish to obtain life and disability insurance cover.

The Protection Category provides insurance benefits only and has no savings component. When you join the Fund in the Protection Category of membership, the Trustee purchases a Total Care Plan Super Policy (the Policy) on your behalf from the Insurer.

Paying your Total Care Plan Super premiums

Personal or employer contributions

If your Total Care Plan Super premiums are being paid with employer or personal contributions, you must be eligible to contribute to superannuation. Your Total Care Plan Super contributions (premiums) are used by the Trustee to pay insurance premiums for you. Generally, the Trustee can only accept contributions to the Fund in the following circumstances:

If you are:	The Trustee may accept:
Under 65 years	<ul style="list-style-type: none"> compulsory employer contributions (i.e. superannuation guarantee, award) and other employer or personal contributions.
65 years to under 70 years	<ul style="list-style-type: none"> compulsory employer contributions (i.e. superannuation guarantee, award) and other employer or personal contributions if you are gainfully employed for at least 40 hours in a period of not more than 30 consecutive days in the financial year in which the contributions were made.
70 years to under 75 years	<ul style="list-style-type: none"> compulsory employer contributions (i.e. award) and other employer or personal contributions made by you if you are gainfully employed for at least 40 hours in a period of not more than 30 consecutive days in the financial year in which the contributions were made.
75 years and over	<ul style="list-style-type: none"> compulsory employer contributions (i.e. award).

Transfers from a complying super fund

Transfers or rollovers from selected complying super funds can be used to pay your Total Care Plan Super premiums. You will be required to complete an authorisation form which allows CommInsure to act on your behalf to transfer money annually from the super fund. Transfers or rollovers cannot be used to pay for premiums other than annually and we will only accept rollovers that are from a taxed source.

CommInsure will only be authorised to request an amount from your super fund which is equal to the annual premium due. The authorisation form will be a standing order and will apply to the first and all subsequent transfers, until such time as you withdraw it in writing and nominate another method of payment or cancel your cover.

For more information about which selected super funds we will accept transfers from to pay premiums, contact our Customer Service Consultants on **13 10 56** between 8 am and 8 pm (Sydney time), Monday to Friday.

Renewal Reward

A renewal reward applies if you pay your Total Care Plan Super annual premium with money rolled over or transferred from a complying super fund (as outlined in this Section). The 15% renewal reward is calculated based on the annual premium paid in the previous year with a rollover or transfer (and any renewal reward applied in that previous year). The renewal reward is applied to the premium due at the next premium due date. This reduces the amount you need to pay.

For example, if the total annual premium of \$1,000 for the first policy year was paid using money from a rollover or transfer and the total annual premium for the second policy year is \$1,500, then a 15% or \$150 reward (i.e. 15% x \$1,000) will apply. This \$150 renewal reward will be applied to your next annual premium due of \$1,500 so as to reduce it to \$1,350.

If, however, only \$600 of the first policy year's annual premium was paid using money from a rollover or transfer, then the renewal reward available would be \$600 x 15% = \$90.

If the balance of the premium for the next year is not paid as an annual amount on the premium due date, the renewal reward will not apply. The reward has no cash value and will not be carried forward.

The renewal reward may be withdrawn or changed at any time.

Restrictions on access to benefits

If a benefit is payable under Total Care Plan Super, we will pay it to the Trustee (the policy owner). The benefit will remain preserved in the Fund until the Trustee can pay the benefit in accordance with the Fund Trust Deed and superannuation law.

Interest will accrue on insurance benefits from the date we admit liability under the policy to the date the Trustee pays or transfers the benefit from the Fund. The rate of interest will be that provided for under the Insurance Contracts Act.

Payment of a Terminal Illness benefit

For a Terminal Illness benefit to be released, you must have a terminal medical condition which means two medical practitioners (either jointly or separately) certify that you are suffering from an illness, or have incurred an injury, that is likely to result in your death within 12 months after the date of certification. At least one of the registered medical practitioners must be a specialist practising in an area related to the illness or injury suffered by you. The terminal medical condition certificate is valid for 12 months from the certification date.

