New SuperLink arrangement of Life Cover through super linked to TPD Cover held outside super

We have introduced a new SuperLink arrangement. If you select this feature then you will hold Life Cover through super and TPD Cover held outside super.

We will issue each policy separately. This means that each year, two renewal notices and two Policy Schedules will be issued.

Because the policies are linked, a benefit payment under one Cover reduces the amount insured of every other linked Cover.

Both policies will be required to have the same life insured.

Delete all wording under 'We offer flexibility to structure your Cover' on page 8 and replace it with the following:

We offer flexibility to structure your Cover

You can structure your Cover in several ways. It is important to understand the options available.

- Individual or multiple Cover under the same policy – you can choose to have any Core or Specialist Cover under one stand-alone policy or have two or more Covers under the same policy. For example, you can have a policy with Life Cover only or a policy with both Life Cover and Business Expense Cover.
- Attaching Covers under the same policy – if you have multiple Covers under the one policy, you can attach those Covers.

For example, you might want to attach your Life, TPD and Trauma Covers. If your Covers are attached, a benefit paid under one Cover will reduce the amount insured under the other Covers.

- Linking Covers under different policies – you can link TPD Cover under a policy outside **super** with TPD Cover through **super**. This is a SuperLink TPD arrangement. Please see page 32 for details.

You can also link Trauma Cover under a policy held outside **super** with Life Cover and/or TPD Cover held through **super**, or link Trauma Cover and TPD Cover under a policy held outside **super** with Life Cover held through **super**. Please see page 45 for details, this is called SuperLink Trauma.

You can also link Income Secure Cover under a policy held outside **super** with Income Secure Cover held through **super**. This can be through an Income Secure SuperLinking arrangement (see page 81) or an Income Secure Basic SuperLink arrangement (see page 82).

Delete all wording under 'You can link Life Cover through super with Trauma Cover' on page 22 and replace it with the following:

You can link Life Cover through super with TPD Cover and/or Trauma Cover held outside super

You can link Life Cover held through **super** with Trauma Cover under a separate policy outside **super**. This is called a SuperLink Trauma arrangement. Please see page 45 for more details.

Under a SuperLink arrangement you can also link Life Cover held through **super** with TPD Cover under a separate policy held outside **super**. Please see page 33 for more details.

Delete all wording under 'Serious Disability Premium Waiver' on page 25 and replace it with the following:

Serious Disability Premium Waiver

We will waive the premiums for Life Cover if the life insured:

- suffers an **illness** or **injury** that results in their permanent inability to perform at least two of the **activities of daily living** without physical help from another adult; and
- suffered the relevant **illness** or **injury** before the policy anniversary when they are age 65.

We will waive two years' premiums, or less if the Life Cover ends earlier.

Where the Life Cover is reduced by the payment of a benefit under a SuperLink arrangement and you also met the above definition, the premium waiver will apply to the premium on the reduced Life Cover.

Indexation increases will continue to apply to the Life Cover for which we waive premiums.

However, we will not waive premiums under this feature for Life Cover provided under the Life Cover Buy Back feature or the Life Cover Purchase Option. Please see page 58 and 59 for details of Life Cover Buy Back and page 62 for details of Life Cover Purchase Option.

Delete all wording under 'Choosing the right Cover' on page 26 and replace it with the following:

Choosing the right Cover

This section explains the benefits, features and options of the TPD Cover we offer.

You can tailor your TPD Cover by choosing:

- the structure of your Cover, that is whether to:
 - hold TPD Cover within or outside **super**
 - attach TPD Cover to Life or Trauma Cover, or both in the same policy
 - link TPD Cover under a **super** policy to TPD Cover under a policy outside **super** through a SuperLink TPD arrangement
 - link TPD Cover under a **super** policy with Trauma Cover outside **super** through SuperLink Trauma
 - link TPD Cover outside **super** with Life Cover under a **super** policy through a SuperLink arrangement
- the TPD definition to apply
- the amount of your TPD Cover
- how your benefit will be paid
- any extra cost options you need.

Your premium will depend on your choices.

It's important to choose Cover and options that are right for you – considering your debts and assets, your requirements for quality care and your lifestyle goals.

Insert the following paragraph after 'You can link TPD Cover under a policy held through super with a policy outside of super' section on page 27:

You can link TPD Cover under a policy outside super with Life Cover through super

You can link TPD Cover under a policy outside **super** to Life Cover under a policy held through **super** under a SuperLink arrangement. Please see page 33.

Delete all wording under 'The Policy Schedule will show the Cover you have' on page 27 and replace it with the following:

The Policy Schedule will show the Cover you have

The Policy Schedule will show if TPD Cover applies to a life insured and if so:

- the TPD Cover structure, that is whether you have:
 - stand-alone TPD Cover
 - TPD Cover attached to Life Cover
 - TPD Cover attached to Trauma Cover
 - SuperLink TPD
 - SuperLink Trauma
 - SuperLink arrangement of Life through **super** linked to TPD Cover held outside **super**
- the TPD Cover amount insured
- the TPD Cover benefit payment type, and if the instalment benefit payment type applies, the instalment term
- the TPD definitions which apply before the policy anniversary when the life insured is age 65
- any extra cost options selected.

Delete the table under 'At age 65 your TPD definition may change' on page 29 and replace it with the following table:

Policy structure	TPD definition that applies to the life insured on and from the policy anniversary when age 65
Your policy is not part of a Superlink arrangement	The TPD definition will automatically convert to the Non-working TPD definition if Cover is held outside super or the Super Non-working TPD definition if Cover is held through super .
Your policy is part of a SuperLink TPD arrangement	The SuperLink arrangement will end on the policy anniversary when the life insured is age 65. TPD Cover under the linked policy held through super continues, but the SuperLink SIS Any Occupation TPD definition will automatically convert to the Super Non-working TPD definition. TPD Cover under the linked policy held outside super will end.
Your policy is part of a SuperLink Trauma arrangement	The TPD definition applicable to any portion of the TPD Cover amount insured that is greater than the SuperLink Trauma Cover amount insured will automatically convert to the Super Non-working TPD definition. Any TPD Cover amount insured equal to the SuperLink Trauma Cover amount insured will end.
Your policy is part of a SuperLink arrangement with Life Cover through super linked to TPD Cover held outside super	The TPD definition will automatically convert to the Non-working TPD definition.

Delete all wording under 'If you are a white collar worker you can apply for your TPD definition to continue' on page 29 and replace it with the following:

If we classify the life insured's occupation as white collar, you can apply for the TPD definition to continue

If we classify the life insured's occupation as white collar, you can ask us to continue to apply their Any Occupation, Super Any Occupation or Own Occupation TPD definition.

If we classify the life insured's occupation as white collar, and you have a SuperLink TPD arrangement, you can ask us to continue the Super Any Occupation TPD definition but all TPD Cover under the **linked policy** held outside **super** will cease.

We must receive the written application within 30 days of the policy anniversary when the life insured is age 65. The application must confirm the life insured's then current occupation.

If we accept the application, we will confirm it in writing. The relevant Any Occupation, Own Occupation or Super Any Occupation TPD definition will apply:

- until the policy anniversary when the life insured is age 70
- to the life insured's TPD Cover amount insured up to \$1 million, or if an instalment benefit applies, an **equivalent instalment amount**.

The Non-working TPD definition and the Super Non-working TPD definition, as applicable, will apply to TPD Cover amounts insured greater than \$1 million from the policy anniversary when the life insured is age 65.

Delete all wording under 'Partial TPD reduces the amount insured' on page 31 and replace it with the following:

Partial TPD reduces the amount insured

Your TPD Cover amount insured will decrease by the amount of any **Partial TPD Benefit** we pay.

The amount insured of any linked or attached Cover will also decrease by the amount of any **Partial TPD Benefit** we pay (and if this is part of a SuperLink arrangement, the amount insured under that **linked policy**).

Insert the following paragraphs after 'Cessation of Cover under one linked policy will end Cover under the other linked policy' section on page 33:

SuperLink arrangement of Life Cover through super linked to TPD Cover held outside super

You can 'link' a life insured's TPD Cover under a policy held outside **super** with Life Cover under a separate policy held through **super**.

We will issue each policy separately. This means that each year, two renewal notices and two Policy Schedules will be issued.

However, because the policies are linked, a benefit payment under TPD Cover under the policy held outside **super** reduces the Life Cover amount insured on the policy held through **super**.

A SuperLink arrangement of Life Cover through **super** linked to TPD Cover held outside **super** splits the Covers over two policies which allows the Life Cover premium to be funded through the **super** fund.

Certain features of both policies must be the same

Under a SuperLink arrangement of Life Cover through **super** linked to TPD Cover held outside **super**, the life insured must be the same under both policies.

However, each policy can have different:

- methods of payment
- payment frequency
- amounts insured, however TPD Cover amount insured cannot exceed the Life Cover amount insured
- increases in Cover, including indexation
- premium type, i.e. stepped or level
- extra cost options.

When a SuperLink arrangement of Life Cover through super linked to TPD Cover held outside super ends

A SuperLink arrangement of Life Cover through **super** linked to TPD Cover held outside **super** ends on the earlier of the date:

- of any circumstance set out under 'When TPD Cover ends' on page 38
- the **linked policy** is cancelled or avoided
- we receive written notification from the policy owner, or the life insured under OneCare Super, to cancel both or either of the Covers under the SuperLink arrangement.

Unless we agree otherwise, the TPD definition will automatically convert to the Non-working TPD definition on the policy anniversary when the life insured is age 65. However, if we classify the life insured's occupation as white collar, you can ask us to continue to apply their Any Occupation or Own Occupation TPD definition. Please see page 29 for more details.

Delete all wording under 'You can link Trauma Cover with Life or TPD Cover held through super' on page 40 and replace it with the following:

You can link Trauma Cover with Life and/or TPD Cover held through super or TPD Cover held outside super

You can link Trauma Cover that sits outside **super** to Life Cover and/or TPD Cover under a policy held through **super**. This is called a SuperLink Trauma arrangement. Please see page 45 for more details.

You can also link Trauma Cover with TPD Cover that sits outside **super** to Life Cover under a policy held through **super**. This is a SuperLink arrangement with Life Cover through **super** linked to TPD Cover held outside **super**. Please see page 33 for more details.

New discount for platforms

We have introduced a premium discount for policies that are issued to a trustee of an eligible platform from which premiums are funded.

Delete all wording under 'Combine insurance for discounts' on page 12 and replace it with the following:

Premium discounts

We reward you with premium discounts when you combine your insurance or fund your premiums from an eligible platform. We have four key discounts:

- size discount – based on your amount of Cover in dollar terms
- multiple Cover discounts – if you take out a combination of Cover types for each life insured
- multiple life discount – if you link your policy with an eligible family member, business partner or combination of family members and business partners. This is known as an 'extended business group'
- platform discount – if you take out a policy issued to the trustee of an eligible platform with an eligible payment method.

Correction to the eligibility conditions for Total Disability and Partial Disability Benefits

We have corrected the eligibility conditions for Total Disability and Partial Disability Benefits to rectify the omission from the table of Income Secure Standard.

Delete the table under 'Table: Eligibility conditions for Total Disability and Partial Disability Benefit' on page 75 and replace it with the following:

Extended expiry age of Life Cover and TPD Cover through super

We have extended the maximum expiry date for Life Cover through super to the policy anniversary when the life insured is age 130.

We have also extended the maximum expiry date for TPD Cover through super to the policy anniversary when the life insured is age 100.

Delete all wording under 'When Life Cover ends' on page 25 and replace it with the following:

When Life Cover ends

Life Cover for a life insured will end and our liability to pay any benefit under Life Cover will cease automatically on the earliest of the:

- policy anniversary when the life insured is age 130

- date the life insured is unable to roll over or transfer existing superannuation amounts from other OnePath superannuation products or external superannuation products, to their OneCare Super

Delete all wording under 'You can continue your Cover outside super' on page 25 and replace it with the following:

Except for the word 'Cover', defined terms have been bolded in this **PDS**.

A broad range of insurance Cover

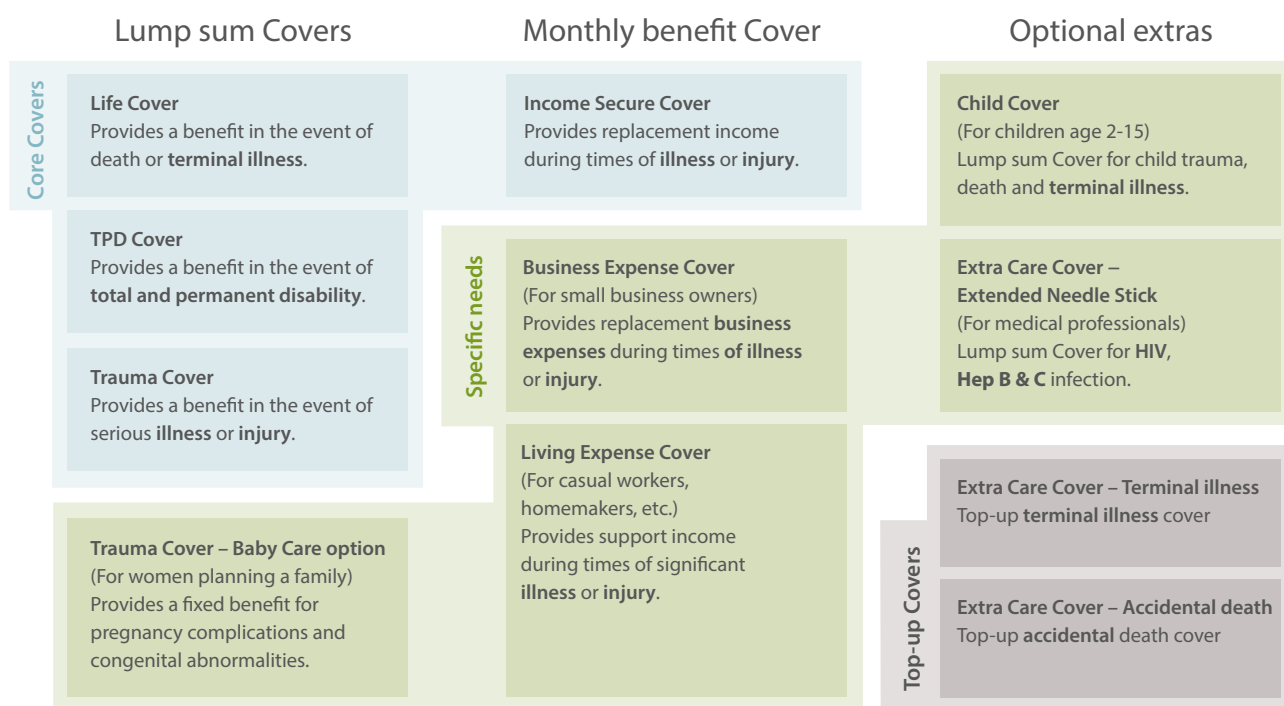

OneCare is an insurance product. It provides comprehensive and flexible financial protection by offering a broad range of Cover types with a good range of options. This allows you to tailor your policy to your needs and those of your family.

OneCare even allows you to combine your personal, family, and business insurance, which could reduce premiums.

We offer eight Cover types

OneCare offers the following types of Cover:

- **Core Covers** – we offer four main types of insurance Cover that are generally suitable for most people.
- **Specialist Covers** – we offer these specialist Covers suitable for certain types of people, such as Business Expense Cover for business owners and Living Expense Cover for people who don't qualify for Income Secure Cover.
- **Optional Extra Covers** – You can 'top-up' your Core or Specialist Cover with 'optional extra' Covers.

We offer flexibility to structure your Cover

You can structure your Cover in several ways. It is important to understand the options available.

- Individual or multiple Cover under the same policy – you can choose to have any Core or Specialist Cover under one stand-alone policy or have two or more Covers under the same policy. For example, you can have a policy with Life Cover only or a policy with both Life Cover and Business Expense Cover.
- Attaching Covers under the same policy – if you have multiple Covers under the one policy, you can attach those Covers. For example, you might want to attach your Life, TPD and Trauma Covers. If your Covers are attached, a benefit paid under one Cover will reduce the amount insured of the other Cover.
- Linking Covers under different policies – you can link TPD Cover under a policy outside **super** with TPD Cover through **super**. This is a SuperLink TPD arrangement. Please see page 32 for details.

You can also link Trauma Cover under a policy held outside **super** with Life and/or TPD Cover held through **super**. Please see page 45 for details, this is called SuperLink Trauma.

You can also link Income Secure Cover under a policy held outside **super** with Income Secure Cover held through **super**. This can be through an Income Secure SuperLinking arrangement (see page 81) or an Income Secure Basic SuperLink arrangement (see page 82).

Applying for OneCare Cover – here’s how

You can change your mind during the ‘cooling-off’ period

The policy owner can cancel a OneCare policy, or any individual Cover under the policy within 28 days from the date we issue the Policy Schedule. This is known as the ‘cooling-off’ period.

To cancel the policy or a Cover during this cooling-off period, the policy owner must give us written notice and return the Policy Schedule. We will cancel the policy, or Cover, as requested, and will refund any money paid for the policy or Cover. However, we will not refund the amounts of any taxation or government charges we cannot recover.

The policy owner cannot exercise the right to cancel the policy, or a Cover, after benefits have been claimed under the policy.

If your Cover is held through **super**, and you wish to cancel this policy, or a Cover, during the cooling-off period, you must request the trustee of your **super** fund to do so, as specified above. We will pay any refund amount to the trustee.

The trustee will only be able to release the refund to you if the **super** fund’s trust deed and **super** law allow.

Cooling off under OneCare Super

For OneCare Super, if you choose to cancel your Cover, **OnePath Custodians** may not be able to return money you have paid directly to you under law. **OnePath Custodians** will transfer this money, less any eligible adjustments, to an eligible superannuation fund you choose. If you do not choose a fund, **OnePath Custodians** will rollover any refund of premium into an Eligible Rollover Fund (**ERF**) it nominates. The current nominated **ERF** is:

Australian Eligible Rollover Fund
 Locked Bay 5429
 Parramatta NSW 2124

This PDS is a policy contract

The terms of this **PDS** and the Policy Schedule comprise the policy contract between the policy owner and us, except for any term expressly stated in this **PDS** to not form part of the policy.

However, there is no legal contract of insurance between us and the policy owner unless all the following occur:

- we accept the application for insurance and issue a Policy Schedule
- if the Cover is held through **super**, the trustee has accepted you as a member of their **super** fund and your membership has not ceased
- if your Cover is held through OneCare Super, your membership of the **MasterFund** has not ceased
- the policy owner has paid all premiums when due and continues to pay all premiums when due.

Under OneCare Super, **OnePath Life** contracts with **OnePath Custodians** to provide benefits for the member of the MasterFund whose life is insured under the policy.

For policies issued to the trustee of an external master trust, self-managed super fund or small APRA fund, **OnePath Life** contracts with the trustee of the MasterFund to provide benefits for the member of the MasterFund whose life is insured under the policy.

This **PDS**, with the Policy Schedule, contain the full terms and conditions of your Cover. You should read them carefully.

We agree to pay the benefits for the Covers shown for each life insured on the Policy Schedule, in the circumstances specified in this **PDS** and the Policy Schedule. All benefit payments are subject to any limitation, reduction, exclusion and special condition set out in this **PDS** and the Policy Schedule.

Who can own your Cover?

A OneCare policy can be owned through **super** or outside **super** as follows:

1 OneCare	2 OneCare Super	3 OneCare External Master Trust	4 OneCare SMSF
<p>The policy owner can be:</p> <ul style="list-style-type: none"> • the life insured • the life insured's partner or other individual • a company, trustee, or other legal entity, excluding the trustee of a super fund. <p>The policy can have more than one policy owner. If so, the owners will be joint tenants unless the Policy Schedule states otherwise.</p>	<p>The policy owner is OnePath Custodians, as trustee of the MasterFund.</p>	<p>The policy owner is the trustee of a super master trust of which you are a member.</p>	<p>The policy owner is the trustee of your self-managed superannuation fund or small APRA fund.</p>
<p>We refer to this type of Cover as 'OneCare'.</p>	<p>We refer to this type of Cover as 'OneCare Super'.</p> <p>We also refer to this type of Cover as 'Cover held through super'. We do this when we refer generally to Cover held through a super fund.</p>	<p>We refer to this type of Cover as 'Cover held through super'.</p>	<p>We refer to this type of Cover as 'Cover held through super'.</p>

Whether your policy is held inside or outside super will affect your options

Whether the policy is held within **super** or outside **super** will affect:

1. how you can pay premiums
2. the tax treatment of your premiums and benefits
3. the features, benefits and options available under the policy.

Your **financial adviser** can help you choose the policy structure, or combination of policy structures, that best suits your needs.

We pay benefits to the policy owner

Unless we state otherwise in this **PDS** for a particular benefit, we pay benefits under this policy to the policy owner.

If you hold Cover through **super**, we will pay a benefit under this policy to the trustee of your **super** fund. Whether the trustee can release the benefit to you will depend on the MasterFund's trust deed and **super** law.

Please ask your trustee or **financial adviser** for information on whether and when any benefit can be released to you.

Superannuation law affects available Cover and benefit payments

Super law may limit the type and amount of insurance Cover that can be held inside **super**. If we pay a **super** fund trustee a benefit for you under this policy, **super** law can also limit the circumstances under which the trustee can pay that benefit to you.

In taking out an insurance policy, the trustee of a **super** fund must consider its duties and obligations under **super** law and the MasterFund's trust deed.

Trustee's approval required

If you have Cover through **super**, we may allow you to change the Cover or policy or exercise options. However, these actions may require the **super** trustee's approval as it is the policy owner.

Symbols show if benefits available

Throughout this **PDS**, the following symbols will show where a benefit, feature or option is available to Cover held within **super** and outside of **super** (Non-Super):

OnePath Life rewards you

Your policy includes the benefits and features described below.

Interim Cover while we assess your application

Interim Cover provides some insurance Cover while we assess your application. If you are using our tele-interview service, Interim Cover starts once the interview is complete. It is free when you apply for a new policy or an addition to an existing policy.

For further information, including when Interim Cover commences, please see page 137.

Guaranteed continuing Cover despite health changes

As long as premiums are paid, your policy will continue each year despite changes in the life insured's health, occupation or pastimes.

There are other circumstances that can end your Cover, or the policy. These are explained in the Cover sections of the **PDS** and page 136.

Increase Cover without medicals

We allow you to increase your Cover each year to keep up with inflation, or when certain major events happen to the life insured, without any additional medical checks.

Some Cover types also have built-in features that can help financially if the life insured becomes pregnant, **unemployed** or experiences financial hardship.

Worldwide Cover

OneCare provides worldwide insurance Cover 24 hours a day.

Combine insurance for discounts

We reward you with premium discounts when you combine your insurance. We have three key discounts:

- size discount – based on your amount of Cover in dollar terms
- multiple Cover discount – if you take out a combination of Cover types for each life insured
- multiple life discount – if you link your policy with an eligible family member, business partner or combination of family members and business partners. This is known as an 'extended business group'.

Guaranteed benefit upgrade

We will automatically add to your policy any future improvements we make to OneCare, provided the improvements do not result in a premium increase.

Any improvements will apply to future claims only and not to past or current claims. The improvements will not apply to claims arising from conditions which first occur, are first diagnosed, or which first become **reasonably apparent**, before the improvements came into effect.

Any exclusions noted on your Policy Schedule continue to apply.

Your policy will not be worse off because of the guaranteed upgrade. If you are inadvertently disadvantaged in any way, the previous benefit wording will apply.

**We also offer the following features:
These do not form part of your policy and
may be withdrawn.**

Rehabilitation and Retraining Expenses

Does not apply to Basic SuperLink or Income Secure SuperLink (Non Super)

If we are paying **Total** or **Partial Disability Benefits** for a life insured, we will also reimburse expenses related to rehabilitation and/or retraining for the life insured.

We will reimburse up to 12 times the life insured's **monthly amount insured payable**, in total, over the life of their Income Secure Cover.

We pay this benefit as well as the **Total Disability Benefit** and **Partial Disability Benefit** payable.

We must agree in writing before the life insured starts the rehabilitation or retraining program. We do not reimburse expenses which the:

- law does not allow us to reimburse
- *National Health Act 1953* or the *Private Health Insurance Act 2007* regulate
- life insured or the policy owner are entitled to have reimbursed from another source.

If you have Basic Cover we pay this benefit directly to the service provider.

We do not pay this benefit during the waiting period.

Free access to grief counselling

On a death or **terminal illness** claim, we may offer you and your **immediate family members** free access to counselling through our Grief Care Program.

Talking in confidence to a counsellor can make the grieving process a little easier. The counsellor will help you explore your feelings and develop methods to cope with them.

Terminal illness claim

On a **terminal illness** claim, we may offer the life insured and an **immediate family member** up to six hours of counselling with a qualified and experienced counsellor. We cap the total grief counselling to a maximum of \$1,200.

Extended Terminal Medical Condition claim

On an extended terminal medical condition benefit claim, we may offer the life insured and an **immediate family member** up to six hours of counselling with a qualified and experienced counsellor.

We cap the total grief counselling to a maximum of \$1,200.

Death claim

On a death claim, we may offer an **immediate family member** up to six hours of counselling with a qualified and experienced counsellor, capped to a maximum of \$1,200.

Use of the service can start anytime within 13 months of the date we are notified of the death or the date we pay the **terminal illness** or extended terminal medical condition claim.

The counselling provider must be approved by us prior to undertaking any counselling. If approved, we will reimburse the payments directly to you upon evidence the counselling has occurred.

Once contact has been made with the counselling provider the service must be used within 12 months.

We will not pay a benefit in some circumstances

Despite anything else in this **PDS**, we will not pay a benefit in the circumstances outlined below. It is important that you are aware of all these circumstances so you can decide whether OneCare is right for you.

You must pay the premium to keep Cover in force

If the premium and any applicable fees, taxes and charges have not been paid in full for each life insured, we do not have to pay any benefits for any lives insured. We may also cancel the policy for all lives insured.

Policy Schedule

We will not pay any benefit for anything we have specifically excluded from a Cover, as set out in the Policy Schedule.

How we treat elective surgery

As detailed in this section of the PDS, we do not pay a benefit under many Covers if the claim is caused, or arises from, the life insured's intentional act or omission.

However, we do not consider elective surgery that a life insured undergoes to be an intentional act or omission of the life insured if a **medical practitioner** advises that the surgery is medically necessary for either the life insured or for another person (for example live donation of a bodily organ medically necessary for another person).

Life Cover

We will not pay any benefit under Life Cover if, as a result of the life insured's intentional act or omission, the life insured dies during the first 13 months from any of the following:

- the **Cover start date** for Life Cover
- the date we increase the Cover at the policy owner's request, or the life insured's request under OneCare Super. This does not include indexation increases. This exclusion applies only to the increased part of the amount insured
- the date we agree to reinstate previously cancelled Cover
- the date Life Cover was bought back under Life Cover Buy Back or purchased under the Life Cover Purchase Option. The exclusion applies only to the amount of Life Cover bought back or purchased.

This exclusion does not apply to any part of the Life Cover amount insured which replaces similar insurance under another policy issued by us or another insurer, as long as all the following apply:

- the insurance under the policy to be replaced was in force for at least 13 consecutive months immediately before the Life **Cover start date**
- the policy to be replaced is cancelled immediately after the Life **Cover start date**
- all similar exclusions under the policy to be replaced have expired. This includes exclusions which were applied to that policy after it started due to, for example, reinstatements or increases
- no claim is payable or pending under the policy to be replaced.

Where the Life Cover amount insured under this policy exceeds that of the policy to be replaced, this exclusion still applies to the excess.

We will not pay the Extended Terminal Medical Condition benefit if the **illness** or **injury** giving rise to a claim is caused or arises, directly or indirectly, from the life insured's intentional act or omission.

TPD Cover

We will not pay any benefit under TPD Cover for TPD or **specific loss** which arises as a result of the life insured's intentional act or omission.

We will not pay any benefit under the Limited Death benefit if, as a result of the life insured's intentional act or omission, the life insured dies during the first 13 months from the **Cover start date** for TPD Cover.

Under the Business TPD definition, we will not pay any benefit for **TPD** arising directly, indirectly, wholly or partly, as a result of:

- stress, anxiety, depression, fatigue (including chronic fatigue syndrome, fibromyalgia), physical symptoms of a psychiatric illness or condition, psychosis,
- personality disorders or emotional or behavioural disorders related to substance abuse or dependency (including alcohol, drug or chemical abuse or dependency).

Trauma Cover

1. We will not pay any benefit under Trauma Cover for a trauma condition which arises as a result of the life insured's intentional act or omission.

 - anything happening to the life insured in war. However, this exclusion does not apply to the Death Benefit
 - the life insured's intentional act or omission

2. We will not pay any benefit under the Extended Needle Stick Benefit for **Hepatitis B or C (occupationally acquired)** if any Australian Government approved medical treatment is developed for **Hepatitis B or C** (as applicable), which renders **Hepatitis B or C** (as applicable) inactive and non-infectious.

- date we agree to reinstate the Cover after it has been cancelled.

Replacement insurance

We may issue this policy, or a Cover, on the condition that it replaces existing insurance issued by another insurer. If we do so, but the insurance being replaced is not cancelled, we will reduce the amount of any benefit we pay under this policy by any benefit payable under the insurance being replaced.

Anti-Money Laundering and Sanctions Regulations

You agree that we may delay, block or refuse to process any transaction without incurring any liability if we suspect that either:

- (a) the transaction may breach any laws or regulations in Australia or any other country;
- (b) the transaction involves any person (natural, corporate or governmental) that is itself sanctioned or is connected, directly or indirectly, to any person that is sanctioned under economic and trade sanctions imposed by the United States, the European Union or any country
- (c) the transaction may directly or indirectly involve the proceeds of, or be applied for the purposes of, conduct which is unlawful in Australia or any other country.

We may delay or withhold paying a benefit if that payment may breach any law or regulation, including any sanctions regulations.

Claim requirements

We will not pay any benefit under any Cover unless you meet our claim requirements.

If you claim under Income Secure, Business Expense or Living Expense Cover and do not provide us with the information we require while we pay benefits, we may reduce or cease paying benefits.

Different ways we can pay benefits

Lump sum Covers provide for a lump sum benefit to be paid on a successful claim.

However, the receipt of a lump sum benefit may not suit your needs or personal circumstances. Therefore, you can choose to receive your benefit in monthly instalments if you hold your Cover outside **super**.

Lump sum paid as an instalment

Under the instalment benefit payment type, we do not pay your benefit as a single lump sum.

Instead, we pay the instalment amount insured for the instalment term you choose.

We pay the instalment benefit amount monthly. You can choose whether the instalment benefit amount will be payable for a fixed term of 3, 5, 10 or 15 years.

Example – how instalment benefit amount works:

	Life Cover fixed term without Value Protector	Life Cover fixed term with Value Protector
Fixed term	5 years	5 years
Monthly Instalment at the start of the benefit	\$3,000	\$3,000
Monthly Instalment at the start of the 2nd year of the benefit	\$3,000	\$3,090
Monthly Instalment at the start of the 3rd year of the benefit	\$3,000	\$3,182.70
Monthly Instalment at the start of the 4th year of the benefit	\$3,000	\$3,278.18
Monthly Instalment at the start of the 5th year of the benefit	\$3,000	\$3,376.53
Total benefit paid	\$180,000*	\$191,128.92*

* In both of the above examples, the total benefit paid amount represents the lump sum equivalent of the total of all monthly instalment payments over a five year period. It is the equivalent of obtaining a \$180,000 or \$191,129 lump sum policy and simply being paid in monthly instalments.

The instalment amount will not increase while we pay a benefit unless you select the Value Protector Option. Please see page 63.

We may agree to change the benefit payment type upon request. However, you cannot change the benefit payment type at claim time or once you are entitled to claim.

The instalment benefit payment type is not available for:

- Extra Care Cover, Child Cover and the Business Guarantee Option
- Life Cover and TPD Cover purchased through **super**
- Life Cover, TPD and Trauma Cover that is part of a SuperLink arrangement
- Trauma Premier Cover.

Under Trauma Cover we will only pay in the form of a lump sum for **angioplasty** and **heart surgery (minor)**. We will adjust your monthly instalment amount to allow for this lump sum payment.

How to claim

We understand that when you need to claim it can be a very difficult and emotional time. We aim to make the claims process as straight forward as possible.

If an event occurs which could lead to a claim, contact your **financial adviser** or call our Claims Helpline on 1300 555 250 as soon as possible.

If we are not notified of a claim event within a reasonable time, we may reduce or refuse to pay a benefit to the extent our assessment of the claim is prejudiced.

Within 24 hours of receiving your call we will send you a claim form and a covering letter detailing our specific requirements. We will also send a brochure to guide you through the claims process and answer commonly asked questions.

Claiming under a super policy

If you hold your insurance Cover through **super**, the trustee of your fund will manage your claim. You should notify the trustee as soon as possible after any event that could lead to a claim. The trustee will provide you with information about claim requirements and collate the information we need to assess your claim.

Information we require

When claiming a benefit under this **PDS**, you must provide us with all the information and details that we reasonably require to assess your claim.

This generally includes:

- information we require to verify the event that caused the claim
- proof of the policy owner's entitlement
- proof of the life insured's age, by provision of a birth certificate
- undergoing any medical examinations we require. This is at our expense unless the costs can be recovered from another source.

If the life insured's age has been understated, we will reduce any benefits we pay to reflect the premium that should have been paid for the life insured's correct age.

If the life insured's age has been overstated, we will refund any overpaid premium.

You must also provide all information relating to your claim that we reasonably require to manage our money-laundering, terrorism-financing or economic and trade sanctions regulations.

For a claim under Income Secure Cover, Business Expense Cover or Living Expense Cover, you must also:

- tell us in writing immediately if the life insured is **disabled** for more than seven days
- lodge completed claim forms with us within 30 days of the life insured's **illness or injury**
- provide any medical reports from people who have treated the life insured for the **illness or injury**
- ensure the life insured seeks regular medical advice and treatment from a **medical practitioner** for as long as the life insured is **on claim**
- while we pay benefits, provide proof on request of the life insured's **disability** and the policy owner's entitlement to receive benefits.

If we do not receive any of the above information or details, we may reduce or cease paying benefits.

You must also provide all information relating to your claim that we reasonably require to manage our money-laundering, terrorism-financing or economic and trade sanctions regulatory requirements.

Claim payments

We pay all benefits and amounts payable under your policy in Australian currency in Australia.

If we pay your benefit to the trustee of your **super** fund, the trustee cannot pay the benefit to you unless you satisfy a condition of release under superannuation law. Please see page 125.

We may delay or withhold paying a benefit where this would breach Australian law or regulation, including sanctions regulations.

If we are required to pay any tax, duty or government charge or levy in respect of any payment to you or a nominated beneficiary under this policy, we may reduce the amount paid to you or the nominated beneficiary by the amount of the tax, duty or government charge or levy.

Our Life Cover is designed to provide a benefit on death or **terminal illness**.

Key benefits – Death and Terminal Illness Benefit

This section explains the key benefits under Life Cover.

Death Benefit

When we pay

We pay the Death Benefit if the life insured dies while their Life Cover is in force.

The amount we pay

The amount of the Death Benefit we pay is your Life Cover amount insured on the date of death.

We pay the Death Benefit by the applicable benefit payment type. Please see the following page for further detail.

Terminal Illness Benefit

When we pay

We pay the Terminal Illness Benefit if the life insured is diagnosed with a **terminal illness** while their Life Cover is in force.

The amount we pay

The amount of the Terminal Illness Benefit we pay is your Life Cover amount insured on the date the entitlement to the Terminal Illness Benefit arises.

We pay the Terminal Illness Benefit by the applicable benefit payment type. Please see below for more details.

The amount insured and benefit payment type

If the lump sum benefit type applies, the Life Cover amount insured is the amount for which we agreed to cover the life insured, reduced by certain payments. Please see below for more details. On a successful claim, we pay this amount as a single lump sum payment.

If an instalment benefit type applies, the Life Cover amount insured is the instalment amount for which we agreed to cover the life insured, reduced by certain payments. Please see below for more details. On a successful claim, we pay this amount monthly in arrears from the date the entitlement to the relevant benefit arises until the chosen instalment term ends. The instalment term is set out in the Policy Schedule.

Your amount insured can decrease

The Life Cover amount insured decreases by any amount we pay or begin to pay for:

- the Advance Assistance Benefit under this policy
- TPD Cover and/or Trauma Cover attached to Life Cover under this policy
- TPD Cover and/or Trauma Cover under another **linked policy** under a SuperLink arrangement.

Additional benefits (Built-in benefits)

This section explains the additional benefits automatically included with Life Cover held in a policy outside **super**.

These additional benefits do not apply if your Life Cover is under a policy held through **super**.

Advance Assistance Benefit

We pay the Advance Assistance Benefit if the life insured dies with a Life Cover lump sum amount insured greater than \$25,000.

The amount we pay is \$25,000 as an advance payment of the Life Cover amount insured.

If an instalment benefit payment type applies, you can ask us to pay an advance lump sum of three times the instalment amount.

Before we pay this benefit we must receive the life insured's full Australian death certificate or other evidence satisfactory to us showing the cause of death. We will not pay this benefit if the life insured died as a result of anything we exclude from Life Cover. Please see page 16.

You may be entitled to both this benefit and an equivalent benefit in respect of the life insured under other policies we issued. If so, despite the above, the total maximum we pay for all those benefits under all those policies is \$25,000.

In paying this benefit, we do not admit any liability under the Life Cover claim on the life insured's life. We will continue to assess the claim and reserve the right to recover any amount of this benefit already paid if we subsequently reject the claim.

Orphan Benefit

The Orphan Benefit is only available to this Cover from the third anniversary of the **Cover start date**.

We pay the Orphan Benefit if the life insured and their **spouse** suffer an **accidental death** because of the same accident.

The amount we pay is \$10,000 for each **dependant child** that survives the life insured, up to \$30,000 for any one family.

Financial Advice Benefit

If we pay the Life Cover amount insured for death or terminal illness, we will also reimburse up to \$2,000 of the adviser service fee for a financial plan for the person who received the Life Cover amount insured.

We pay the Financial Advice Benefit if all the following apply:

- we have paid or begun to pay, the Life Cover amount insured in respect of the life insured. We do not pay if we have only paid the Advance Assistance Benefit
- the financial plan was prepared by an Australian Financial Services Licensee or the Authorised Representative of such a licensee
- the person to whom we paid the Life Cover amount insured is the recipient of the advice
- the person to whom we paid the Life Cover amount insured paid the adviser service fee
- we receive acceptable evidence of the financial plan within 12 months of the date we paid, or began to pay, the Life Cover amount insured
- we have not already paid the Financial Advice Benefit under TPD Cover or Trauma Cover for the life insured
- we have not already paid a similar benefit under any other policy we issued in respect of the life insured.

We will not reimburse any commission paid to the **financial adviser** when the financial plan is implemented, nor any portion of the adviser service fee that is a commission.

If we paid the Life Cover amount insured to more than one person, we will divide the amount of this benefit between them in the same proportions as we paid the Life Cover amount insured.

Accommodation Benefit

We pay the Accommodation Benefit if all the following apply:

- we have paid, or are paying, a Terminal Illness Benefit for the life insured
- a **medical practitioner** certifies that the life insured must remain confined to bed due to the **terminal illness** for which we paid the Terminal Illness Benefit
- either:
 - the life insured is more than 100 kilometres from their **home** and an **immediate family member** must travel from their **home** to be with the life insured
 - an **immediate family member** must travel more than 100 kilometres from their **home** to be with the life insured.

Under this benefit we reimburse the accommodation costs of the **immediate family member** up to \$500 per day. We pay for each day the life insured is confined to bed and the **immediate family member** is away from their **home**, up to 30 days.

You must claim this benefit within six weeks of the Terminal Illness Benefit being paid. We must receive evidence acceptable to us of the life insured's confinement to bed and payment of the accommodation costs.

Standard features

Life Cover includes these standard features:

- Extended Terminal Medical Condition (only available under Life Cover held through super)
- Serious Disability Premium Waiver
- Future Insurability
- Indexation
- Premium Freeze.

The Extended Terminal Medical Condition and Serious Disability Premium Waiver features are explained below.

The other standard features are explained on page 53.

Extended Terminal Medical Condition

We pay the Extended Terminal Medical Condition benefit if the life insured suffers an Extended terminal medical condition.

Extended terminal medical condition means two registered **medical practitioners** approved by us have certified, jointly or separately, by providing supporting medical evidence, that the life insured suffers from an **illness**, or has incurred an **injury**, that:

- is likely to result in the life insured's death within 24 months of the date of certification, and
- the **illness** or **injury** has progressed to a point where the standard medical treatment protocols for that condition are not expected to extend the life insured's life expectancy beyond 24 months from the date of certification.