Additional information about insurance inside super (continued)

Payment of a TPD Cover benefit

For a TPD Cover benefit to be released, you must be 'permanently incapacitated' which means the Trustee is reasonably satisfied that due to ill-health (whether physical or mental) you are unlikely to engage in gainful employment for which you are reasonably qualified by education, training or experience. Any TPD Cover benefits which cannot be released by the Trustee will remain in the superannuation environment until you satisfy a condition of release.

Payment of Income Protection benefits

For Income Protection benefits to be released, you must be 'temporarily incapacitated' which means you are not permanently incapacitated (as defined above) but due to ill-health (whether physical or mental) you have ceased to be gainfully employed. Additionally, income protection benefits can only be paid to you if they are for the purpose of continuing all or part of the gain or reward you were receiving before your incapacity. Also, benefits can only be paid while you are incapable of engaging in the kind of employment you engaged in immediately before your incapacity.

If, for example, the income you were receiving before your disability is less than the monthly benefit payable by Commlnsure under the policy, the Trustee will only be able to pay you the part of the monthly benefit which does not exceed your pre-disability income. Any income protection benefits which cannot be released to you will remain in the superannuation environment until you satisfy another condition of release.

What happens when benefits are restricted under super?

If the Trustee determines that a benefit paid under Total Care Plan Super cannot be released from the Fund or determines that you can access the benefit but you choose not to, you can transfer the benefit to another complying superannuation arrangement of your choice.

If you don't choose one of these options within 45 days of the Trustee's determination, the Trustee will transfer the benefit to SuperTrace Eligible Rollover Fund ABN 73 703 878 235 (SuperTrace). Please refer to page 52 for information on SuperTrace.

Other conditions of release

If you cannot access your Total Care Plan Super benefits because you do not suffer from a terminal medical condition or are not permanently or temporarily incapacitated, as explained above, you will not normally be able to receive your benefits until you either reach age 65 or reach your preservation age and have permanently retired.

This table shows preservation ages as determined by your date of birth:

Date of birth	Preservation age
Before 1 July 1960	55
1 July 1960 to 30 June 1961	56
1 July 1961 to 30 June 1962	57
1 July 1962 to 30 June 1963	58
1 July 1963 to 30 June 1964	59
1 July 1964 or after	60

You can withdraw preserved money in other limited circumstances, including:

- if you have reached age 60 and an arrangement under which you were gainfully employed has come to an end
- if you die
- if the Trustee believes you satisfy the severe financial hardship criteria after meeting a number of regulatory requirements
- if the Department of Human Services approves payment on specified compassionate grounds, or
- other circumstances which are approved by the Australian Prudential Regulation Authority (APRA).

You can transfer preserved amounts to another complying superannuation arrangement which will continue to preserve these amounts.

Conditions of release for temporary residents

If you are or were a temporary resident, you can withdraw preserved benefits if:

- you were a temporary resident who has left Australia, your visa has expired and you are not a New Zealand citizen
- you die
- you have become permanently incapacitated
- you suffer from a terminal medical condition.

Payment of a death benefit

If you die while you are a member of the Fund and a Life Care benefit is payable on your death, the Trustee may pay the benefit as a lump sum or as a pension.

If you made a valid binding nomination, any death benefit will be paid as a lump sum or pension to the person/s you nominate (see right column).

If you:

- made a non-binding nomination
- made a binding nomination that is invalid at the date of your death (see right column), or
- did not make a nomination at all:

The Trustee will pay any death benefit as a lump sum or pension, to your dependant/s (as defined in the Trust Deed) and/or as a lump sum to your legal personal representative (the executor or administrator of your estate), as determined by the Trustee. This is called the 'Default Option'.

Under the Fund Trust Deed, a dependant includes:

- a spouse, including a person (whether of the same or a different sex) with whom you are living on a genuine domestic basis in a relationship as a couple and a person with whom you are in a relationship registered under State or Territory law
- a child of any age (including an adopted child, step child or an ex-nuptial child, a child of your spouse and your child within the meaning of the Family Law Act 1975)
- a person with whom you have an interdependency relationship
- a person financially dependent on you.

Under superannuation law, an 'interdependency relationship' will exist where two people (whether or not related by family) meet all of the following conditions:

- they have a close personal relationship
- they live together
- one or each of them provides the other with financial support, and
- one or each of them provides the other with domestic support and personal care.