For each of the certificates, the certification period for the terminal medical condition has not ended and at least one of the **medical practitioners** must be a specialist practising in an area related to the life insured's **illness** or **injury**.

The amount we pay

The amount of the Extended Terminal Medical Condition Benefit we pay is your Life Cover amount insured on the date the entitlement to the Extended Terminal Medical Condition Benefit arises.

We pay the Extended Terminal Medical Condition Benefit by the applicable benefit payment type.

Serious Disability Premium Waiver

We will waive the premiums for Life Cover for a life insured if they both:

- suffer an **illness or injury** that results in their permanent inability to perform at least two of the **activities of daily living** without physical help from another adult
- suffered the relevant **illness or injury** before the policy anniversary when they are age 65.

We will waive two year's premiums, or less if the Life Cover ends earlier.

Indexation increases will continue to apply to the Life Cover for which we waive premiums.

However, we will not waive premiums under this feature for Life Cover provided under the Life Cover Buy Back feature or the Life Cover Purchase Option. Please see page 58 and 59 for details of Life Cover Buy Back and page 62 for details of Life Cover Purchase.

Extra cost options

Life Cover offers the following extra cost options:

- Business Guarantee Option
- Premium Waiver Disability Option
- Value Protector Option.

Not all options are available if you hold Cover within **super**.

Please see page 59 for a detailed explanation of the options and when they are available.

When Life Cover ends

Life Cover for a life insured will end and our liability to pay any benefit under Life Cover will cease automatically on the earliest of the:

- policy anniversary when the life insured is age 75 – if the policy is held through **super**
- policy anniversary when the life insured is age 130 – if the policy is held outside of **super**
- Cover expiry date shown on the Policy Schedule, if applicable
- date we pay or begin to pay the full Life Cover lump sum that reduces the Life Cover amount insured under this policy to zero

- date we pay or begin to pay the Life Cover instalment amount insured that reduces the Life Cover amount insured under this policy to zero
- date we receive written notification from the policy owner, or the life insured under OneCare Super, to cancel the Cover
- date we lawfully cancel and/or avoid the Cover
- date we cancel the policy because the premium has not been paid when due
- date we pay or begin to pay a benefit under TPD Cover under this policy or a **linked policy** that reduces the Life Cover amount insured under this policy to zero

- date the life insured ceases to be a member of the **MasterFund** – if the life insured has OneCare Super
- date the life insured is unable to roll over or transfer existing superannuation amounts from other OnePath superannuation products or external superannuation products, to their OneCare Super.
- date the life insured dies.

You can continue your Cover outside super

You can apply, without underwriting, to continue Life Cover outside **super** if your Life Cover held through **super** ceases because either:

- you are unable to rollover or transfer existing super amounts to your OneCare Super
- you cease to be a member of an external master trust, or OneCare Super
- you reach the policy anniversary when you are age 75

You must exercise this option within 30 days after your Life Cover ends.

The new life cover will be on the same terms that apply under this policy.

Please note that you will not have any Life Cover under this policy from the date your Life Cover ends. If your new Life Cover starts after this date, you may be without cover for a period of time.

Total and Permanent Disability Cover

Some setbacks can impact the rest of your life. They can mean you are unlikely to be able to ever work again.

TPD Cover is designed to provide financial support if an **illness or injury** stops you from returning to work or normal domestic duties.

Choosing the right Cover

This section explains the benefits, features and options of the TPD Cover we offer.

You can tailor your TPD Cover by choosing:

- the structure of your Cover, that is whether to:
 - hold TPD Cover within or outside **super**
 - attach TPD Cover to Life or Trauma Cover, or both in the same policy
 - link TPD Cover under a **super** policy to TPD Cover under a policy outside **super** through a SuperLink TPD arrangement
 - link TPD Cover under a **super** policy with Trauma Cover outside **super** through SuperLink Trauma
- the TPD definition to apply
- the amount of your TPD Cover
- how your benefit will be paid
- any extra cost options you need.

Your premium will depend on your choices.

It's important to choose Cover and options that are right for you – considering your debts and assets, your requirements for quality care and your lifestyle goals.

How we treat elective surgery

We consider a life insured to have suffered an **injury** where the life insured undergoes elective surgery that a **medical practitioner** advises is medically necessary for the life insured or for another person (for example live donation of a bodily organ medically necessary for another person). We will pay a benefit if the life insured meets all other requirements for payment of the benefit.

We do not cover elective surgery that is not medically necessary for the life insured or another person.

We do not pay in some circumstances

Despite anything else in this **PDS**, we do not pay a benefit under TPD Cover in some circumstances. Please see page 16.

Key benefits – TPD Benefit and Partial TPD Benefit

This section explains the key benefits under TPD Cover.

TPD Benefit

When we pay

We pay the **TPD Benefit** if both:

1. the life insured meets a TPD definition for which they are covered, while their TPD Cover is in force
2. if you hold stand-alone TPD Cover or TPD Cover attached to Trauma Cover, the life insured meets the required survival period.

Survival period

The survival period applies if you claim a **TPD Benefit** because the life insured satisfies one of the parts of the TPD definitions listed in the table below.

TPD definition	Part of the TPD definition to which the survival period applies
Any Occupation Own Occupation Home-maker SuperLink SIS Own Occupation	2, 3, and 4
Non-working Super Non-working	1 and 2
Business TPD Definition One and Two	2 and 3
Business TPD Definition Three	1 and 2

The life insured meets the survival period if they survive without life support for at least eight days after the date they satisfy the TPD definition.

If the life insured dies before the end of the survival period, we will not pay a **TPD Benefit**. However, we may pay a Limited Death Benefit. Please see page 37.

TPD definitions

We offer the following TPD definitions, depending on whether you hold Cover outside or within **super**:

	Any Occupation
	Own Occupation
	Business
	Home-maker
	Non-working
SuperLink SIS Own Occupation	
	Super Any Occupation
	Super Home-maker
	Super Non-working
	SuperLink SIS Any Occupation

The full definitions are set out on page 33.

Your **financial adviser** can let you know the TPD definitions available for the life insured's occupation.

The TPD definitions that apply to your Cover will depend on your selection that we have accepted, and the life insured's age. The Policy Schedule will set out the TPD definitions that apply before the policy anniversary when the life insured is age 65.

Only the Non-working definition applies if you are over 60 when applying for Cover

If the life insured is over age 60 when Cover is applied for only the:

- 'Non-working' TPD definition applies for Cover outside **super**
- 'Super Non-working' TPD definition is available for Cover within **super**.

The applicable Business TPD definition depends on the life insured's occupation

We issue Business TPD Cover based on the life insured's occupation, as disclosed in the application for Cover.

If the life insured suffers an **illness** or **injury** while **gainfully employed** and their occupation then is the same as the occupation disclosed in the application for Cover, Business TPD Definition One will apply.

You must tell us of occupation changes for Business TPD

The policy owner must tell us if the life insured changes their occupation within 30 days of either the:

- change in occupation
- policy anniversary immediately after the change.

The policy owner must do this by completing our standard form.

We will notify the policy owner whether the new occupation qualifies the life insured for Business TPD Definition One.

If it does so and the life insured suffers an **illness** or **injury** while **gainfully employed**, Business TPD Definition One will apply at claim time.

If the new occupation does not qualify the life insured for Business TPD Definition One, we will apply Business TPD Definition Two if the life insured suffers an **illness** or **injury** while **gainfully employed**.

Business TPD Definition Two applies if we are not notified of occupation changes

If you do not notify us of a change to the life insured's occupation as required above, we will apply Business TPD Definition Two if the life insured suffers an **illness** or **injury** while **gainfully employed**.

Business TPD Definition Three applies if the life insured is not gainfully employed

If the life insured is not **gainfully employed** when they suffer an **illness or injury**, we will apply Business TPD Definition Three.

At age 65 your TPD definition may change

This section does not apply to the SuperLink SIS Own Occupation, Non-working or Super Non-working TPD definition.

Unless we agree to continue the life insured’s TPD definition, including Business TPD, (please see below), on the policy anniversary when the life insured is age 65 their TPD definition will change as follows:

Policy structure	TPD definition that applies to the life insured on and from the policy anniversary when age 65
Your policy is not part of a SuperLink arrangement	The TPD definition will automatically convert to the Non-working TPD definition if Cover is held outside super or the Super Non-working TPD definition if Cover is held through super .
Your policy is part of a SuperLink TPD arrangement	<p>The SuperLink arrangement will end on the policy anniversary when the life insured is age 65.</p> <p>TPD Cover under the linked policy held through super continues, but the SuperLink SIS Any Occupation TPD definition will automatically convert to the Super Non-working TPD definition.</p> <p>TPD Cover under the linked policy held outside of super will end.</p>
Your policy is part of a SuperLink Trauma arrangement	<p>The TPD definition applicable to any portion of the TPD Cover amount insured that is greater than the SuperLink Trauma Cover amount insured will automatically convert to the Super Non-working TPD definition.</p> <p>Any TPD Cover amount insured equal to the SuperLink Trauma Cover amount insured will end.</p>

If you are a white collar worker you can apply for your TPD definition to continue

If we classify the life insured’s occupation as white collar, you can ask us to continue to apply their Any Occupation, Super Any Occupation or Own Occupation TPD definition.

If you have a SuperLink TPD arrangement and we classify the life insured’s occupation as white collar, they can ask us to apply the Super Any Occupation TPD definition.

If your TPD Cover is part of a SuperLink Trauma arrangement, and we classify the life insured’s occupation as white collar, they can ask us to continue to apply their Any Occupation, Own Occupation or Super Any Occupation TPD definition.

We must receive the written application within 30 days of the policy anniversary when the life insured is age 65. The application must confirm the life insured’s then current occupation.

If we accept the application, we will confirm it in writing. The relevant Any Occupation, Own Occupation or Super Any Occupation TPD definition will apply:

- until the policy anniversary when the life insured is age 70
- to the life insured’s TPD Cover amount insured up to \$1 million, or if an instalment benefit applies, an **equivalent instalment amount**.

The Non-working TPD definition and the Super Non-working TPD definition, as applicable, will apply to TPD Cover amounts insured greater than \$1 million from the policy anniversary when the life insured is age 65.

At age 70 only the Non-working definition applies

On the policy anniversary when the life insured is age 70, any Own Occupation or Any Occupation TPD definition that applies will automatically convert to the Non-working TPD definition. Any Super Any Occupation TPD definition will convert to the Super Non-working TPD definition.

The amount we pay

The amount of the **TPD Benefit** we pay for a life insured is the full TPD Cover amount insured on the date of disablement. Please see below for details of the date of disablement.

We pay the **TPD Benefit** by the applicable benefit payment type.

If the lump sum benefit payment type applies, the TPD Cover amount insured is the amount we agreed to cover the life insured for, adjusted as explained below. On a successful claim, we pay this amount as a single lump sum payment.

If an instalment benefit payment type applies, the TPD Cover amount insured is the instalment amount we agreed to cover the life insured for, adjusted as explained below. On a successful claim we pay this amount monthly in arrears. We pay from the date the **TPD Benefit** entitlement arises until the selected instalment term ends. The instalment term is shown on the Policy Schedule.

In some cases, we may increase the **TPD Benefit** we pay. Please see below for more details.

The date of disablement is the date the TPD definition is first satisfied

The date of disablement for a life insured is the date the life insured first satisfies every element of the applicable TPD definition.

We increase the TPD Benefit for certain TPD definitions

If a **TPD Benefit** is payable for a life insured, we will increase the amount we pay if the life insured satisfies all the following:

- has a TPD Cover amount insured on the date of disablement that is less than \$5 million
- satisfies the 'Any Occupation', 'Super Any Occupation', 'SuperLink SIS Any Occupation', 'Own Occupation' or 'SuperLink SIS Own Occupation' TPD definition that applies to their Cover
- satisfies the definition of '**Loss of limbs and/or sight**', '**Loss of independent existence**' or '**Cognitive loss**'. Please see 'General TPD definitions' on page 33.

The amount of the increase will be the following applicable percentage of the TPD Cover amount insured on the date of disablement:

- 5% after the 2nd policy anniversary
- 7.5% after the 3rd policy anniversary
- 10% after the 5th policy anniversary.

We may adjust the amount insured

We may adjust your TPD Cover amount insured in the following circumstances:

1. The TPD Cover amount insured decreases after we pay benefits

Your TPD Cover amount insured will decrease by the amount of any of the following we pay, or begin to pay, for the life insured:

- the **TPD Benefit**
- the **Partial TPD Benefit**
- the Terminal Illness Benefit under Life Cover, where TPD Cover is attached to Life Cover
- the Extended Terminal Medical Condition Benefit under Life Cover, where TPD Cover is attached to Life Cover
- the Trauma Benefit under Trauma Cover, where TPD Cover is attached to Trauma Cover, or both TPD Cover and Trauma Cover are attached to Life Cover.

If a SuperLink arrangement applies for the life insured, the TPD Cover amount insured under this policy decreases by any benefit amount we pay, or begin to pay, for the life insured under the **linked policy**. This includes payment of:

- the **TPD Benefit** with the SuperLink SIS Any Occupation definition in the **linked policy**, if applicable
- the **TPD Benefit** with the SuperLink SIS Own Occupation definition in the **linked policy**, if applicable
- the **Partial TPD Benefit** under the other **linked policy**, if applicable
- the Terminal Illness Benefit under Life Cover in the **linked policy**, if applicable
- the Extended Terminal Medical Condition Benefit under Life Cover in the **linked policy**, if applicable
- a Trauma Benefit under the SuperLink Trauma arrangement in the **linked policy** if attached to TPD Cover, if applicable.

2. Business TPD Cover capped at \$10 million

The maximum amount we pay under Business TPD Cover is \$10 million, including where indexation applies.

If the life insured commences to be covered for **total and permanent disability** under another policy after your policy starts, we may reduce the Business TPD insured amount under this policy. The other policy may be issued by us or another insurer and may be held outside or within **super** or through a group arrangement.

We will reduce the Business TPD insured amount by the amount required to ensure the combined total of TPD Cover in respect of the life insured on the date of disablement doesn't exceed \$10 million.

If we reduce the **TPD Benefit** we pay under a Business TPD definition, we will refund premiums paid for the reduced portion of Cover from the last policy anniversary date before the date of disablement.

3. TPD amount insured may decrease at age 65

This section does not apply to a policy containing the SuperLink SIS Own Occupation TPD definition.

The maximum we pay under TPD Cover for a life insured on or after the policy anniversary when they are age 65 is \$3 million across all policies we issue.

Accordingly, on the policy anniversary when the life insured is age 65, the TPD Cover amount insured under this policy will decrease, if required. It will decrease so the total amount of TPD Cover for the life insured under all policies we have issued is \$3 million, or if an instalment benefit applies, an **equivalent instalment amount**.

However, if TPD Cover is attached to Trauma Cover, we will only decrease your TPD amount insured until it is equal to the Trauma Cover amount insured.

4. Indexation

We will increase the TPD Cover amount insured by indexation if applicable. Please see page 57.

The Partial TPD Benefit

Not available under the Business TPD Definition or for TPD Cover held through super.

When we pay

We pay the **Partial TPD Benefit** if the life insured suffers a **'specific loss'** while TPD Cover for the life insured is in force.

'Specific loss' means that, due to **illness** or **injury**, the life insured suffers the total and permanent loss of the use of either:

- one limb, where 'limb' is defined as the whole hand or the whole foot
- the sight in one eye.

We pay the **Partial TPD Benefit** by the chosen benefit payment type.

Amount we pay

The amount of the **Partial TPD Benefit** we pay for a life insured is 25% of their TPD Cover amount insured on the date the **'specific loss'** occurs. This is subject to a minimum of \$10,000 and a maximum of \$500,000.

If the instalment benefit payment type applies, we will pay an **equivalent instalment amount**.

We explain how we calculate the TPD Cover amount insured on page 30.

Partial TPD reduces the amount insured

Your TPD Cover insured amount will decrease by the amount of any **Partial TPD Benefit** we pay.

The insured amount of any linked or attached Cover will also decrease by the amount or any **Partial TPD Benefit** we pay.

We don't pay in some circumstances

We don't pay the **Partial TPD Benefit** in any of following circumstances:

- the life insured's TPD Cover is held through **super**
- the life insured is covered solely for the Business TPD definition
- your policy is part of a transfer from another OnePath product, unless we have fully underwritten your TPD Cover
- we issued your policy as part of a continuation option, unless we have fully underwritten your TPD Cover.

SuperLink TPD Cover

You can 'link' a life insured's TPD Cover under a policy held outside **super** with TPD Cover under a separate policy held through **super**.

This is called a SuperLink TPD arrangement.

We will issue each policy separately, as well as two Policy Schedules. We will also issue two renewal notices each year.

However, because the policies are linked, a benefit payment under one policy reduces the TPD Cover insured amount on both policies.

A SuperLink arrangement splits Cover over two policies which allows part of the premiums to be funded through the **super** fund.

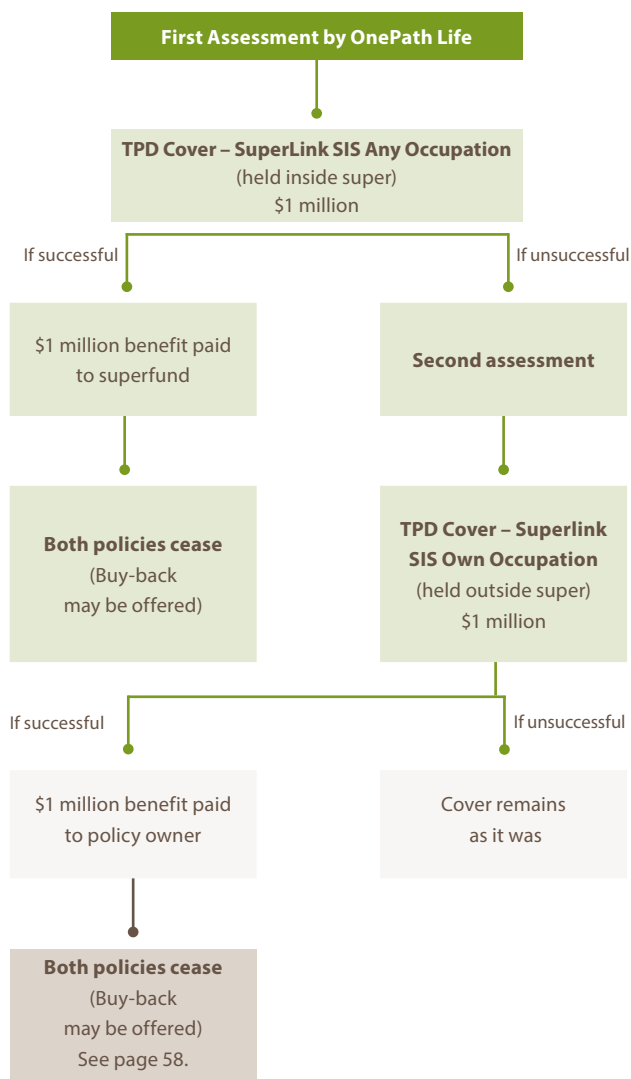

We determine if you are TPD under the linked super policy first

Each policy will have a different TPD definition. The policy held outside **super** will have the SuperLink SIS Own Occupation definition and the **linked policy** held within super will have the SuperLink SIS Any Occupation definition.

To determine entitlement to a **TPD Benefit** under a SuperLink arrangement, we first assess whether the life insured meets the SuperLink SIS Any Occupation TPD definition and the requirements of the policy held through **super**.

If so, payment under that policy will reduce the TPD Cover amount insured under both policies.

If no benefit is payable under the policy held through **super**, we assess whether the life insured meets the SuperLink SIS Own Occupation TPD definition and requirements of the **linked policy** held outside **super**.

Certain features of both policies must be the same

Under a SuperLink TPD arrangement, the following must be the same under both policies:

- the TPD Cover amount insured
- the life insured
- changes to the amount insured. For example, if the amount insured under one policy decreases because we pay the **Partial TPD Benefit**, the amount insured in the **linked policy** decreases by the same amount. Similarly any increases in the insured amount under one policy, for example through indexation, will be applied to the **linked policy**
- any selected extra cost options.

However, the policies can have different payment frequency and premium type, that is stepped or level.

When a SuperLink TPD arrangement ends

A SuperLink TPD arrangement ends on the policy anniversary when the life insured is age 65. On that anniversary, TPD Cover under the **linked policy** held outside of **super** ends.

TPD Cover under the **linked policy** held through **super** continues, but the life insured is covered for the Super Non-working TPD definition unless you apply for the Super Any Occupation TPD definition to continue. Please see page 29 for more details.

Cessation of Cover under one linked policy will end Cover under the other linked policy

The TPD Cover for the life insured, and our liability to pay any benefit under either **linked policy** ends on the earlier of the date:

- of any circumstance set out under 'When TPD Cover ends' on page 38
- we cancel the Covers because the premium under any of the Linked policies has not been paid when due. The TPD Cover under both policies will be cancelled or avoided
- we receive written notification from the policy owner, or the life insured under OneCare Super, to cancel both or either of the SuperLink TPD Covers. The TPD Cover under both policies will be cancelled.

For example, if your SuperLink policy held outside **super** is cancelled because the premium is overdue, your SuperLink policy held through **super** will be cancelled, even if you have paid all premiums for that Cover. This is because the policies are linked.

Additional benefits

This section explains the additional benefits automatically included with TPD Cover.

Some of these benefits are only included with certain types of Cover, as explained below.

Limited Death Benefit

Does not apply if TPD Cover is attached to Life Cover or under the SuperLink SIS Own Occupation TPD definition.

The Limited Death Benefit only applies if you have:

- Stand-Alone TPD Cover, but not under the SuperLink SIS Own Occupation TPD definition
- TPD Cover attached to Trauma Cover.

We pay the Limited Death Benefit if the life insured dies while their TPD Cover is in force, and a **TPD Benefit** is not payable.

The amount we pay is \$10,000.

We only pay this benefit once across all policies under which we cover the life insured.

Spouse Retraining Benefit

If the life insured is **totally and permanently disabled**, we will reimburse up to \$10,000 of the cost of training or retraining the life insured's **spouse** to either:

- obtain **gainful employment**
- improve their employment prospects
- improve the care they can provide the life insured.

The **spouse** must be under 65 years when the training starts and must incur the costs within 24 months from the date life insured was **TPD**. A recognised institution with qualified skills must provide the training.

The Spouse Retraining Benefit is only available once TPD Cover for the life insured has been in force for three years.

Financial Advice Benefit

If we pay a **TPD Benefit** for a life insured, we will also reimburse up to \$2,000 of the adviser service fee for a financial plan for the person who received the **TPD Benefit**.

We pay the Financial Advice Benefit if all the following apply:

- we have paid, or begun to pay, the full **TPD Benefit** in respect of the life insured. We do not pay if we have only paid the Limited Death Benefit or **Partial TPD Benefit**

- the financial plan was prepared by an Australian Financial Services Licensee or the Authorised Representative of such a licensee
- the person to whom we paid the **TPD Benefit** amount insured is the recipient of the advice
- the person to whom we paid the TPD Cover amount insured paid the adviser service fee
- we receive acceptable evidence of the financial plan within 12 months of the date we paid, or began to pay, the **TPD Benefit**
- we have not already paid a Financial Advice Benefit under Life Cover or Trauma Cover for the life insured
- we have not already paid a similar benefit under any other policy we issued in respect of the life insured.

We will not reimburse any commission paid to the **financial adviser** when the financial plan is implemented, nor any portion of the adviser service fee that is a commission.

If we paid the **TPD Benefit** to more than one person, we will divide the amount of this benefit between them in the same proportions as we paid the **TPD Benefit**.

Accommodation Benefit

We pay the Accommodation Benefit if all the following apply:

- we have paid, or are paying, a **TPD Benefit** for a life insured
- a **medical practitioner** certifies that the life insured must remain confined to bed due to the **disability** for which we paid, or are paying, the **TPD Benefit**
- either:
 - the life insured is more than 100 kilometres from their **home** and an **immediate family member** must travel from their **home** to be with the life insured
 - an **immediate family member** must travel more than 100 kilometres from their **home** to be with the life insured.

Under this benefit we will reimburse the accommodation costs of the **immediate family member** up to \$500 per day. We pay for each day the life insured is confined to bed and the **immediate family member** is away from their **home**, up to 30 days.

You must claim this benefit within six weeks of the **TPD Benefit** being paid or commenced to be paid. We must receive evidence acceptable to us of the life insured's confinement and payment of the accommodation costs.

- date we lawfully cancel and/or avoid the Cover
- date we cancel the policy because the premium has not been paid when due

- date that Cover in respect of the life insured under a **linked policy** ends if the Cover is part of a TPD SuperLink arrangement. However, this only applies if this policy is outside **super**, or if this policy is held through **super** and Cover under the **linked policy** ends for any reason other than reaching the policy anniversary when the life insured is age 65
- date we pay or begin to pay a benefit under Life Cover under this policy or a **linked policy** that reduces the TPD Cover amount insured under this policy to zero

You can continue Cover outside super

Super

You can apply, without further underwriting, to continue TPD Cover outside **super** if your TPD Cover held through **super** ceases because either:

- you are unable to rollover or transfer existing super amounts into your OneCare Super
- you cease to be a member of an external master trust, or OneCare Super
- you reach the policy anniversary when you are age 75.

You must exercise this option within 30 days after your TPD Cover ceases.

The new TPD Cover will be on the same terms that apply under this policy.

Trauma Cover

The diagnosis of a serious illness like **cancer** can make you feel like your world is out of control. Financially, the feeling is only accelerated when expenses are coming at you from all directions.

Trauma Cover pays a benefit that can help you pay out debt, and cover the costs of lifestyle changes and medical expenses.

Choosing the right Cover

This section explains the benefits, features and options of the Trauma Cover we offer.

You can tailor your Trauma Cover by choosing:

- the structure of your Cover, that is whether to:
 - attach Trauma Cover to other Cover
 - link Trauma Cover with Life or TPD Cover held through **super**. This is a SuperLink Trauma arrangement.
- the Cover type you need. We offer Comprehensive and Premier Cover
- the amount of your Trauma Cover
- how your benefit will be paid
- any extra cost options you need.

Your premium will depend on your choices.

It's important to choose Cover and options that are right for you – considering your debts and assets, your requirements for quality care and your lifestyle goals.

Available Cover types

OneCare offers two types of Trauma Cover:

- **Comprehensive** – Covers 46 trauma conditions, including two conditions for which we pay a partial benefit.
- **Premier** – Pays a full benefit on 44 trauma conditions, and a partial benefit on 16 trauma conditions. This Cover offers Premier Maximiser and Baby Care extra cost options that are not available under Comprehensive Cover.

When Cover starts

Trauma Cover for a life insured starts on the **Cover start date** for Trauma Cover set out in the Policy Schedule.

The life insured must meet entry conditions

Please see page 15 for details of minimum and maximum entry ages for a life insured under Trauma Cover.

There are also age limits for a life insured under the Baby Care Option under Premier Cover. Please see page 15.

Limits on the amount of Cover apply

Please see page 13 for details of the minimum and maximum amounts of Trauma Cover you can apply for.

We pay the full amount once only

We pay the full Trauma Cover amount insured for a life insured once only, even if the life insured satisfies the definition of more than one trauma condition. Your Cover ceases on the date we pay or begin to pay the full Trauma Cover amount insured. See page 46.

How we can pay your benefit

We can pay your Trauma Benefit as a single lump sum or in monthly instalments. However, the instalment benefit payment type is only available under Comprehensive Cover.

For further details about having your benefit paid in monthly instalments, please see page 19.

You can attach other Covers under the same policy

You can link Trauma Cover that sits outside **super** to Life Cover and/or TPD Cover under a policy held through **super**. This is called a SuperLink Trauma arrangement. Please see page 45 for full details.

Your Cover continues during unemployment

Your Trauma Cover does not cease if the life insured becomes **unemployed**.

We do not pay in some circumstances

Despite anything else in this **PDS**, we do not pay a benefit under Trauma Cover in some circumstances. Please see page 16.

The Policy Schedule will show the Cover you have

The Policy Schedule will show if Trauma Cover applies to a life insured and if so:

- the Trauma Cover structure. That is, whether you have:
 - stand-alone Trauma Cover
 - Trauma Cover attached to Life Cover
 - Trauma Cover attached to TPD Cover
 - SuperLink Trauma
- the Trauma Cover type. This will be either Comprehensive or Premier Cover
- the Trauma Cover amount insured
- the Trauma Cover benefit payment type, and if the instalment benefit payment type applies, the instalment term
- any extra cost options selected.

Key benefit – Trauma Benefit

This section explains the key benefit under Trauma Cover.

When we pay

We pay the Trauma Benefit if all the following are satisfied:

- one of the trauma conditions listed on pages 42 and 43 first occurs or is first diagnosed for a life insured while their Trauma Cover is in force
- the symptoms leading to the trauma condition occurring, or being diagnosed for the life insured, only first become **reasonably apparent** while their Trauma Cover is in force
- a **medical practitioner** diagnoses and certifies the trauma condition and we agree with that diagnosis and certification
- for any trauma condition marked with a 't' in the lists on pages 42 and 43 – the **medical practitioner** referred to above is an appropriate specialist we approve
- for any trauma condition marked with a '*' in the lists on pages 42 and 43 – the 90 day qualifying period has been satisfied. The 90 day qualifying period is explained on the following page
- if the life insured has stand-alone Trauma Cover, Trauma Cover attached to TPD Cover or SuperLink Trauma with TPD – the life insured survives without life support for eight days after the date the trauma condition occurs or is diagnosed. The life insured must meet both the survival period and any time requirement of the trauma condition definition.

90 day qualifying period

The '90 day qualifying period' applies to each trauma condition marked with a '*' in the lists on pages 42 and 43.

We will not cover or pay any benefit for any such trauma condition if the condition first occurs or is first diagnosed during the first 90 days after we receive certain applications. These applications are a:

- complete application for Trauma Cover
- written request to reinstate Trauma Cover
- complete application for an increase to the Trauma Cover amount insured, regarding the increased portion only.

We will also not pay any benefit for any such trauma condition if the symptoms leading to the condition occurring or being diagnosed first become **reasonably apparent** during the 90 day qualifying period explained above.

Further, we will not pay any benefit for a trauma condition that is directly or indirectly related to a condition for which we do not cover due to the 90 day qualifying period explained above.

If the life insured suffers a **heart attack (diagnosed)** or **stroke (diagnosed)** during the 90 day qualifying period, we will not pay a Trauma Benefit for **heart attack (diagnosed)** or **stroke (diagnosed)** at any time over the life of the policy.

If the life insured suffers **cancer** during the 90 day qualifying period, we will not pay a Trauma Benefit for any other related occurrences of **cancer** or trauma conditions which result from that **cancer** at anytime over the life of the policy.

Qualifying period does not apply to replacement insurance

However, the qualifying period will not apply to any part of the Trauma Cover amount insured which replaces similar insurance if all the following apply:

- any similar qualifying period has expired for the same conditions or events in the policy to be replaced. This includes qualifying periods which were applied to that policy after it commenced due to, for example, reinstatements or increases
- the policy to be replaced is cancelled immediately after we issue this policy
- no claim is payable or pending under the policy to be replaced.

The policy to be replaced can be a policy issued by us or by another insurer.

If the Trauma Cover amount insured under this policy exceeds that of the policy to be replaced, the 90 day qualifying period will still apply to the excess amount.

Claims under multiple policies

If the life insured is covered under more than one policy for any trauma condition, we will only ever pay one full or partial benefit at any one time across all policies for that trauma condition.

The amount we pay

For most trauma conditions, the amount of the Trauma Benefit we pay for a life insured is the full Trauma Cover amount insured that applies on the date that entitlement to the Trauma Benefit arises.

However, we only pay a partial amount of the Trauma Cover amount insured for some trauma conditions.

Please see page 42 for a list of the trauma conditions for which we pay the full Trauma Cover amount insured.

Please see page 43 for a list of the trauma conditions for which we pay only a partial amount of the Trauma Cover amount insured.

We pay the Trauma Benefit by the applicable benefit payment type. The instalment benefit payment type is only available under Comprehensive Cover.

If the lump sum benefit payment type applies, the Trauma Cover amount insured is the amount for which we agreed to cover the life insured, adjusted as explained below. In a successful claim, we pay this amount as a single lump sum payment.

If an instalment benefit payment type applies, the Trauma Cover amount insured is the instalment amount for which we agreed to cover the life insured, adjusted as explained below. In a successful claim, we pay this amount monthly in arrears. We pay from the date the entitlement to the Trauma Benefit arises until the selected instalment term ends. The instalment term is shown in the Policy Schedule.

We may adjust the amount insured

We will adjust your Trauma Cover amount insured in the following circumstances.

1. The Trauma Cover amount insured decreases when we pay benefits

The Trauma Cover lump sum or instalment amount insured will decrease by any of the following we pay or begin to pay for the life insured:

- if the life insured has stand-alone Trauma Cover – any amount we pay or begin to pay for the life insured under the Trauma Benefit
- if the life insured has Trauma Cover attached to Life Cover only – any amount we pay or begin to pay for the life insured for the:
 - Terminal Illness Benefit under Life Cover
 - Extended Terminal Medical Condition Benefit under Life Cover
 - Trauma Benefit under Trauma Cover.
- if the life insured has Trauma Cover attached to TPD Cover only – any amount we pay or begin to pay for the life insured for the:
 - **TPD Benefit** under TPD Cover
 - Trauma Benefit under Trauma Cover.

- if the life insured has both TPD Cover and Trauma Cover attached to Life Cover – any amount we pay or begin to pay for that life insured for the:
 - Terminal Illness Benefit under Life Cover
 - Extended Terminal Medical Condition Benefit under Life Cover
 - **TPD Benefit** under TPD Cover
 - Trauma Benefit under Trauma Cover.

Further, if SuperLink Trauma applies, any benefit amount paid in respect of the life insured under the **linked policy** will reduce the Trauma amount insured under this policy by the same amount. This includes:

- a partial payment of the SuperLink TPD Cover amount insured under the other **linked policy** (if applicable)
- payment of the **TPD Benefit** with the SuperLink SIS Own Occupation, SuperLink SIS Any Occupation, Super Any Occupation or Super Home-maker TPD definition in the other **linked policy**, if applicable

- payment of the Terminal Illness Benefit under Life Cover, if applicable
- payment of the Extended Terminal Medical Condition Benefit under Life Cover, if applicable.

Please see page 45 for details of SuperLink Trauma.

2. Indexation

We will increase the Trauma Cover amount insured under indexation, if applicable. Please see page 57.

Trauma conditions for which we pay a full Trauma Benefit

Under both Comprehensive and Premier Cover, we pay the full Trauma Cover amount insured for the 44 trauma conditions listed in the table below. Pages 112 to 117 set out the full definition for each trauma condition.

Trauma conditions for which we pay a partial Trauma Benefit

Under Comprehensive and Premier Cover we pay a partial amount only for some trauma conditions. Two of those conditions are covered under both Comprehensive and Premier Cover. An additional 14 conditions are covered under Premier Cover only.

The full definition for each trauma condition is set out on pages 112 to 117.

Trauma conditions marked with a:

- '†' must be diagnosed and certified by a **medical practitioner** who is an appropriate specialist physician we approve.

We pay 10% for two conditions under Comprehensive and Premier Cover

We make a partial payment under Comprehensive and Premier Cover for the following trauma conditions:

- **angioplasty**^{†*}
- **heart surgery (minor)**^{†*}

The amount we pay for the above conditions is 10% of the Trauma Cover amount insured when the **angioplasty** or **heart surgery (minor)** procedure occurs. This is subject to a maximum of \$20,000 and a minimum of \$10,000, or if an instalment benefit payment type applies, **equivalent instalment amounts**.

We pay 20% for trauma conditions under Premier Cover only

Under Premier Cover, we make a partial payment for the 14 additional trauma conditions listed in the table below.

The amount we pay for any of these trauma conditions is 20% of the Trauma Cover amount insured at the time the condition is diagnosed or occurs. This is subject to a maximum of \$100,000 and a minimum of \$10,000, or if an instalment benefit payment type applies, **equivalent instalment amount**.

Partial payment reduces Trauma Cover amount insured

The amount payable for any trauma condition decreases the Trauma Cover amount insured.

Multiple claims on partial payments

We will pay a partial payment for multiple trauma conditions, provided the sum of all claims paid does not exceed the Trauma Cover amount insured. However, we will only ever pay one claim for each trauma condition, except:

- **carcinoma in situ**, for which we will pay once for each site
- **angioplasty**, for which we will pay for multiple occurrences if both:
 - the first **angioplasty** procedure occurs, and the symptoms leading to the first **angioplasty** procedure only first become **reasonably apparent**, after the end of the 90 day qualifying period
 - each subsequent **angioplasty** procedure occurs at least six months after the previous **angioplasty** procedure.

No more than \$100,000 is payable for the same partial trauma condition across all policies held in respect of the life insured or \$200,000 if you have the Premier Maximiser option. Please see page 65.

Additional benefits

This section explains the additional benefits automatically included with Trauma Cover.

Some of the benefits are only included with certain types of Cover, as explained below.

Limited Death Benefit

Not available with Trauma Cover attached to Life Cover or if Trauma Cover is in a SuperLink arrangement with TPD.

We pay the Limited Death Benefit if the life insured dies while their Trauma Cover is in force and a Trauma Benefit is not payable.

The Limited Death Benefit only applies if the life insured is covered for either:

- Stand-Alone Trauma Cover
- Trauma Cover attached to TPD Cover.

The amount we pay is \$10,000.

We only pay this benefit once across all policies under which we cover the life insured.

Financial Advice Benefit

If we pay the full Trauma Cover amount insured, we will also reimburse up to \$2,000 of the adviser service fee for a financial plan for the person who received the Trauma Benefit.

We pay the Financial Advice Benefit if:

- we have paid or begun to pay the full Trauma Cover amount insured in respect of the life insured. We do not pay if we have only made a partial payment of the Trauma Cover amount insured or paid the Limited Death Benefit
- the financial plan was prepared by an Australian Financial Services Licensee or the Authorised Representative of such a licensee
- the person to whom we paid the Trauma Cover amount insured is the recipient of the advice
- the person to whom we paid the Trauma Cover amount insured paid the adviser service fee
- we receive acceptable evidence of the financial plan within 12 months of the date we paid or began to pay the Trauma Cover amount insured
- we have not already paid the Financial Advice Benefit under Life Cover or TPD Cover for the life insured
- we have not already paid a similar benefit under any other policy we issued in respect of the life insured.

We will not reimburse any commission paid to the **financial adviser** when the financial plan is implemented, nor any portion of the adviser service fee that is a commission.

If we paid the Trauma Cover amount insured to more than one person, we will divide the amount of this benefit between them in the same proportions as we paid the Trauma Cover amount insured.

Accommodation Benefit

Under this benefit, we reimburse accommodation costs of an **immediate family member** up to \$500 per day. We pay for each day the life insured is confined to bed and the **immediate family member** is away from their **home**, up to 30 days.

We pay the Accommodation Benefit if all the following apply:

- we have paid or are paying the full Trauma Cover amount insured for the life insured
- a **medical practitioner** certifies that the life insured must remain confined to bed due to the trauma condition for which we paid the Trauma Benefit
- either:
 - the life insured is more than 100 kilometres from their **home** and an **immediate family member** must travel from their **home** to be with the life insured
 - an **immediate family member** must travel more than 100 kilometres from their **home** to be with the life insured.

You must claim this benefit within six weeks of the Trauma Benefit being paid. We must receive evidence acceptable to us of the life insured's confinement to bed and payment of the accommodation costs.

Trauma Cover includes several standard features, as well as options available at extra cost.

Standard features

- Life Cover Buy Back
- Future Insurability
- Indexation
- Premium Freeze

Options available at extra cost

- Double Trauma
- Life Cover Purchase
- Trauma Cover Reinstatement
- Premier Maximiser
- Baby Care

Not all options and features are available with all types of Cover. Please see page 59 for a detailed explanation of these features and options.

SuperLink Trauma

You can 'link' a life insured's Trauma Cover with Life Cover and/or TPD Cover under a separate OneCare policy held through **super**.

This is called SuperLink Trauma.

We will issue each policy separately, as well as two Policy Schedules. We will also issue two renewal notices each year.

However, because the policies are linked, a benefit payment under one Cover reduces the amount insured of every other linked Cover.

SuperLink Trauma allows premiums for the Life Cover and/or TPD Cover to be funded through **super**. It also results in lower premiums for Trauma Cover than stand-alone Trauma Cover.

The Policy Schedule will show if the policy in respect of a life insured is linked to another policy under a SuperLink Trauma arrangement.