There may also be an interdependency relationship where two people have a close personal relationship and either or both of them suffer from a physical, intellectual or psychiatric disability. In this circumstance, there is no requirement for cohabitation or for provision of financial or domestic support.

Non-binding nomination

If you make a non-binding nomination, the Trustee will consider your nomination but is not bound to pay the death benefit in accordance with it. Under a non-binding nomination, the Trustee has an overriding discretion to pay the death benefit in the way it decides, which could be to your dependant/s (as defined in the Trust Deed) or legal personal representative or a combination of both.

If you want to make a non-binding nomination, you need to either:

- complete and forward to the Trustee the 'Non-binding nomination' section of the application form which accompanies this PDS or
- if you are applying for insurance electronically via our online application facility, complete, sign and forward to the Trustee the Nomination of Beneficiary form we provide to you for this purpose.

You can nominate the dependant/s whom you would like to receive any death benefit paid or you can choose your legal personal representative or a combination of your dependant/s and your legal personal representative. Any nomination you make this way is not binding on the Trustee.

It is essential that the people you nominate as beneficiary/ies are dependant/s in terms of the Fund Trust Deed and that you keep any nomination up-to-date if your personal circumstances change. You can change your nomination at any time. The Trustee will rely on the information you provide for the identity, age and existence of your dependant/s.

If you have a non-binding nomination in place and you subsequently make a valid binding nomination, your binding nomination will automatically supersede your non-binding nomination.

Important – electronic applications

If you are applying for insurance electronically through our online application facility, your nomination will not be established or be valid until:

- the Trustee receives a completed and signed Nomination of Beneficiary form at its principal office of administration, and
- you receive formal confirmation that the Trustees have accepted the nomination.

Merely completing the details via our online application facility does not constitute a valid nomination.

Binding nomination

If you make a valid binding nomination, the Trustee is required to pay your death benefit to the people you nominate. This means that a binding nomination gives you greater certainty than a non-binding nomination about who will receive your benefit when you die.

Additional information about insurance inside super (continued)

A binding nomination involves certain formalities and, to ensure you make a valid nomination, you must comply with the following requirements:

- your nomination must be in writing
- a person you nominate must be either your dependant (as defined in the Fund Trust Deed) or your legal personal representative
- you must clearly specify the full name, address, date of birth and relationship of the person or people you nominate
- you must clearly specify the percentage of the total death benefit which is to be paid to each person you nominate and the percentages you specify must total 100%
- you must sign and date your nomination in the presence of two witnesses aged 18 and over who are not people you nominate to receive the death benefit
- your nomination must contain a declaration signed and dated by the witnesses stating that they were in your presence when you signed your nomination
- your nomination must be less than three years old at the time of your death, and
- your nomination must be given to the Trustee.

If you wish to make a binding nomination, you need to either:

- complete and forward to the Trustee the 'Binding nomination' section of the Application form which accompanies this PDS or
- if you are applying for cover inside super electronically via our online application facility, complete, sign, have witnessed and forward to the Trustee the Nomination of Beneficiary form we provide to you for this purpose.

To ensure your binding nomination remains valid, it must be renewed or updated at least once every three years. To assist you in doing this, the Trustee will send you a form every year with your annual statement and just prior to the expiry of your most recent nomination. Alternatively you can obtain a form at any time by calling one of our Customer Service Consultants (details are on the inside back cover of this PDS) or speaking to your adviser. It is important to keep your binding nomination up-to-date as your personal circumstances change.

You can cancel your binding nomination at any time. If you want to do this, you should call one of our Customer Service Consultants or speak to your adviser. If you wish to make a non-binding nomination in place of your binding nomination, you must first cancel your binding nomination. If you don't do this, your new non-binding nomination will be ineffective. If, on the other hand, you have a non-binding nomination in place and you subsequently make a valid binding nomination, your binding nomination will automatically supersede your non-binding nomination.

If your binding nomination is invalid for any reason when you die, the Trustee will pay the death benefit in accordance with the Default Option (see page 49). Examples of situations where your nomination will be invalid include:

- failure to comply with the relevant requirements for making the nomination
- the binding nomination has expired and has not been renewed
- any of the persons nominated predecease you or are no longer a dependant.