Super Non-working TPD definition cannot be linked

Premier Cover and Comprehensive Cover can both be linked in a SuperLink Trauma arrangement.

However, you cannot link Trauma Cover under a SuperLink arrangement with TPD Cover that has the Super Non-working TPD definition. You can link Trauma Cover to TPD Cover that has any other TPD definitions available through **super**.

Certain features of both policies must be the same

Under SuperLink Trauma, the following must be the same under both policies:

- the life insured

However, under each policy you can have different:

- methods of payment
- payment frequency
- amounts insured, however if Trauma Cover is linked to Life Cover the Trauma Cover amount insured cannot exceed the Life Cover amount insured
- increases in Cover, including indexation
- premium type, for example stepped or level
- extra cost options.

When SuperLink Trauma ends

A SuperLink Trauma arrangement ends on the earlier of the date:

- of any circumstance set out under 'When Trauma Cover ends' on page 46
- the **linked policy** is cancelled or avoided
- we receive written notification from the policy owner, or the life insured under OneCare Super, to cancel the SuperLink Trauma Cover arrangement.

Auto Conversion

On the policy anniversary when the life insured is age 70, their Trauma Cover will automatically convert to TPD Cover with the Non-working TPD definition.

The TPD Cover amount insured after the conversion will be the same as the Trauma Cover amount insured immediately before the conversion, unless:

- TPD Cover is attached to the Trauma Cover, in which case we only convert the amount of Trauma Cover in excess of the attached TPD Cover
- the Trauma Cover is attached to Life Cover, in which case we only convert that amount of Trauma Cover in excess of any TPD Cover that is attached to the Life Cover
- the total Cover for trauma and total and permanent disability for the life insured under all policies issued by us exceeds \$3 million, or if an instalment benefit payment type applies, an **equivalent instalment amount**.

We only convert the amount of Trauma Cover that results in the total Cover for total and permanent disability for the life insured under all policies issued by us to be \$3 million after the conversion. If an instalment benefit payment type applies, an **equivalent instalment amount** to \$3 million applies. The balance of the life insured's Trauma Cover will end.

We will apply to the converted TPD Cover any medical loadings or specific exclusions that applied to the original Trauma Cover.

When Trauma Cover ends

Trauma Cover for a life insured will end and our liability to pay any benefit under Trauma Cover will cease automatically on the earliest of the:

- policy anniversary when the life insured is age 70
- Cover expiry date shown on the Policy Schedule
- date we pay or begin to pay the full Trauma Cover lump sum or instalment amount insured
- date we receive written notification from you to cancel the Cover
- date we lawfully cancel and/or avoid the Cover
- date we cancel the policy because you have not paid the premium when due
- date the Trauma Cover amount insured is reduced to zero because of a payment in a SuperLink arrangement
- date we pay or begin to pay a benefit under Life Cover under this policy or a **linked policy** that reduces the Trauma Cover amount insured under this policy to zero
- date we pay or begin to pay a benefit under TPD Cover under this policy or a **linked policy** that reduces the Trauma Cover amount insured under this policy to zero
- date we pay or begin to pay a benefit under Trauma Cover that reduces the Trauma Cover amount insured to zero
- date the Trauma Cover amount insured is reduced to zero
- date the life insured dies.

Child Cover

Child Cover is designed with the whole family in mind.

It is a way of insuring children for various trauma events, such as cancer, terminal illness and death.

This Cover converts at age 21 to Life Cover with attached Trauma Comprehensive Cover without the need for further medical underwriting.

Choosing the right Cover

This section explains the benefits and features of Child Cover.

Child Cover can be owned by the child's parents, grandparents or other full time carers with prior approval.

There is no limit to the number of children who can be insured under the one policy.

90 day qualifying period

The 90 day qualifying period applies to each trauma condition marked with a '*' in the list above.

We will not cover or pay any benefit for any such trauma condition if the condition first occurs or is first diagnosed during the first 90 days after we receive certain applications. These applications are a:

- complete application for Child Cover
- written request to reinstate Child Cover
- complete application for an increase to the Child Cover amount insured, regarding the increased portion only.

We will also not pay any benefit for any such trauma condition if the symptoms leading to the condition occurring or being diagnosed first become **reasonably apparent** during the 90 day qualifying period explained above.

If the insured child suffers **cancer** during the 90 day qualifying period, we will not pay a Child Cover Benefit for any other related occurrences of **cancer** or trauma conditions which result from that **cancer**.

However, the qualifying period will not apply to any part of the Child Cover amount insured which replaces similar insurance if all the following apply:

- any similar qualifying period has expired for the same conditions or events in the policy to be replaced. This includes qualifying periods which were applied to the policy after it commenced due to, for example, reinstatements or increases
- the policy to be replaced is cancelled immediately after we issue this policy
- no claim is payable or pending under the policy to be replaced.

The policy to be replaced can be a policy issued by us or by another insurer.

If the Child Cover amount insured under this policy exceeds that of the policy to be replaced, the 90 day qualifying period will still apply to the excess amount.

The amount we pay

The amount we pay is the Child Cover amount insured as at the date entitlement to the Child Cover Benefit arises.

This is the amount insured shown on the Policy Schedule, adjusted by increases under the indexation option, if applicable.

We pay the Child Cover Benefit as a lump sum.

Additional benefit

The section explains the additional benefit automatically included with Child Cover.

Accommodation Benefit

Non Super

We pay the Accommodation Benefit if all the following apply:

- we have paid the Child Cover amount insured for an insured child
- a **medical practitioner** certifies that the insured child must remain confined to bed due to the trauma condition for which we paid the Child Cover Benefit
- either:
 - the insured child is more than 100 kilometres away from their **home** and an **immediate family member** must travel from their **home** to be with the insured child
 - an **immediate family member** must travel more than 100 kilometres from their **home** to be with the insured child.

Under this benefit we will reimburse the accommodation costs of the **immediate family member** up to \$500 per day. We pay for each day the insured child is confined to bed and their **immediate family member** is away from their **home**, up to 30 days.

You must claim this benefit within six weeks of the Child Cover Benefit being paid. We must receive evidence we accept of the insured child's confinement to bed and payment of the accommodation costs.

Standard features

Child Cover includes these standard features:

- Continuation of Child Cover
- Conversion of Child Cover
- Indexation.

Continuation of Cover and Conversion of Child Cover are explained below. Indexation is explained on page 57.

Continuation of Child Cover

Non Super

If the policy owner dies, or a claim is paid leaving Child Cover as the only Cover under the policy, the insured child can continue Child Cover through a new policy. The insured child will be the policy owner of the new policy.

The insured child must be at least 10 years old, and parent or guardian consent is required if the child is under 16 years.

If this option is exercised, we will provide Child Cover under the new policy even if there is no other Cover under the new policy.

Conversion of Child Cover

On the policy anniversary when the insured child is age 21, we will offer the policy owner the opportunity to apply for Life Cover and attached Trauma Comprehensive Cover for the insured child. The amount of new Cover can be up to the Child Cover amount insured immediately before the Child Cover ceasing. The policy owner will not need to provide medical or other evidence.

If Trauma Comprehensive Cover is not available when the conversion occurs, we will offer the attached Trauma Cover that is what we then consider the most like Trauma Comprehensive.

We must receive the policy owner's written acceptance of the offer within 30 days of the offer being made. If we do, the new Life and Trauma Cover in respect of the insured child will commence immediately after the Child Cover ceases.

The policy owner can choose the new Cover to be issued under their existing OneCare policy, or under a new policy with the insured child as the policy owner.

We will calculate the premium for the new Cover based on the premium rates applying when this option is exercised. We will also consider the life insured's then current occupation and smoking status.

We will also apply to the new Cover any exclusions, or medical or hazardous pursuits loadings, that applied to the original Child Cover.

When Child Cover ends

Child Cover for an insured child will end and our liability to pay any benefit under Child Cover will cease automatically on the earliest of the:

- policy anniversary when the insured child is age 21
- Cover expiry date shown on the Policy Schedule
- date we pay the full Child Cover amount insured
- date there ceases to be any other Cover type under the policy except Child Cover
- date we receive your written notification to cancel the Cover
- date we lawfully cancel and/or avoid the Cover
- date we cancel the policy because you have not paid the premium when due
- date the insured child dies.

Standard features of lump sum Covers

As your life changes, your life insurance may need to change with it.

Your OneCare policy includes many features that help ensure your Cover adapts to future needs. Most of the features explained below come standard at no extra cost to Life, TPD and Trauma Cover.

Not all features are available under Extra Care and Child Covers. Some features are only available to certain types of Life, TPD or Trauma Cover. The section below will explain if a feature is not available to a particular Cover.

Future Insurability

Does not apply to Child Cover.

Under Future Insurability, if a specified event occurs, the policy owner or the life insured under OneCare Super can apply to increase the Life, TPD, Trauma and/or Extra Care Cover amount insured. We will not require further medical evidence, but may require financial evidence.

The specified event referred to above must be one of the personal, business or policy events described in the tables on pages 54 to 57.

An application can be made for one increase for one personal, business or policy event only once in any 12 month period across all policies we have issued covering the life insured.

The relevant amount insured will not increase unless and until we accept the application.

Future Insurability increases are only available if all the following conditions are met:

- the life insured is under age 55
- the life insured was age 50 or under when the policy started
- the total to which an amount insured can be increased under this option cannot exceed the maximum amount of Cover available for that Cover type
- we did not apply a medical loading greater than 50% on the original Cover, as shown on the Policy Schedule
- on the application date, neither the life insured, the policy owner nor anyone else has claimed or is entitled to claim in respect of the life insured under this policy or another policy we issued
- each proposed increase to an amount insured is for a minimum lump sum amount of \$10,000, or if an instalment benefit payment type applies, an **equivalent instalment amount**
- the amounts increased for a particular event under future insurability rights under all policies we issued for the life insured cannot, in total, exceed the limit stated in the tables on page 13. We will limit an individual increase under this policy for an event so the applicable limit is not exceeded

- for each Cover type, the sum of the increases across all policies we have issued in respect of the life insured do not exceed the lesser of:
 - a lump sum amount of \$1 million, or if an instalment benefit payment type applies, an **equivalent instalment amount**
 - the amount insured for each Cover type at the **Cover start date**.
- for personal events, the application to increase the relevant amount insured is made within 30 days of either the:
 - occurrence of the personal event
 - policy anniversary following the personal event.
- for business events and policy events, the application to increase the relevant amount insured is made within 30 days of the policy anniversary following the business or policy event, as applicable
- all conditions set out for the relevant personal, business or policy event in the tables on pages 54 to 57 are met
- if the Business Guarantee Option applies, it has not been exercised for the same event.

Any exclusions, loadings or special conditions that apply to the existing Cover will apply to the increased amount.

Future Insurability is not available under the Business TPD definition.

Limits to benefits in the first six months

Limits on increases for various personal and policy events

We limit benefits during the first six months after we increase the Life, TPD and/or Trauma and/or Extra Care Accidental death Cover amount insured for a life insured under Future Insurability.

- mortgage
- marriage
- **dependant child** starting secondary school
- salary package increase
- obtaining of an undergraduate degree
- **spouse** dying
- divorce
- third policy anniversary
- becoming a carer
- change in tax dependency status.

In particular, we will pay the increased portion of the Life Cover only if the life insured suffers an **accidental death**.

We will pay the increased portion of the TPD Cover amount insured only if the life insured suffers **accidental total and permanent disablement**.

We will pay the increased portion of the Trauma Cover amount insured only if the life insured suffers an **accidental trauma condition**.

Limits on increases for business events

We also limit benefits during the first six months after increasing the TPD and/or Trauma amount insured for a life insured if the increase was because of the:

- increased value of the life insured's financial interest in their business
- increased value of the life insured, as a key person, to the business.

In particular, we will pay the increased portion of the TPD Cover amount insured only if the life insured suffers **accidental total and permanent disablement**.

We will pay the increased portion of the Trauma Cover amount insured only if the life insured suffers an **accidental trauma condition**.

Limits on increases for birth or adoption

We limit benefits during the first six months after increasing a life insured's TPD Cover and/or Trauma Cover amount insured if the increase was because of the birth or adoption of the life insured's child.

We will pay the increased portion of the TPD Cover amount insured which exceeds \$50,000 only if the life insured suffers **accidental total and permanent disablement**. If an instalment benefit payment type applies, the reference to \$50,000 is to an **equivalent instalment amount**.

We will pay the increased portion of Trauma Cover amount insured which exceeds \$50,000 only if the life insured suffers an **accidental trauma condition**. If an instalment benefit payment type applies, the reference to \$50,000 is to an **equivalent instalment amount**.

Indexation

Applies to your Cover only if it is shown in the Policy Schedule.

If indexation applies, at each policy anniversary the amount insured for Life Cover, TPD Cover, Trauma Cover, Child Cover and Extra Care Cover will automatically increase by the greater of:

- the '**indexation factor**'.
- a percentage amount we choose to offer from time to time
- 5%.

If indexation applies to Trauma Cover, the same indexation will apply to the Complications of Pregnancy Benefit and the Congenital Abnormality Benefit under the Baby Care Option if it is shown on the Policy Schedule.

As the sum insured increases, the premium may also increase. Payment of the premium will constitute your acceptance of the increase in Cover due to indexation.

The policy owner under OneCare, or the life insured under OneCare Super, can decline the increase in any year by notifying us within 30 days of the policy anniversary.

The policy owner under OneCare, or the life insured under OneCare Super can also tell us to stop indexation permanently. However, we may ask for medical information if you later wish to reinstate indexation.

If a TPD SuperLink arrangement exists, we will apply any changes to the amount insured in one policy to the other **linked policy**.

When indexation ends

We will cease to offer indexation for a Cover on the earlier of:

- the Cover expiry date shown on the Policy Schedule
- for Life Cover, TPD Cover and Trauma Cover, when the Premium Freeze is exercised. Please see page 58.

Indexation factor

We determine the '**indexation factor**' each year based on the percentage increase in the Consumer Price Index (CPI). We use the CPI weighted average of eight capital cities combined, as published by the Australian Bureau of Statistics or its successor, for the 12 month period ending on 31 December each year. We apply the **indexation factor** from 1 May in the following year.

If the CPI reduces over the relevant period, the **indexation factor** will be zero. Any subsequent increases in the CPI will first be offset against the previous reduction(s) in the CPI when we determine the next **indexation factor**.

If the CPI is not published, we will calculate the **indexation factor** from another retail price index which in our actuary's opinion is the closest to it.

Premium Freeze

Only available for Life Cover, TPD Cover and Trauma Cover with stepped premiums. Not available for Extra Care Cover or Child Cover, Cover under SuperLink arrangements or Cover with level premiums.

If Premium Freeze is activated for a Cover, at each policy anniversary date we:

- fix the premium for the Cover at the level that applied before the policy anniversary
- recalculate the amount insured for the Cover, so the amount insured generally reduces to the amount which can be purchased by the fixed premium based on the premium rates that apply at the time
- continue to adjust the Policy Fee by the **indexation factor**.

While Premium Freeze is activated for a Cover:

- the amount insured for the Cover cannot be less than \$10,000, or if an instalment benefit payment type applies, an **equivalent instalment amount**. If the amount insured reduces below this minimum level, the Premium Freeze will end. We will then recalculate the premium for the Cover so the amount insured does not reduce below this minimum level
- Indexation and Future Insurability increases to the Cover amount insured are not available.

The policy owner under OneCare, or the life insured under OneCare Super, may activate Premium Freeze for a Cover. They can do so by applying in writing to us within 30 days of the policy anniversary.

The Policy Schedule will show if Premium Freeze is activated for a Cover.

The policy owner under OneCare, or the life insured under OneCare Super, may cancel Premium Freeze for a Cover by applying in writing to us within 30 days of the policy anniversary. However, Premium Freeze cannot be cancelled while we are waiving premiums for the Cover under the Premium Waiver Disability Option. The cancellation of Premium Freeze is subject to our approval.

If Premium Freeze is cancelled, the policy owner under OneCare, or the life insured under OneCare Super, may also apply to recommence indexation increases. The recommencement of indexation increases is subject to our approval.

Life Cover Buy Back (TPD)

Only available if TPD Cover is attached to Life Cover, as shown in the Policy Schedule. Not available under the Business TPD definition. Not available for stand-alone TPD Cover or TPD Cover attached to Trauma Cover only.

If we pay or begin to pay the full TPD Cover insured for a life insured, the policy owner or the life insured under OneCare Super can buy back Life Cover for the life insured.

Life Cover can be bought back up to the amount of the **TPD Benefit** we paid or are paying.

We will make the offer 12 months after the later of the date we receive the completed claim form and the date the life insured satisfied the TPD definition.

We must receive written acceptance of our offer within 30 days of the offer being made.

Life Cover Buy Back cannot be exercised if either:

- we have previously paid a Terminal Illness Benefit for the life insured
- we have previously paid an Extended Terminal Medical Condition Benefit for the life insured
- the Double TPD Option applies for the life insured. Please see page 60
- we have paid or begun to pay only a part of the TPD Cover lump sum or instalment amount insured, including a **Partial TPD Benefit**.

If we subsequently pay or begin to pay the full balance of the TPD Cover amount insured, Life Cover Buy Back can be exercised for the total **TPD Benefits** paid.

The premium for the new Life Cover will be based on the premium rates applying at the time Life Cover is bought back.

Any loadings and exclusions under the original Life Cover will apply to the new Life Cover. The new Life Cover will also have the same benefit payment type as the original Cover.

Future Insurability, Premium Waiver Disability Option, Serious Disability Premium Waiver and the Business Guarantee Option are not available to the new Life Cover.

Life Cover Buy Back (Trauma)

Only available if Trauma Cover is attached to Life Cover as shown on the Policy Schedule. Not available for stand-alone Trauma Cover or Trauma Cover attached to TPD Cover only.

Non Super

If we pay or begin to pay the full trauma amount insured for a life insured, we will offer you the opportunity to buy back Life Cover for the life insured.

You can buy back Life Cover up to the amount of the Trauma Benefit we paid or are paying.

We will offer Life Cover Buy Back either:

- six months after the later of the date we receive the completed claim form and the date the life insured first satisfies any of the following trauma conditions:
 - **Alzheimer's disease**
 - **blindness (severe)**
 - **deafness (severe)**
 - **dementia**
 - **loss or paralysis of limb**
 - **multiple sclerosis**
 - **Parkinson's disease.**
- 12 months after the later of the date we receive your completed claim form and the date the life insured first satisfies any other trauma condition not listed above.

We must receive your written acceptance of our offer within 30 days of the offer being made.

Life Cover Buy Back cannot be exercised if either:

- we have previously paid a Terminal Illness Benefit for the life insured
- we have previously paid an Extended Terminal Medical Condition Benefit for the life insured
- the Double Trauma Option applies to the life insured. Please see page 61
- we have paid or began to pay only a part of the Trauma Cover lump sum or instalment amount insured.

If we subsequently pay or begin to pay the full balance of the Trauma Cover amount insured for another trauma condition, you can exercise Life Cover Buy Back for the total Trauma Cover amount paid.

The premium for the new Life Cover will be based on the premium rates applying at the time Life Cover is bought back.

Any loadings and exclusions under the original Life Cover will apply to the new Life Cover. The new Life Cover will also have the same benefit payment type as the original Cover.

Future Insurability, Serious Disability Premium Waiver, Premium Waiver Disability Option and the Business Guarantee Option are not available to the new Life Cover.

Extra cost options for lump sum Covers

OneCare offers extra cost options so you can further tailor your Cover to your requirements.

These extra cost options are not available for Child Cover.

Some of the options are not available for some types of Cover. This **PDS** will explain where an option is not available.

Business Guarantee Option

This option only applies to a Cover for a life insured if it is shown on the Policy Schedule.

This option is not available under Extra Care Cover, Child Cover or under TPD Cover with the Business TPD definition.

Non Super

Super

The Business Guarantee Option applies for Cover taken out for a 'business insurance purpose' we approve.

This option allows the policy owner, or the life insured under OneCare Super, to apply to increase the amount insured for that Cover without supplying medical evidence. This can be done when the value associated with the business insurance purpose increases and if all conditions set out below are met.

A 'business insurance purpose' includes key person insurance, loan guarantee insurance and insurance which supports a written business succession agreement, including buy/sell or share purchase agreements. A business insurance purpose also includes any other business insurance purpose we approve.

To apply for this option, the life insured must be within the required entry ages for each of the Covers for stepped premiums or aged between 15 and 60 for level premiums. Please see page 15.

Limits on increase in Cover

Each of the following limits and conditions will apply to a proposed increase under this option.

1. An application to increase can only be made once in any 12 month period.
2. The reason for each proposed increase must concern the business insurance purpose we originally approved. The proposed increase must not exceed the increase in value associated with that purpose.

We will calculate the value associated with the business insurance purpose when the application is made under this Option. We will use the same methodology we used to calculate that value under the original application for Cover.

3. The total to which an amount insured can be increased over the life of the policy cannot exceed the lesser of:

- three times the original amount insured
- the following lump sum amounts, or if an instalment benefit payment type applies, an **equivalent instalment amount**:

Living Expense Cover

Business Expense Cover

Income Secure Cover

Extra Care Cover

Child Cover

Trauma Cover

SuperLink TPD Cover

Total and Permanent Disability Cover

Life Cover

- Life Cover – \$15 million
 - TPD Cover – \$5 million. Except for white collar occupations, amounts greater than \$3 million are to be purchased as Non-working TPD, or Super Non-working TPD under Cover through **super**
 - Trauma Cover – \$2 million.
 - the maximum amount of Cover available for that Cover type. Please see page 13.
4. If more than three years have passed since this option started and no Cover has increased under this option in the previous three years, we limit the maximum individual increase available. The limit will be the lesser of:
- the increase in value associated with the business insurance purpose
 - three times the original amount insured
 - the following lump sum amounts, or if an instalment benefit payment type applies, an **equivalent instalment amount**:
 - Life Cover – \$2 million
 - TPD Cover – \$2 million
 - Trauma Cover – \$2 million.
5. We will limit any future increase if the amount insured at the **Cover start date** is less than the value associated with the business insurance purpose. We limit an increase so the proportion the increased amount insured bears to the value associated with the business insurance purpose does not exceed the proportion that applied at the **Cover start date**.

Evidence required

An application under this option must include:

1. for 'buy/sell', share purchase or business succession purposes – a current valuation of the business by a qualified accountant or business valuer.

The accountant or valuer can be the same person or firm who provided us with financial evidence of the value associated with the business insurance purpose under the original application for this option. They can also be any other person or firm we agree to, using the same methodology
2. for loan guarantee insurance purposes – a current loan statement or agreement detailing the loan balance and terms of the loan when the increase is applied for
3. for key person insurance purposes – current business financial statements and income tax returns for the most recent financial years and a calculation of how key person Cover need has been determined.

The application must also include confirmation the life insured is actively at work in their usual occupation when the increase is applied for.

We may also request further information to assess the application, except medical evidence.

When you cannot exercise this option

This option cannot be exercised if any of the following apply:

- an application has been submitted for an increase under Future Insurability for the same event. Please see page 53 for details of Future Insurability
- the policy owner, the life insured or another person has claimed, or is entitled to claim, in respect of the life insured under any policy we issued covering death, terminal illness, TPD or trauma. This includes this policy or any other policy we issued in respect of the life insured.

When you can remove this option

The policy owner, or the life insured under OneCare Super, can remove this option from a Cover, but only if we have never increased any Cover amount insured under this option.

Meaning of 'value associated with the business insurance purpose'

A life insured is a 'key person' to a business if they are crucial to the business operations and the business would suffer financial loss if the life insured died or became disabled. This must be able to be reasonably demonstrated to us.

In the context of key person insurance 'the value associated with the business insurance purpose' means the value of the life insured to the business.

In the context of 'loan guarantee insurance', 'the value associated with the business insurance purpose' means the amount of the business loan for which the life insured is personally responsible.

'Business succession agreement' means a legally binding agreement between business partners under which the life insured's share of the business is to be purchased by another partner when defined events occur. In this context 'the value associated with the business insurance purpose' means the value of the life insured's financial interest in the business.

Double TPD Option

Only available if TPD Cover is attached to Life Cover, as shown on the Policy Schedule. Not available under the Business TPD definition. Not available for stand-alone TPD Cover or TPD Cover attached to Trauma Cover only.

If the Double TPD Option is selected, it replaces the Life Cover Buy Back standard feature. Please see page 58.

Under this option, if we pay or begin to pay the full TPD Cover amount insured for a life insured, we will reinstate the Life Cover amount insured reduced by the **TPD Benefit** payment. The life insured must survive without life support for the period set out below:

TPD definition	Parts of the TPD definition to which the survival period applies	Survival period – starts the day the life insured satisfies the TPD definition
Any Occupation, Own Occupation and Home-maker	2, 3 and 4	8 days
Non-working	1 and 2	8 days
Super Non-working	1 and 2	8 days
SuperLink SIS Own Occupation	2, 3 and 4	8 days

However, we will not reinstate Life Cover under this option if any of the following apply:

- we have previously paid a Terminal Illness Benefit for the life insured or the life insured is **terminally ill**
- we have previously paid an Extended Terminal Medical Condition Benefit for the life insured
- the life insured does not satisfy the survival period
- we pay or begin to pay only a part of the TPD Cover lump sum or instalment amount insured, including a **Partial TPD Benefit**.

If we subsequently pay or begin to pay the full balance of the TPD Cover amount insured, we will reinstate Life Cover up to the TPD Cover amount insured.

We will waive premiums for the reinstated Life Cover from the date we pay or begin to pay the full TPD Cover amount insured. We waive premiums until the life insured dies.

Any exclusions under the original Life Cover will apply to the new Life Cover.

Indexation, Future Insurability and the Business Guarantee Option are not available under the reinstated Life Cover.

This option expires at the policy anniversary when the life insured is age 65.

Double Trauma Option

Only available where Trauma Cover is attached to Life Cover as shown on the Policy Schedule. Not available for stand-alone Trauma Cover or Trauma Cover attached to TPD Cover only.

If the Double Trauma Option is selected, it replaces the Life Cover Buy Back standard feature. Please see page 59.

Under this option, if we pay or begin paying the full Trauma Cover amount insured for a life insured, we reinstate the Life Cover amount insured that was reduced when we paid the Trauma Cover amount insured.

The life insured must survive for eight days without life support after the date of diagnosis of the condition, or the date of the procedure, for which we paid the Trauma Benefit.

The life insured must meet this survival period as well as any time requirement under the relevant trauma condition definition.

However, we will not reinstate Life Cover under this option if any of the following apply:

- we have previously paid a Terminal Illness Benefit for the life insured or the life insured is **terminally ill**
- we have previously paid an Extended Terminal Medical Condition Benefit for the life insured
- we pay or begin to pay only a part of the Trauma Cover amount insured.

However, if we subsequently pay or begin to pay the full balance of the Trauma Cover amount insured for another trauma condition, we will reinstate Life Cover up to the Trauma Cover amount insured.

We will waive premiums for the reinstated Life Cover from the date we pay or begin to pay the full Trauma Cover amount insured. We waive premiums until the life insured dies.

Any exclusions under the original Life Cover will apply to the new Life Cover.

Indexation, Future Insurability and the Business Guarantee Option are not available under the reinstated Life Cover.

This option ends at the policy anniversary when the life insured is age 65.

Example

Terry took out a policy with:

- Life Cover – \$750,000
- Attached TPD Cover – \$750,000
- Attached Trauma Cover – \$400,000
- Extra cost option – Double Trauma.

The Covers are attached Covers meaning that any benefit paid under one Cover would reduce all Covers by the amount of the benefit paid.

After a successful claim under Trauma Cover, Terry received the Trauma Cover benefit of \$400,000.

This reduced all his attached Covers by \$400,000. However, the Double Trauma extra cost option immediately reinstated the reduced portion of his Life Cover.

Accordingly, Terry's policy now consists of:

- Life Cover = \$750,000 (\$400,000 of which has premiums waived)
- TPD Cover = \$350,000
- Trauma Cover = \$0.

If we pay or begin paying the full TPD Cover amount insured for a life insured, the policy owner (or the life insured under OneCare Super) can choose to purchase Life Cover for the life insured. Life Cover can be purchased up to the amount of the **TPD Benefit** we paid or are paying.

We will make the offer 12 months after the later of the date we received the completed claim form and the date the life insured satisfied the TPD definition.

We must receive written acceptance of the offer within 30 days of the offer being made.

This option can only be exercised once.

The Life Cover Purchase Option cannot be exercised if either:

- we have previously paid a Terminal Illness Benefit for the life insured
- we have previously paid an Extended Terminal Medical Condition Benefit for the life insured
- we have paid or begun to pay only a part of the TPD Cover lump sum or instalment amount insured, including a **Partial TPD Benefit**.

However, if we subsequently pay or begin to pay the full balance of the TPD Cover amount insured, this option can be exercised for the total **TPD Benefits** paid.

The premium for the new Life Cover will be based on the premium rates applying when the option is exercised.

Any loadings, exclusions and **benefit payment type** under the original TPD Cover will apply to the new Life Cover.

Future Insurability, Serious Disability Premium Waiver, Premium Waiver Disability Option and the Business Guarantee Option are not available under the new Life Cover.

This option expires at the policy anniversary when the life insured is age 65.

Life Cover Purchase Option (Trauma)

Only available with stand-alone Trauma Cover and Trauma Cover with attached TPD Cover, if shown on the Policy Schedule. Not available for Trauma Cover attached to Life Cover.

If we pay or begin paying the full Trauma Cover amount insured for a life insured, we will offer you the opportunity to purchase Life Cover for the life insured. You can purchase Life Cover up to the amount of the Trauma Benefit we paid or are paying.

We will offer Life Cover Purchase either:

- six months after the later of the date we received your completed claim form and the date the life insured first satisfied any of the following trauma conditions:
 - **Alzheimer's disease**
 - **blindness (severe)**
 - **deafness (severe)**
 - **dementia**
 - **loss or paralysis of limb**
 - **multiple sclerosis**
 - **Parkinson's disease.**
- 12 months after the later of the date we received your completed claim form and the date the life insured first satisfied any other trauma condition not listed above.

We must receive your written acceptance of the offer within 30 days of the offer being made.

You can only exercise this option once.

You cannot exercise the Life Cover Purchase Option if either:

- we have previously paid a Terminal Illness Benefit for the life insured
- we have previously paid an Extended Terminal Medical Condition Benefit for the life insured
- we have paid or begun to pay only part of the Trauma Cover lump sum or instalment amount insured

However, if we subsequently pay or begin paying the full balance of the Trauma Cover amount insured for another trauma condition, you can exercise this option for the total Trauma Benefit paid.

The premium for the new Life Cover will be based on the premium rates applying when you exercise this option.

Any loadings and exclusions under the original Trauma Cover will apply to the new Life Cover. The new Life Cover will also have the same benefit payment type that applied to the original Trauma Cover.

Future Insurability, Serious Disability Premium Waiver, Premium Waiver Disability Option and the Business Guarantee Option are not available under the new Life Cover.

This option expires at the policy anniversary when the life insured is age 65.

Premium Waiver Disability Option

This option only applies to a Cover for a life insured if it is shown on the Policy Schedule. It is not available under Child Cover.

Under the Premium Waiver Disability Option, we will waive premiums for the life insured from the date they become **disabled** for Life Cover, TPD Cover, Trauma Cover and/or Extra Care Cover, as applicable. We waive premiums while the life insured is either:

- **on claim** under Income Secure Cover, Business Expense Cover or Living Expense Cover up until the policy anniversary when they are age 65
- **disabled**, after having been **disabled** for six consecutive months, up until the policy anniversary when the life insured is age 65.

If we waive a premium under this option we will also waive the premium for Cover during the:

- waiting period under Income Secure, Business Expense or Living Expense Cover
- first six consecutive months of the life insured's **disability**.

Indexation increases will continue to apply to Covers for which premiums are being waived, and premiums which relate to any indexation increases will be waived.

If we are waiving premiums for all Covers under a policy for the life insured, we will also waive premiums for any Child Cover under the same policy.

Before we will waive premiums, you must pay any premium owing for any period before the entitlement to the Premium Waiver commences.

We will not waive premiums for:

- Life Cover provided under Life Cover Buy Back or the Life Cover Purchase Option
- Trauma Cover provided under the Trauma Cover Reinstatement Option.

The Premium Waiver Disability Option expires on the policy anniversary when the life insured is age 65, whether the life insured is **on claim** or not.

The following definitions apply in this section only:

'Disabled/disability' means that, as a result of **illness** or **injury**, the life insured either has been:

- unable to engage in any occupation for which they are reasonably suited by their education, training or experience – if the life insured was engaged in paid **employment** before disablement, or
- under the care of a **medical practitioner** and has been unable to perform 'normal domestic duties', leave their **home** unaided, or engage in any occupation for which they are reasonably suited by their education, training

or experience (if the life insured was not engaged in paid **employment** prior to disablement).

- if you have Cover through **super** - under the care of a **medical practitioner** and has been unable to perform 'normal domestic duties' and leave their **home** unaided and engage in any occupation for which they are reasonably suited by their education, training or experience – if the life insured was not engaged in paid **employment** before disablement.

'Normal domestic duties' means the tasks performed by a person whose sole occupation is to maintain their family **home**. These tasks include unassisted cleaning of the **home**, cooking of meals for their family, doing their family's laundry, shopping for their family's food and taking care of **dependant children** (where applicable). 'Normal domestic duties' does not include duties performed outside the life insured's **home** for salary, reward or profit.

Value Protector Option

This option only applies to a Cover if it is shown on the Policy Schedule.

This option is only available if you have chosen a fixed term instalment benefit payment type. It is not available under Trauma Premier, Extra Care Cover, Child Cover or Cover held through super.

Under the Value Protector Option, while the life insured is **on claim**, we will increase the monthly instalment amount by 3% at every claim anniversary.

This option is only available under Death, TPD and Trauma Cover held outside **super**.

Trauma Cover Reinstatement Option

This option only applies to Trauma Cover for a life insured if shown on the Policy Schedule.

We offer Trauma Cover Reinstatement if we pay or begin paying the full Trauma or TPD Cover amount insured where the life insured's TPD Cover is attached to Trauma Cover. The TPD Cover may also be attached to both Trauma and Life Cover. We will offer you the opportunity to reinstate the full Trauma Cover amount insured that we paid, are paying or that applied before reduction, for the life insured.

The condition causing the TPD Cover claim must satisfy one of the Trauma Cover condition definitions.

We will offer Trauma Cover Reinstatement either:

- six months after the later of the date we receive your completed claim form and the date the life insured first satisfies any of the following trauma conditions:
 - **Alzheimer’s disease**
 - **blindness (severe)**
 - **deafness (severe)**
 - **dementia**
 - **loss or paralysis of limb**
 - **multiple sclerosis**
 - **Parkinson’s disease.**
- 12 months after the later of the date we received your completed claim form and the date the life insured first satisfied any other trauma condition not listed above.

We must receive your written acceptance of our offer within 30 days of the offer being made.

You cannot exercise the Trauma Cover Reinstatement Option if we have either:

- previously paid a Terminal Illness Benefit in respect of the life insured
- we have previously paid an Extended Terminal Medical Condition Benefit for the life insured
- paid or begun to pay only a part of the Trauma Cover lump sum or instalment amount insured.

However, if we subsequently pay or begin paying the full balance of the Trauma Cover amount insured for another trauma condition, you can exercise this option for the total Trauma Cover amount paid

- previously paid a benefit under TPD Cover in respect of a life insured that did not relate to a defined trauma condition under this policy.

The premium for the reinstated Trauma Cover will be based on the premium rates applying when you exercise this option.

We will apply any loadings and exclusions that applied to the original and subsequent Trauma Covers to the reinstated Trauma Cover. The reinstated Trauma Cover will also have the same benefit payment type as the original and subsequent Trauma Covers.

Indexation, Premium Waiver Disability Option, Future Insurability, Business Guarantee Option and the Value Protector Option are not available under the reinstated Trauma Cover.

We will not pay a claim under the reinstated Trauma Cover for the following:

- the same trauma condition for which we paid a claim under the original or subsequent Trauma Cover(s)
- the trauma condition for which we paid a claim under the TPD Cover which resulted in the Trauma Reinstatement Option being triggered

- **angioplasty – triple vessel, aortic surgery, cardiac arrest (out of hospital), cardiomyopathy, coronary artery by-pass surgery, heart attack (diagnosed), kidney failure (chronic), open heart surgery or primary pulmonary hypertension (Idiopathic Pulmonary Arterial Hypertension)** – if we paid a claim for any of these trauma conditions under the original or subsequent Trauma Cover(s)
- **loss or paralysis of limb or blindness (severe)** (where either of these trauma conditions are caused by a cerebrovascular accident) or **stroke (diagnosed)** – if we paid a claim for **angioplasty – triple vessel, aortic surgery, cardiac arrest (out of hospital), cardiomyopathy, coronary artery by-pass surgery, heart attack (diagnosed), kidney failure (chronic), liver disease (chronic), open heart surgery or primary pulmonary hypertension (Idiopathic Pulmonary Arterial Hypertension)** under the original or subsequent Trauma Cover(s) or the original TPD Cover(s)
- **cancer, carcinoma in situ, chronic lymphocytic leukaemia or melanoma (early stage)** – if we paid a claim for any of these trauma conditions under the original or subsequent Trauma Cover(s) or the original TPD Cover(s)

- **diabetes (severe)** – if we paid a claim for **angioplasty, angioplasty – triple vessel, aortic surgery, cardiac arrest (out of hospital), cardiomyopathy, coronary artery bypass surgery, heart attack (diagnosed), heart valve surgery, heart surgery (minor), kidney failure (chronic), liver disease (chronic), open heart surgery, primary pulmonary hypertension (Idiopathic Pulmonary Arterial Hypertension) or stroke (diagnosed)** under the original or subsequent Trauma Cover(s) or the original TPD Cover(s)
- **kidney failure (chronic), liver disease (chronic), lung disease (chronic) or primary pulmonary hypertension (Idiopathic Pulmonary Arterial Hypertension)** – if we paid a claim for **systemic sclerosis** under the original or subsequent Trauma Cover(s) or the original TPD Cover(s)
- **loss of independent existence** – if the cause is any trauma condition which we have already paid a claim for under the original or subsequent Trauma Cover(s) or the original TPD Cover(s)
- **Alzheimer’s disease or dementia** – if we paid a claim for either of these trauma conditions under the original or subsequent Trauma Cover(s) or the original TPD Cover(s).

We do not cover and do not pay any benefit under the reinstated Trauma Cover for any trauma condition:

- that first occurs or is first diagnosed before the date we reinstated the Trauma Cover
- that is directly or indirectly related to a trauma condition for which we have paid, or are paying
- if the symptoms leading to the condition occurring or being diagnosed first become **reasonably apparent** before the date we reinstated the Trauma Cover.

If Trauma Cover is reinstated under the Trauma Cover Reinstatement Option, we do not reinstate the Baby Care Option. Please see adjacent column for details of the Baby Care Option.

Premier Maximiser Option

This option only applies to Trauma Premier Cover and only applies for a life insured if shown on the Policy Schedule.

This option doubles the amount we pay for any partial payment condition under Trauma Premier Cover.

If a Trauma Benefit is payable for **angioplasty, heart surgery (minor)**, we will double the partial benefit payable to 20% of the Trauma Cover amount insured. However, this is subject to a maximum of \$40,000, or an **equivalent instalment amount** where the instalment benefit payment type applies.

If a Trauma Benefit is payable for any of the following listed trauma conditions, we will double the partial benefit payable to 40% of the Trauma Cover amount insured. We will only pay once across all OneCare policies held by the life insured. However, this is subject to a maximum of \$200,000, or an **equivalent instalment amount** where the instalment benefit payment type applies:

We do not cover and do not pay a benefit for a Baby Care condition if either the:

- condition first occurs or is first diagnosed during the first 12 months after the Baby Care Option commences or is reinstated
- symptoms leading to that condition occurring or being diagnosed first become **reasonably apparent** during the first 12 months after the Baby Care Option commences or is reinstated.

Payment does not reduce the Trauma Cover amount insured

Payment of a benefit under this Baby Care Option will not reduce the Trauma Cover amount insured.

Multiple claims and multiple births

We pay multiple claims under the Baby Care Option. However, we will only pay one claim:

- per child
- under each Baby Care Option benefit.

For multiple births such as twins, we will only pay one claim per child per Baby Care benefit.

We do not pay in some circumstances

Despite anything else in this **PDS**, we do not pay any benefit under the Baby Care Option in some circumstances. Please see page 17.

Baby Care Option is not reinstated under Trauma Reinstatement Option

If Trauma Cover is reinstated under the Trauma Cover Reinstatement Option, the Baby Care Option will not be reinstated. Please see page 63 for details of the Trauma Cover Reinstatement Option.