Important – electronic applications

If you are applying for insurance electronically through our online application facility, your nomination will not be established or be valid until:

- the Trustee receives at its principal office of administration, a Nomination of Beneficiary form completed and signed in the presence of two witnesses, and
- you receive formal confirmation that the Trustee has accepted the nomination.

Merely completing the details via our online application facility does not constitute a valid nomination.

Nominate the form of your death benefit payment

If you make a binding or non-binding death benefit nomination, you can also nominate to the Trustee the form in which you would like your death benefit paid to your dependant/s – that is, as a lump sum or pension or both.

If you make such a nomination, the Trustee will consider it but is not bound by it. The Trustee has overriding discretion to pay the death benefit in the form it decides, which could be as a lump sum or pension or both. If the Trustee pays the death benefit to your legal personal representative, it will be paid as a lump sum.

You can change or cancel your nomination at any time.

If your death benefit is paid as a pension, it will be paid from Colonial Select Allocated Pension, a category of membership in the Colonial Super Retirement Fund and the fees and charges applicable to that pension product will apply. Details of the pension will be provided when the pension starts, but you can obtain a copy of the Colonial Select Allocated Pension PDS by calling one of our Customer Service Consultants on **1800 552 660**.

If more than one person is to receive pension payments, the Trustee will provide a separate pension for each person.

If you nominate your child as a recipient of your death benefit, by law we can only pay a benefit to your child as a pension if they:

- are under age 18
- are under age 25 and financially dependent on you, or
- have a certain type of disability.

If your child's circumstances change and they no longer meet the above requirements, the Trustee will be required to pay your benefit to them as a lump sum.

If pension payments are to be made to a minor child, you need to indicate how the payments are to be made. The payments can be paid either to a bank account in the name of the minor child or to a bank account held in trust for the minor child.

You must also indicate the name of the person who will hold the account in trust for the minor child. If the Trustee can't pay the pension to a minor child in the normal way for any reason, it will make the payments to a trustee (which may include the Public Trustee) in trust for the minor child.

Continuation Option

If you have Life, Income Protection and TPD inside of super you can choose to replace it with cover outside of super by using the Continuation Option.

When replacing the cover, you won't need to give us medical evidence if you satisfy the following requirements:

- you replace your cover inside super while it is still in force
- for cover issued pursuant to an electronic application through our online application facility, you give us a Confirmation of Electronic Application and Personal Statement in the form required by us
- your age is 74 years or less for Life and 59 years or less for TPD and income protection.

If you want to take up this continuation option please contact your adviser or one of our Customer Service Consultants (details are on the inside back cover of this PDS).

What information will we send you?

When the Trustee accepts your Application we will send you a copy of the Policy Document held by the Trustee on your behalf. You should read this carefully.

If there are any changes to your cover inside super that are materially adverse to you, the Trustee will notify you of the change in writing.

While your cover is in force, you will be kept regularly informed about your cover.

As at 30 June each year we will send you:

- an Annual Statement which shows full details of the insurance cover under the Policy and any changes to contributions (premiums) and the policy fee
- with your Annual Statement, a form allowing you to renew or update your binding death benefit nominations. See 'Payment of a death benefit' on page 49.

An Annual report to members will be made available to you which provides information on the management of the Fund.

Providing your Tax File Number (TFN)

Member contributions

While it is not an offence to withhold your TFN from the Trustee, superannuation legislation prevents the Trustee from accepting member contributions unless it has your TFN. Member contributions include all personal contributions you make and contributions made by any person on your behalf other than your employer.

If the Trustee does not hold your TFN, any member contribution received for your benefit will be held for 30 days to give you an opportunity to provide the Trustee with your TFN. If the Trustee doesn't receive your TFN within 30 days, the contribution will be refunded to the payer.

Employer contributions

While it is not an offence to withhold your TFN from the Trustee, if an employer makes a contribution and the Trustee does not have your TFN, the Trustee will be unable to arrange insurance cover for you. This is because if the Trustee does not have your TFN, provision will have to be made from that contribution to cover the additional tax payable on the employer contribution and the balance of the contribution will not be enough to pay the premium for insurance cover.