When Baby Care Option ends

The Baby Care Option ends and our liability to pay any benefit under the Baby Care Option ceases automatically on the earliest of the:

- policy anniversary when the life insured is age 45
- date a payment has been made under each Baby Care Option Benefit
- full payment of the Trauma Cover amount insured
- Cover expiry date shown on the Policy Schedule
- date we receive your written notification to cancel the Cover
- date we lawfully cancel and/or avoid the Cover
- date we cancel the policy because you have not paid the premium when due
- date the Baby Care Benefit is reduced to zero.

Extension of Baby Care Option

You will have the option to apply for Child Cover at your child's second birthday. If you do so, we will extend the Cover provided by the Baby Care Option for 30 days, while you submit the application for Child Cover.

Income Secure Cover

The ability to earn an income is an important asset. An **injury** or **illness** that prevents you from working can have a significant financial impact, both short term and long term.

Income Secure Cover can replace up to 80% of your monthly income if you cannot work because of **illness** or **injury**. You can use this money to pay the bills and stay on top of day-to-day living expenses while you recover.

Cover is available for a broad range of occupations. However, some options and features are only available to certain occupations. Your **financial adviser** can explain whether an option or feature is available for the life insured's occupation.

Choosing the right Cover

This section explains the benefits, features and options of the Income Secure Cover we offer.

You can tailor your Income Secure Cover by choosing:

- whether to hold Income Secure Cover within or outside super
- the Cover type you need. We offer Special Risk, Basic, Standard, Comprehensive, Professional and SuperLink Cover
- the amount of your Cover
- the benefit payment type. We offer guaranteed and indemnity benefit payments
- the waiting period
- the benefit period
- any extra cost options you need.

Your premium will depend on your choices.

It's important to choose Cover and options that are right for you – considering your income, daily expenses and lifestyle goals.

Important features of Income Secure Cover

You can hold Cover through super or outside super

You can hold Income Secure Cover under a policy outside **super** or within a **super** fund.

However, not all features and options are available if you hold Income Secure Cover through super or with all Cover types. This **PDS** will tell you if a benefit, feature or option is not available.

When Cover starts

Income Secure Cover for a life insured starts on the **Cover start date** for Income Secure Cover set out in the Policy Schedule.

The life insured must meet entry conditions

Please see page 15 for details of minimum and maximum entry ages and other eligibility conditions for a life insured under Income Secure Cover.

Limits on the amount of Cover apply

Please see page 14 for details of the minimum and maximum amount of Income Secure Cover that can be applied for.

We pay one benefit at a time

We only pay one '**monthly amount insured payable**', including the Priority Income Option, at a time for a life insured under Income Secure Cover. This is so even if the life insured suffers more than one **illness or injury** that causes **total disability or partial disability**.

This applies to the **Total Disability Benefit, Partial Disability Benefit, Specific Injury Benefit, Trauma Recovery Benefit, Nursing Care Benefit** and benefits under the Accident Option and the Premier Accident Option. Details of these benefits, and about the '**monthly amount insured payable**' are set out in the following sections of this **PDS**.

A separate waiting period applies for each **illness or injury** for which you can claim under Income Secure Cover, unless it is a recurring claim. Please see page 76.

A life insured may be covered under more than one in-force Income Secure Cover, intending that when the benefit period on one Cover expires, the benefit period on another Cover will commence. In this case, we will pay only one '**monthly amount insured payable**' even if the benefit periods of such Covers overlap at any time. If the Covers have a different '**monthly amount insured payable**', we will pay the highest '**monthly amount insured payable**' while the benefit periods overlap.

You can link Income Secure Cover through super with Cover outside super

You can link Income Secure Cover under a policy held through super with Income Secure Cover under a policy outside super.

We offer two types of Income Secure SuperLinking:

- Income Secure Basic SuperLink - links Basic Cover to a non-super policy that will pay a **total or partial disability** benefit only if the life insured is **unemployed** at the time of **injury or illness**. Please see page 82 for details.
- Income Secure SuperLink - links Income Secure Cover through super with an Income Secure policy outside super that offers a wider variety of benefits than the non-super policy under Basic SuperLink. Please page 81 for details.

Blood borne diseases

If the life insured is a health care professional and contracts a blood borne disease such as HIV, Hepatitis B or C, factors other than physical inability due to illness can affect their ability to work.

The following is our approach to claims.

Three situations could affect the life insured. In all situations, the life insured must notify the relevant governing body of their medical condition:

- the life insured discloses their condition to their patients. This may lead some patients to seek medical treatment elsewhere. It could also be difficult for the life insured to attract new patients
- the life insured chooses to cease performing 'exposure prone' procedures, as defined by the relevant governing body
- the life insured's governing body advises the life insured to cease performing 'exposure prone' procedures, as defined by the relevant governing body.

In every situation it is likely the life insured's income will reduce. This is especially so for those professionals who generate a high percentage of their income from 'exposure prone' procedures.

In every case we will assess whether the life insured is **disabled** under the terms and conditions in this **PDS**.

No benefit under Basic Cover if you are unemployed

We will not pay a benefit under Basic Cover if you are **unemployed** when your **illness** or **injury** occurs, unless you are **unemployed** because of an **illness** or **injury** for which you are **on claim**.

If you cease **employment** for reasons other than **illness** or **injury**, you may wish to stop your Basic Cover. Otherwise, we will continue to charge you the premium for a benefit you may not be able to claim.

If you have selected Basic SuperLink and you suffer an **illness** or **injury** whilst **unemployed**, we may pay the benefit under the non super policy. Please see below.

Unemployment under non-super Cover

Your Income Secure Cover held outside **super** continues if the life insured becomes **unemployed**.

However, after 12 months of **unemployment** of the life insured:

- if you have Standard, Income Secure SuperLink, Comprehensive or Professional Cover – the life insured's '**regular occupation**' for determining **total** or **partial disability** will change, unless the life insured is **unemployed** because of an **illness** or **injury** for which they are **on claim**. Please see the definition of '**regular occupation**' on page 122.
- if you have Special Risk Cover or the life insured's occupation category shown on the Policy Schedule is R, your Cover will cease unless the life insured is **unemployed** because of an **illness** or **injury** for which they are on claim.

How we treat elective surgery

We consider a life insured to have suffered an **injury** where the life insured undergoes elective surgery that a **medical practitioner** advises is medically necessary for the life insured or for another person (for example live donation of a bodily organ medically necessary for another person). We will pay a benefit if the life insured meets all other requirements for payment of the benefit.

We do not cover elective surgery that is not medically necessary for the life insured or another person.

We do not pay in some circumstances

Despite anything else in this **PDS**, we do not pay a benefit under Income Secure Cover in some circumstances. Please see page 17.

The Policy Schedule will show the Cover you have

The Policy Schedule will show if Income Secure Cover applies to a life insured and if so:

- the Cover type. This could be Special Risk, Basic, Basic SuperLink, Standard, Comprehensive, Income Secure SuperLink or Professional
- the **monthly amount insured**
- the Income Secure Cover structure, that is whether you have:
 - stand-alone Income Secure Cover
 - Income Secure SuperLinking
- the benefit payment type. This could be guaranteed or indemnity
- the waiting period chosen
- the benefit period chosen
- the life insured's occupation category
- any extra cost options chosen.

Key benefit – Total Disability Benefit

This section explains the key benefits under Income Secure Cover.

When we pay

We pay the **Total Disability Benefit** if the life insured both:

- is **totally disabled** due to **illness** or **injury**
- meets the conditions in the table 'Eligibility conditions for Total Disability and Partial Disability Benefit' on page 75.

However, if you have Income Secure Basic SuperLink, we do not pay a **Total Disability Benefit** under both **linked policies**, even if you meet the requirements stated above under both policies. We only pay one **Total Disability Benefit** under one **linked policy** at a time in respect of the same **illness** or **injury**. To determine under which policy we will pay, please see page 82.

We pay the Total Disability Benefit:

- after completion of the waiting period
- monthly in arrears
- during the benefit period, unless we stop paying earlier. Please see below.

However, we may start to pay a **Total Disability Benefit** at a later date if we pay a Specific Injury Benefit or a Trauma Recovery Benefit in respect of the life insured. Please see pages 85 and 87.

The diagram below shows how the waiting period and payment timing work:

Total disability starts ▼	Eligibility for benefit completed ▼	We start to pay benefit ▼
Waiting period We do not pay the Total Disability Benefit during the waiting period.		One month We pay monthly in arrears.

Please see page 74 for information about the benefit period and waiting period.

We pay pro-rata if payment period is less than a month

If a payment period is less than a month, we pay $\frac{1}{30}$ of the **Total Disability Benefit** for each day of the period.

When we stop paying

We stop paying the **Total Disability Benefit** on the earliest of the:

- end of the benefit period shown on the Policy Schedule
- Cover expiry date shown on the Policy Schedule
- date the life insured stops being **totally disabled**
- date the life insured dies
- date on which the Income Secure Cover ends or is cancelled. Please see page 98.

The amount we pay

The amount of the **Total Disability Benefit** we pay for a life insured is the '**monthly amount insured payable**' as at the date that entitlement to the **Total Disability Benefit** arises.

The amount of the **monthly amount insured payable** depends on whether the policy owner has chosen either the:

- guaranteed benefit payment type
- indemnity benefit payment type.

We explain these below.

The guaranteed benefit payment type is not available under Basic Cover or Special Risk Cover.

If you have selected Income Secure SuperLinking the benefit payment type must be the same on both policies.

The **monthly amount insured payable** also depends on the '**monthly amount insured**' shown on your Policy Schedule. This is explained below.

If you have Income Secure SuperLink, we do not pay the full **monthly amount insured payable** under both **linked policies**. If you are entitled to a **Total Disability Benefit** under both linked policies in respect of the same **illness** or **injury**, we will determine the **monthly amount insured payable** under the Income Secure SuperLink (Super) policy first, in accordance with the following sections of this PDS. We will then deduct this amount from the amount of the Total Disability Benefit payable under the Income Secure SuperLink (Non-Super) policy.

Amount payable depends on monthly amount insured

The **monthly amount insured payable** under both the indemnity and guaranteed benefit payment types depends on the **monthly amount insured** shown on the Policy Schedule. This amount is determined by the life insured's **annual income**. The minimum and maximum amounts that can be insured are set out on page 14.

The **monthly amount insured** will be increased under indexation, if applicable. Please see page 94.

Indemnity benefit payment type

Under the indemnity benefit payment type, we calculate the **monthly amount insured payable** in two steps.

Firstly we calculate the lesser of the following:

- the **monthly amount insured** shown on the Policy Schedule
- 75% of the life-insured's average monthly **pre-claim earnings**, or 80% if the Priority Income Option is selected.

We then reduce the amount calculated above if certain other payments are received while **on claim**. Please see the section 'Amount we pay reduced by other payment' on page 73 for more details. This resultant sum is the '**monthly amount insured payable**'.

Under the indemnity benefit payment type, the **monthly amount insured payable** at claim time may be less than the **monthly amount insured** shown on your Policy Schedule. This will be the case if the life insured's income decreases after the policy commences.

If the Increasing Claim Option is selected, we increase the **monthly amount insured payable** while you are **on claim**. The Policy Schedule will show if the Increasing Claim Option is selected.

At claim time we must receive satisfactory financial evidence of the life insured's **pre-claim earnings**.

- Living Expense Cover
- Business Expense Cover
- Income Secure Cover**
- Extra Care Cover
- Child Cover
- Trauma Cover
- SuperLink TPD Cover
- Total and Permanent Disability Cover
- Life Cover

Guaranteed benefit payment type

Not available for Basic, Basic SuperLink or Special Risk Cover.

Under the guaranteed benefit payment type, the **monthly amount insured payable** will not decrease with the life insured's income, as long as we have verified their **pre-application income**.

You can provide proof of the life insured's **pre-application income** before or after your policy starts. We will confirm in writing if we accept the evidence provided.

If you have not provided proof of the life insured's **pre-application income** or we cannot verify it, we will note this in the Policy Schedule.

If you have Income Secure SuperLink, please see the section below headed "Guaranteed benefit payment type under SuperLinking". That section explains how the guaranteed benefit payment type works under Income Secure SuperLink.

If pre-application income verified

If we have verified the life insured's **pre-application income**, we will not review or assess the **monthly amount insured** shown on the Policy Schedule at claim time.

We calculate the '**monthly amount insured payable**' as the **monthly amount insured** shown on the Policy Schedule, reduced if certain 'other payments' are received while **on claim**. Please see on adjacent side of page for more details.

If the Increasing Claim Option is selected, we periodically increase the **monthly amount insured payable** while you are **on claim**. The Policy Schedule will show if the Increasing Claim Option has been selected.

No guarantee if pre-application income not verified

If you have not provided proof of the life insured's **pre-application income** or we have not been able to verify it, we do not guarantee the **monthly amount insured** shown on the Policy Schedule.

We will calculate the **monthly amount insured payable** in two steps.

Firstly we calculate the lesser of:

- the **monthly amount insured** shown in the Policy Schedule
- 75% of the life-insured's average monthly **pre-application income**, or 80% if the Priority Income Option is selected.

We then reduce the amount calculated above if certain other payments are received while **on claim**. Please see below for more details. This resultant sum is the '**monthly amount insured payable**'.

If the Increasing Claim Option is selected, we periodically increase the **monthly amount insured payable** while you are **on claim**. The Policy Schedule will show if the Increasing Claim Option has been selected.

We will require you to provide satisfactory financial evidence of the life insured's **pre-application income** at claim time if you have not done so before.

If you cannot, or we cannot verify the **pre-application income**, we may prescribe the financial information or evidence we reasonably require to determine the **monthly amount insured payable**.

Your premium payable is based on the **monthly amount insured** chosen, as shown in your Policy Schedule. We will not refund premiums if the life insured's **pre-application income** does not support the **monthly amount insured** shown on the Policy Schedule.

Guaranteed benefit payment type under SuperLinking

This section explains how we calculate the monthly amount insured payable under each Income Secure SuperLink policy where you have chosen the Guaranteed benefit payment type.

If you are entitled to payment of a **Total Disability Benefit** under the SuperLink (Non-Super) policy **only**, we calculate the **monthly amount insured payable** in the same way as described in the adjacent column.

If you are entitled to payment of a **Total Disability Benefit** under both the SuperLink (Super) policy and the SuperLink (Non-Super) policy, we will calculate the **monthly amount insured payable** under each policy as follows:

If we have verified the life insured's **pre-application income**:

1. Under the Income Secure SuperLink (Super) policy, we will pay the **monthly amount insured** up to the amount of the life insured's **pre-claim earnings**, reduced by any "other payments" we take into account under the SuperLink (Super) policy. See "Other payments" below.
2. Under the Income Secure SuperLink (Non-Super) policy, we will pay:
 - a. the amount by which the **monthly amount insured** exceeds the life insured's **pre-claim earnings** used to calculate the amount payable under the Income secure SuperLink (Super) policy
 - plus
 - b. any "other payments" received while on claim that we take into account under the SuperLink (Super) policy that we do not under the SuperLink (Non-Super) policy.

If we have been unable to verify the life insured's **pre-application income**:

1. Under the Income Secure SuperLink (Super) policy, we will pay the lower of the following amounts, which will then be further reduced by the amount of any "other payments" we take into account under the SuperLink (Super) policy:
 - a. the **monthly amount insured**
 - b. the life insured's **pre-claim earnings**
 - c. 75%* of the life insured's **average monthly pre-application income**

2. Under the Income Secure SuperLink (Non-Super) policy, we will pay:

a. the amount by which the lower of the following two amounts exceeds the life insured's **pre-claim earnings** (being the "pre-claim earnings" used to calculate the amount payable under the SuperLink (Super) policy):

i. **the monthly amount insured**

ii. b. 75%* of the life insured's average monthly **pre-application income**

PLUS

b. any "other payments" received while on claim that we take into account under the SuperLink (Super) policy that we do not under the SuperLink (Non-Super) policy.

* 80% if the Priority Income Option is selected.

Amount we pay reduced by other payments

In calculating the **Total Disability Benefit** we pay, we allow for 'other payments' the policy owner or the life insured receive because of the life insured's **illness or injury**.

If the policy owner or the life insured do not receive 'other payments' in any month, the amount of the **Total Disability Benefit** we pay is the **monthly amount insured payable** calculated as described above.

Otherwise, we will reduce the **Total Disability Benefit** we pay in a month so the combined total of the amount we pay and the 'other payments' does not exceed the greater of:

- the benefit otherwise payable; or
- 75% of **pre-claim earnings**, or 80% if the Priority Income Option is shown on the Policy Schedule.

However, if you have Standard, Income Secure SuperLink, Comprehensive or Professional Cover, we will not reduce the **Total Disability Benefit** by:

- **monthly earnings** due to the life insured working 10 hours* or less per week
- any **monthly earnings** which are less than 20% of the life insured's **pre-claim earnings** as described within the **totally disabled** definition.

* We will replace '10 hours' with 'five hours' if the life insured was working less than 30 hours per week immediately before the **illness or injury** and also when Income Secure Cover was applied for.

Other payments

The 'other payments' we consider in calculating your benefit amount depend on the Income Secure Cover type you have.

Professional Cover

For Professional Cover, 'other payments' are any payments received, because of the life insured's **illness or injury**, from any other disability income, illness or injury policies, including group insurance policies, that at the time of application or at the time of application for an increase in benefits, were not disclosed to us or that were disclosed to us but were to be replaced by this policy.

Comprehensive, Standard, Special Risk and SuperLink Cover

For Comprehensive, Standard, Special Risk and Income Secure SuperLink Cover, 'other payments' are any of the following any payments received because of the life insured's **illness or injury**:

- payments received from any other disability income, illness or injury policies, including group insurance policies, that at the time of application or at the time of application for an increase in benefits, were not disclosed to us or that were disclosed to us but were to be replaced by this policy
- payments received from compulsory insurance schemes such as Workers' Compensation or Accident Compensation for loss of income.
- for the super policy under Income Secure SuperLink 'other payments' also include:
 - **paid leave** from an employer, including sick leave, maternity/paternity leave, annual leave or long service leave.

Basic and Basic SuperLink Cover

For Basic and Basic SuperLink Cover, 'other payments' are any of the following payments received because of the life insured's **illness or injury**:

- payments received from any other disability income, illness or injury policies, including group insurance policies, that at the time of application or at the time of application for an increase in benefits, were not disclosed to us or that were disclosed to us but were to be replaced by this policy
- payments received from compulsory insurance schemes such as Workers' Compensation or Accident Compensation for loss of income
- **paid leave** from an employer, including sick leave, maternity/paternity leave, annual leave or long service leave.

After six months **on claim**, 'other payments' also include any **ongoing income**.

We will convert lump sum payments to monthly amounts

We will convert to a monthly amount any part of 'other payments' received as a lump sum that comprises compensation for loss of earnings that cannot be allocated to specific months.

We will allocate a monthly income amount of 1% of the loss of earnings component of the lump sum to each month that we pay the **Total or Partial Disability Benefit**. We will do so for up to eight years.

We will not offset any remaining balance of the lump sum.

What does not comprise 'other payments'

'Other payments' do not include any:

- business expenses disability insurance indemnifying against business expenses
- payments made to **dependant children**
- total and permanent disability benefits, trauma benefits, terminal illness benefits or lump sum superannuation benefits
- payment of sums awarded by a court for pain and suffering.

The insured amount decreases if disability commences after age 65 for the age 70 benefit period

We reduce the **monthly amount insured payable** for a life insured if their benefit period is to age 70 and their **disability** commences after the policy anniversary when they are age 65. We reduce the **monthly amount insured payable** to the following proportion of the **monthly amount insured** otherwise payable:

Age at policy anniversary before disability	Proportion of the amount insured payable
65	80%
66	60%
67	40%
68	20%
69	10%

Disability Payments

We may require you, or the life insured, to provide us with copies of submitted tax returns or other financial documentation which verifies the life insured's **monthly earnings/ongoing income** during a period for which we have paid a Disability Benefit. We must receive this information by any reasonable timeframe we require.

We reserve the right to calculate the amount of the Disability Benefit that we would have otherwise paid if the life insured's **monthly earnings/ongoing income** was averaged over the relevant claim period, and either:

- recover any excess amount of the Disability Benefit(s) paid
- reduce the amount of any future Disability Benefit(s) payable until the excess amount paid has been recovered
- pay any shortfall in Disability Benefit payments made.

Benefit period

The benefit period is the maximum period of time that we will pay a benefit for any one **illness** or **injury** while the life insured is **disabled**.