Therefore, if the Trustee does not hold your TFN, any employer contribution received for your benefit will be held for 30 days to give you or your employer an opportunity to provide the Trustee with your TFN. If your TFN is not provided within 30 days, the contribution will be refunded to your employer.

The Trustee

The Trustee is the holder of a Registrable Superannuation Entity (RSE) Licence under the Superannuation Industry (Supervision) Act 1993 (SIS). Your membership of the Fund is governed by SIS.

The Trustee, as a member of the Commonwealth Bank Group, is covered under the Group's 'Directors and Officers' indemnity and 'Professional' indemnity insurance policies. These policies maintain adequate cover to protect the interests of members.

The Trustee is responsible for holding the Fund's assets and looking after your rights. The Trustee must act according to the rules of the Fund as set out in the Trust Deed, general law and in compliance with SIS.

The rules governing the Fund are contained in the Trust Deed, which sets out the rights and obligations of the Trustee and members. A copy of the Trust Deed and the Risk Management Strategy & Plan for the Fund is available on written request to one of our Customer Service Consultants (see inside front cover of the PDS).

The Trust Deed may be changed at any time. However, any changes that may adversely affect you can generally only be made if:

- it is permitted by SIS, or
- all affected members agree to the change.

If a change is made to the Trust Deed that affects you, we will advise you.

Selected Eligible Rollover Fund

The Trustee has selected SuperTrace Eligible Rollover Fund (SuperTrace) as the fund to which member benefits will be transferred in certain circumstances. Member benefits may be transferred if:

- the Trustee loses contact with you, or
- where required, you do not elect to transfer your benefits to another superannuation fund, or
- there is a premium refund in circumstances where cover, that you applied for electronically via our online application facility, ended because you did not give us the Confirmation of Electronic Application and Personal Statement within the required 30 day period

SuperTrace is part of the Commonwealth Bank Group's range of products and is administered by us. The trustee of SuperTrace is Colonial Mutual Superannuation Pty Ltd.

If you are transferred to SuperTrace, you cease to be a member of the Fund and become a member of SuperTrace and will be subject to SuperTrace's governing rules. Please refer to the 'Continuation Option' section on page 51 for information about the continuation of your insurance cover.

You should note

- SuperTrace will apply a different fee structure. In SuperTrace, a management cost will apply. In addition, a benefit payment fee is deducted for each withdrawal, subject to member protection provisions. You should refer to the PDS for SuperTrace for more details.
- SuperTrace has a low risk investment approach. You will need to consider whether this is appropriate to your circumstances at the time of transfer to SuperTrace.
- SuperTrace does not offer insured benefits if you die or are disabled.

Family law

Family law legislation allows the superannuation of married and de facto (including same sex) couples that have divorced or separated to be divided (however, provisions of this legislation do not extend to Western Australia in respect of terminating de-facto or same sex relationships).

The legislation allows the following key Family Law process to occur in relation to your super:

Information request

This is a written request for information about your super and is used to determine the value of the superannuation asset. This request may be made by you, your spouse (including a de facto spouse) or a person intending to enter a superannuation agreement with you (such as a pre-nuptial agreement). The response to an information request will only be issued to the requestor. If a request is received from your spouse or intending spouse, the legislation states that you must not be informed of the request.

Payment flag

A payment flag may be placed on your superannuation through an agreement by you and your spouse or through a court order. The presence of this flag requires the Trustee to prevent certain types of withdrawals being made from your superannuation.

Splitting instructions

Splitting instructions specify how your superannuation is to be divided. This may be expressed as a dollar amount or as a percentage. These splitting instructions may be made in the form of a superannuation agreement between you and your spouse or by court order. In both cases, valid instructions will be binding on the Trustee.

The Trustee will be able to take action to separate your spouse's entitlement from your superannuation entitlement following receipt of valid splitting instructions.

The Trustee will ask your spouse to tell it where to send their entitlement.

If the spouse does not provide instructions within a specified time frame, their entitlement will be transferred to SuperTrace.

The provisions of the family law legislation allow for the charging of reasonable fees for the administration of family law transactions. We have decided not to charge fees at this time, however you will be notified if a decision is made to introduce fees for transactions in the future.

For full details about the effect of family law on your superannuation, please contact your financial adviser or simply call **1300 730 324** between 9 am and 5 pm (Sydney time), Monday to Friday.

Anti-Money Laundering and Counter-Terrorism Financing laws

These laws establish a regulatory regime to combat money laundering and the financing of terrorism. They impose significant new obligations upon the Trustee of the Fund who is required to comply with these laws, including the need to establish your identity (and if relevant, the identity of a beneficiary and other persons associated with your membership).

Additionally, from time to time, the Trustee may require additional information to assist with this process. You will be notified if the Trustee needs to establish your identity or if we require further information.

The Trustee may be required to report information about you to the relevant authorities and may not be able to tell you when this occurs. The Trustee may not be able to transact with you or other persons. This may include delaying, blocking, freezing, or refusing to process a transaction. This may impact on your benefit and could result in a loss of that benefit.

Section 6

How to apply

OUT  IN 

You can apply for cover by:

- completing and forwarding to us the current Commlnsure Protection application form which accompanies this PDS, or
- completing and submitting an application electronically via our online application facility (available through your financial adviser).

If you are completing the forms accompanying the PDS, please use the checklist on the front of the application to make sure that you fill in all the information we need to process your application as soon as possible.

If you are completing an electronic application via our online facility, your adviser will explain what information is required to process your application.

Premium quote

Your adviser will give you a premium quote based on the cover you have selected.

Additional information

Depending on what type of cover you are applying for, and how much cover you want, you may need to provide us with some financial information or we may require you to undergo medical tests. Your adviser will be able to explain any additional requirements to you.

What happens next?

When you apply for insurance, you will undergo a certain amount of screening (known as 'underwriting'). What this involves depends on a number of factors, including how much cover you apply for. We then review your income details, health, occupation, pastimes and other factors to determine whether you are applying for an appropriate amount of cover, and whether we think you have a higher than average chance of making a claim. We use this information, along with the choices you make concerning your insurance, to determine the premium.

Try always to provide more information than less where you can. We want to get a good picture of your situation, so any extra detail you can give us is useful. In some cases, we will require more information to help make an accurate assessment; while in other cases we may have to exclude some dangerous pastimes or health problems in order to offer cover for all other situations. Brief answers will generally result in more information being requested and a delay in processing the application.

If the application is accepted we will send you a:

- Policy Document which sets out the terms and conditions of your cover
- Policy Schedule, which is an individual summary of how much cover you have, and what selections you have made.

The insurance cover will commence from the date you are advised that the application for cover has been accepted.

The 28-day cooling-off period begins from the date the Policy Document and Schedule is sent to you (see 'Cooling-off Period' in this PDS).

When you receive your policy document please ensure that you read and understand the policy terms and conditions.

Important – electronic applications

If you apply electronically via our online application facility, you must provide a Confirmation of Electronic Application and Personal Statement to us within 30 days of your cover commencing. Failure to do this will result in your cover ending. The Confirmation must be provided in the form we require.

If you have taken your insurance inside of super, and your cover ends, any refund of premiums will be subject to superannuation law and the deduction of applicable tax. Premium refunds will be transferred to SuperTrace.

- Diplegia.

These medical conditions have the meanings set out in the Total Care Plan policy you applied for, but the medical condition must be the result of an accident.

In the event the child life to be insured dies, the death must occur within 90 days of the accident for a benefit to be payable under this cover.

If we pay a benefit for death, we will not pay a benefit for any of the medical conditions and if we pay a benefit for one of the medical conditions, we will not pay the benefit for death or any other medical condition.

The amount of the benefit payable is the lesser of:

- \$100,000, and
- the amount of the Child Cover you applied for.

4 Income Protection

If you applied for Income Care Super within Total Care Plan Super, we will, on a monthly basis, pay you a monthly accident benefit if you, as the life to be insured, suffers total disability as a result of an accident.

We will start paying the monthly accident benefit if total disability as a result of the same accident continues after the waiting period selected in your application, and the benefit will only be paid for the period of total disability or six months, whichever is the lesser. The monthly accident benefit is payable for only one period of total disability and is not payable for any subsequent period.

The monthly accident benefit in this case is the lesser of the following amounts:

- \$5,000
- the total of the monthly benefit you applied for in your application
- the total of the monthly benefit which would normally be offered by us based on underwriting rules.