A separate benefit period will apply to each **illness** or **injury** for which the life insured can claim, except for recurring claims. Please see below for more details.

The Policy Schedule will show the benefit period chosen for your Cover.

When the benefit period starts and ends

The benefit period starts at the end of the waiting period.

The benefit period ends at the end of the selected benefit period, except where the benefit period is to age 55, to age 60, to age 65 or to age 70. In this case the benefit period ends at the policy anniversary when the life insured is age 55, 60, 65 or 70 respectively.

Benefit period reduced by recurring claims

If the life insured has a 2 or 6 year benefit period, for recurring claims we reduce the benefit period by any previous periods we have paid benefits for the **illness** or **injury**. If we treat the claim as a separate claim, and a new waiting period applies, the benefit period will start again. Please see page 76 for information about recurring claims.

Available benefit periods

You can choose the following benefit periods, depending on the life insured's Cover type and occupation category:

Benefit period	Available to the following Cover types and occupation categories:
2 years, 6 years	Available for all Cover types and occupation categories.
To age 55* To age 60* To age 65*	Available for Basic (except for occupation category R), Basic SuperLink, Standard, SuperLink, Comprehensive and Professional Cover Not available to Special Risk Cover.
To age 70	Available for Basic, Basic SuperLink, Standard, SuperLink, Comprehensive and Professional Cover – only occupations A,C,D,E,F,I and P

* Some HH (heavy duties) occupations are restricted to a maximum 6 year benefit period. Your adviser can let you know the benefit periods available for your particular occupation.

If the monthly amount insured is greater than \$30,000, only the 2 year benefit period is available.

Shorter benefit period lowers premium

The benefit period affects your premium. The shorter the benefit period, the more affordable the premium.

Waiting period

The waiting period is the period you must wait before the benefit period starts.

The Policy Schedule will show the waiting period that applies to your Cover.

The waiting periods you can choose

You can choose one of the following waiting periods:

- 14 days – but not if you have Basic Cover with occupation category R, or Special Risk Cover
- 30 days
- 60 days
- 90 days
- 180 days
- 1 year
- 2 years.

Waiting period starts on medical consultation

The waiting period starts the day the life insured consults a **medical practitioner** and receives advice confirming **disability**.

However, we may backdate the start of the waiting period if it can be proved the **disability** started before receiving advice from a **medical practitioner**. In this case, we may backdate the start of the waiting period up to seven days with written confirmation of that advice.

Longer waiting period lowers premium

The waiting period affects your premium. The longer the waiting period, the more affordable the premium.

Separate waiting period for each illness or injury

Unless you have a recurring claim, a separate waiting period applies for each **illness** or **injury** of the life insured that causes **disability** for which a claim can be made under this Cover. Please see page 76 for information about recurring claims.

Key benefit – Partial Disability Benefit

When we pay

We pay the **Partial Disability Benefit** if the life insured both:

- is **partially disabled** due to **illness or injury**
- meets the conditions in the table 'Eligibility conditions for Total Disability and Partial Disability Benefit' on page 75.

However, if you have Income Secure Basic SuperLink, we do not pay a **Partial Disability Benefit** under both **linked policies**, even if you meet the requirements stated above under both policies. We only pay one **Partial Disability Benefit** under one **linked policy** at a time in respect of the same **illness or injury**. To determine under which policy we will pay, please see page 82.

We pay the **Partial Disability Benefit**:

- after completion of the waiting period
- monthly in arrears
- during the benefit period, unless we stop paying earlier as explained next.

However, we may start to pay a **Partial Disability Benefit** at a later date if we pay a Specific Injury Benefit or a Trauma Recovery Benefit in respect of the life insured. Please see page 85 and 87.

The diagram below shows how the waiting period and payment timing work:

Partial disability starts	Eligibility for benefit completed	We start to pay benefit
▼	▼	▼
Waiting period		One month
We do not pay the Partial Disability Benefit during the waiting period.		We pay monthly in arrears

When we stop paying

We stop paying the **Partial Disability Benefit** on the earlier of the:

1. end of the benefit period shown on the Policy Schedule
2. Cover expiry date shown on the Policy Schedule
3. date the life insured is no longer **partially disabled**
4. date of the life insured's death
5. date on which the Income Secure Cover ends or is cancelled
6. if the life insured's occupation category shown in the Policy Schedule is HH, H or R – the date we have paid the **Partial Disability Benefit** for 36 months for each claim.

The amount we pay

We calculate the amount of the **Partial Disability Benefit** we pay for a life insured in two steps.

Step 1

First, we calculate the following:

$$\frac{(A-B) \times C}{A}$$

where:

- A** = the life insured's **pre-claim earnings**
- B** = the life insured's **monthly earnings** for the month in which they are **partially disabled**.

If the life insured is **partially disabled** and not working to their capability for reasons other than **illness** or **injury** and this continues for at least three months, we calculate 'B' differently. We will calculate 'B' on what the life insured could reasonably be expected to earn if they were working to the extent of their capability.

To determine this, we will consider available medical evidence, including the opinion of the life insured's **medical practitioner**. We will also consider any other relevant factors directly related to the life insured's medical condition, including information they provide.

If we are already paying benefits, we will notify you 30 days before we adjust future payments because we change how we calculate 'B'.

'B' must be less than the amount of 'A'. If 'B' is negative in a month, we will treat 'B' as zero.

- C** = the **monthly amount insured payable** as if the life insured was claiming for **total disability**. Please see page 70.

However, if you have Income Secure SuperLink, we do not pay the full **Partial Disability Benefit** under both linked policies. If you are entitled to a **Partial Disability Benefit** under both **linked policies** in respect of the same **illness** or **injury**, we will determine the amount of the **Partial Disability Benefit** payable under the Income Secure SuperLink (Super) policy first, in accordance with this section of this PDS. We will then deduct this amount from the amount of the **Partial Disability Benefit** payable under the Income Secure SuperLink (Non-Super) policy.

Step 2

Secondly, we allow for 'other payments' the life insured or the policy owner receive because of the life insured's **illness** or **injury**.

If no 'other payments' are received in any month, the amount of the **Partial Disability Benefit** we pay in a month is the amount calculated in Step 1.

Otherwise, we reduce the amount calculated in Step 1 so the combined total of the amount we pay and 'other payments' in a month does not exceed the greater of:

- the benefit otherwise payable
- the life insured's **pre-claim earnings** less the **monthly earnings** for the month in which they were **partially disabled**.

'Other payments'

We take the same 'other payments' into account in calculating the **Partial Disability Benefit** as those used to calculate the **Total Disability Benefit**.

Please see page 73 for details of what constitutes 'other payments'.

We pay pro-rata if payment period is less than a month

If a payment period is less than a month, we pay $\frac{1}{30}$ of the **Partial Disability Benefit** for each day of the period.

We may increase the Partial Disability Benefit

We will increase the **Partial Disability Benefit** we pay if both:

- we have paid the **Total Disability Benefit** for a life insured for 12 consecutive months
- the life insured subsequently receives a **Partial Disability Benefit** for working for at least three consecutive months in a gainful occupation unrelated to their **regular occupation**.

We will pay an additional 10% of the **Partial Disability Benefit** payable for a maximum of 12 months.

We only pay the additional 10% once during the life of your Cover.

We may require further financial information when paying a disability benefit, please refer to page 74 under 'Disability Payments'.

We may pay the Total Disability Benefit instead of the Partial Disability Benefit

This section applies only if the life insured has Basic Cover and an occupation category P, E, D, A, F, I, C, M, S, L, T, H or HH, as shown on the Policy Schedule.

If the life insured is entitled to a **Partial Disability Benefit**, we will pay the **Total Disability Benefit** instead for up to the first six months if the life insured both:

- has been **totally disabled** for seven out of 12 consecutive days during the waiting period
- then returns to work part-time, resulting in 'B' above being 20% or less than 'A'.

If, due to the same or a related **illness** or **injury**, the life insured becomes **totally disabled** while the **Partial Disability Benefit** is payable, the **Partial Disability Benefit** ceases and the **Total Disability Benefit** starts accruing.

Partial Disability definition

For Basic Cover if the life insured's occupation category shown on the Policy Schedule is R

A life insured is **partially disabled** up to (and including) the third anniversary of the date of an **illness** or **injury** for which they are claiming if all the following are true:

 - b. is able to perform each and every duty necessary to produce income from their **regular occupation**, but solely due to that **illness** or **injury**, are not working to their full capacity (including when no work is available) and their capacity to earn is less than their **pre-claim earnings**.

For Basic and Basic SuperLink Cover if the life insured's occupation category shown on the Policy Schedule is P, E, D, A, F, I, C, M, S, L, T, H or HH:

A life insured is **partially disabled** if they are **following the advice of a medical practitioner** in relation to an **illness** or **injury** for which they are claiming and either:

1. solely due to that **illness** or **injury**, are not working (but are not **totally disabled**)
2. are working in any gainful occupation, but solely due to that **illness** or **injury** their **monthly earnings** are less than their **pre-claim earnings**.

For Professional, Comprehensive, Income Secure SuperLink or Standard Cover if the life insured's occupation category shown on the Policy Schedule is P, E, D, A, F, I, C, M, S, L, T, H or HH:

A life insured is **partially disabled** if they are **following the advice of a medical practitioner** in relation to an **illness** or **injury** for which they are claiming and either:

However, we will replace '10 hours' with 'five hours' in the above definition if the life insured was working less than 30 hours per week immediately before the **illness** or **injury** and when Income Secure Cover was applied for.

For Special Risk Cover if the life insured's occupation category shown on the Policy Schedule is R:

A life insured is **partially disabled** up to (and including) the third anniversary of the date of an **illness** or **injury** for which they are claiming if all the following are true:

Income Secure SuperLink Cover

Income Secure SuperLink allows you to link an Income Secure SuperLink Super policy to an Income Secure SuperLink Non-Super policy.

If you select Income Secure SuperLink, we will issue two separate policies. An Income Secure SuperLink Super policy will be issued to the trustee of your superannuation fund and a separate Income Secure SuperLink Non-Super policy will be issued to you and linked to the Income Secure SuperLink Super policy.

Your Policy Schedule will indicate if Income Secure SuperLink applies.

We determine if you are disabled under the Income Secure SuperLink super policy first

The circumstances of your claim will determine which benefits we pay and to whom. We will first assess a claim for **Total or Partial Disability Benefit** against the Income Secure SuperLink Super policy. Any amount payable will be paid to the trustee of your super fund. We will then assess whether a **Total or Partial Disability Benefit** is payable under the Income Secure SuperLink (Non-Super) policy, and if so the amount payable, taking into account the amount payable under the linked super policy.

We also assess whether any of the additional benefits are payable under the terms and conditions of the Income Secure SuperLink Non-Super policy or the Income Secure SuperLink Super policy.

If you claim a Specific Injury Benefit or Trauma Recovery Benefit, we will only start paying a **Total or Partial Disability Benefit** for the life insured once the benefit payment period ceases for the Specific Injury Benefit or the Trauma Recovery Benefit, as long as your Cover is still in force at that time. We will assess the life insured for a **Total or Partial Disability Benefit** under the Income Secure SuperLink (Super) policy first. If the life insured also meets the requirements for a **Total or Partial Disability Benefit** under the linked non-super policy, we will take into account any amount of **Total or Partial Disability Benefit** payable under the super policy when determining whether any amount is payable under the linked non-super policy.

Certain features of both policies must be the same

Under an Income Secure SuperLink arrangement, the following must be the same under both policies:

- the **monthly amount insured**, benefit payment type (Guaranteed or Indemnity), waiting period, benefit period and any loadings or exclusions (if applicable)
- changes to the **monthly amount insured**. If the **monthly amount insured** is reduced or increased under one policy, the **monthly amount insured** on the other policy will be reduced or increased (as applicable) by the same amount.
- the life insured
- extra cost options (excluding the Priority Income Option).

If you change any of the above features under one policy, the other **linked policy** will automatically change in the same way.

However, the policies can have different payment frequencies, and premium type, that is stepped or level.

The maximum benefit payable under both policies will never exceed that which would be payable under a single Income Secure policy.

The taxation implications of a benefit payment will differ depending on whom we pay the benefit to, for example the trustee of your super fund or directly to you. We recommend you seek advice from a tax adviser or registered tax agent.

When Income Secure SuperLink ends

The Income Secure Cover for the life insured, and our liability to pay any benefit, under either **linked policy** under an Income Secure SuperLink arrangement ends on the earlier of the date:

- of any circumstance set out under 'When Income Secure Cover ends' on page 98
- the other **linked policy** is cancelled or avoided
- we receive written notification from the policy owner, or the life insured under OneCare Super, to cancel the Income Secure SuperLink Cover arrangement.

For example, if your Income Secure SuperLink Non-Super policy is cancelled because the premium is overdue, your Income Secure SuperLink Super policy will be cancelled, even if you have paid all premiums for that Cover. This is because the policies are linked.

Income Secure Basic SuperLink

Income Secure Basic SuperLink allows you to link your Income Secure Basic policy through super to an Income Secure Basic SuperLink policy held outside super.

If you select Income Secure Basic SuperLink, we will issue two separate policies. An Income Secure Basic policy will be issued to the trustee of your superannuation fund and a separate Income Secure Basic SuperLink policy will be issued to you and linked to the Income Secure Basic policy.

Your Policy Schedule will indicate if the Income Secure Basic SuperLink applies.

Assessment of claims for a Partial or Total disability Benefit

Your employment status at the time of **illness** or **injury** will determine under which policy we will assess your claim for a **Partial** or **Total Disability Benefit**.

If you were:

- **unemployed** at the time of the **illness** or **injury** – we will assess a claim for a **Total** or **Partial Disability Benefit** under your Income Secure Basic SuperLink policy (outside super). If you do not meet the requirements for payment of a **Total** or **Partial Disability Benefit** under this policy, we will not subsequently consider your claim under your Basic policy (inside super).
- not **unemployed** at the time of the **illness** or **injury** – we will assess a claim for a **Total** or **Partial Disability Benefit** under your Basic policy (through super). Any amount payable will be paid to the trustee of the super fund for you. If you do not meet the requirements for payment of a **Total** or **Partial Disability Benefit** under the Basic policy, we will not subsequently consider your claim under the Income Secure Basic SuperLink policy (outside super).

We will only ever pay a monthly benefit under the Income Secure Basic SuperLink policy (outside super) if you are **unemployed** at the time of **illness** or **injury** or for the Specific Injury benefit.

We will only pay a **Total** or **Partial Disability Benefit** (as applicable) under one policy at one time.

Certain features of both policies must be the same

Under an Income Secure Basic SuperLink arrangement, the following must be the same under both policies:

- the **monthly amount insured**, benefit payment type (Indemnity), waiting period, benefit period and any loadings or exclusions (if applicable)
- changes to the **monthly amount insured**. If the **monthly amount insured** is reduced or increased under one policy, the **monthly amount insured** on the other policy will be reduced or increased (as applicable) by the same amount.
- the life insured
- extra cost options (excluding the Priority Income Option).

If you change any of the above features under one policy, the other **linked policy** will automatically change in the same way.

However, the policies can have different payment frequencies and premium type, that is stepped or level.

The maximum benefit payable under both policies will never exceed that which would be payable under a single Income Secure policy.

The taxation implications of a benefit payment will differ depending on whom we pay the benefit to, for example the trustee of your super fund or directly to you. We recommend you seek advice from a tax adviser or registered tax agent.

When Income Secure Basic SuperLink ends:

The Income Secure Cover for the life insured, and our liability to pay any benefit, under either **linked policy** under a Basic SuperLink arrangement ends on the earlier of the date:

- of any circumstance set out under 'When Income Secure Cover ends' on page 98
- the other **linked policy** is cancelled or avoided
- we receive written notification from the policy owner, or the life insured under OneCare Super, to cancel the Basic SuperLink Cover arrangement.

For example, if your Basic policy is cancelled because the premium is overdue, your Income Secure Basic SuperLink policy will be cancelled, even if you have paid all premiums for that Cover. This is because the policies are linked.

Accidental Injury Only

Applies only if shown on your Policy Schedule.

When we receive your application for Income Secure Cover, we assess it for risk and determine the terms under which we may offer Cover.

We may decide that, because of disclosed health and circumstances, we cannot provide Cover for claims resulting from both **injury** and **illness**.

In that instance we may offer to provide you with Accidental Injury Only Cover. This means that you may only claim for the life insured's **accidental injury**.

The Policy Schedule will show if Accidental Injury Only applies to a life insured's Cover.

Definition of accidental injury

Accidental injury means a physical **injury** which is caused solely and directly by violent, accidental, external and visible means which occurs during the period of the policy.

Basic Death Benefit

Does not apply to Special Risk, Income Secure SuperLink, Comprehensive or Professional Cover. Does not apply to Basic if you have occupation category R. Only applies if Accidental Injury Only is shown on the Policy Schedule for the life insured.

We pay this benefit if the life insured dies as a result of an **accidental injury** while their Cover is in force. The death must occur within 90 days of sustaining the **accidental injury**.

The amount we pay is three times the **monthly amount insured**. We pay this benefit as a lump sum.

The maximum amount we pay under this benefit from all Income Secure Covers for a life insured is \$30,000.

The life insured does not need to be **on claim** for this benefit to be payable.

Enhanced Death Benefit

Does not apply to Special Risk, Standard, Basic SuperLink or Basic Cover. Only applies if Accidental Injury Only is shown on the Policy Schedule for the life insured.

We pay this benefit if the life insured dies as a result of an **accidental injury** while their Cover is in force. The death must occur within 90 days of sustaining the **accidental injury**.

The amount we pay is six times the **monthly amount insured**. We pay this benefit as a lump sum.

The maximum amount we pay under this benefit from all Income Secure Covers for a life insured is \$60,000.

The life insured does not need to be **on claim** for this benefit to be payable.

Trauma Recovery Benefit restrictions

If Accidental Injury Only applies, we only pay the Trauma Recovery Benefit if the life insured suffers a trauma recovery event as a direct result of an **accidental injury** while their Cover is in force. Trauma recovery events are listed on page 87.

Benefits and features not available

If Accidental Injury Only applies to a life insured's Income Secure Cover the following benefits, features and options are not available:

- Booster Option
- Accident Option
- Cover Continuation
- Conversion to Living Expense Cover
- Waiting Period Conversion, if you have Standard Cover or Basic Cover
- Trauma Recovery Benefit, if you have Standard Cover.

Additional benefits

This section explains the additional benefits automatically included with Income Secure Cover.

Some of these benefits only apply to certain types of Cover, as explained below.

Basic Death Benefit/Death Benefit

Does not apply to Professional, Income Secure SuperLink or Comprehensive Cover.

We pay this benefit if the life insured dies or is diagnosed with a **terminal illness** while their Special Risk, Basic, Standard or Basic SuperLink Cover is in force.

This benefit is called the 'Death Benefit' under Basic and Basic SuperLink Cover. It is called the Basic Death Benefit under Special Risk and Standard Cover.

The amount we pay is three times the **monthly amount insured**, as a lump sum.

However, the maximum amount we will pay under this benefit for all Basic (except occupation category R), Standard, Income Secure SuperLink, Comprehensive and Professional Covers under all policies for the life insured is \$60,000.

The maximum amount we will pay under this benefit for Basic Cover (occupation category R) and Special Risk Cover under all policies for the life insured is \$30,000.

We pay this benefit once only. If we pay this benefit for **terminal illness** of the life insured, we will not pay it again on their death.

If you have Basic SuperLink, we pay this benefit under one **linked policy** only.

We will generally pay this benefit under your Basic policy. If we do so, we will not pay this benefit again under the non-super policy.

We pay this benefit for **terminal illness** even if other benefits are payable while the life insured is **on claim** under this Cover.

We pay this benefit even if the life insured is not **on claim**.

Enhanced Death Benefit

Does not apply to Special Risk, Basic, Basic SuperLink or Standard Cover.

We pay the Enhanced Death Benefit if the life insured dies or is diagnosed with a **terminal illness** while their Professional, SuperLink or Comprehensive Cover is in force.

The amount we pay is six times the **monthly amount insured**, as a lump sum. However, the maximum amount we will pay under this benefit from all Income Secure Covers under all OneCare policies for the life insured is \$60,000.

We pay this benefit once only. If we pay this benefit for **terminal illness** for the life insured, we will not pay it again on their death.

If you have Income Secure SuperLink, we pay the benefit under one **linked policy** only. If we pay this benefit under the policy held through super, we will not pay this benefit again under the non-super policy.

We pay this benefit for **terminal illness** even if other benefits are payable while the life insured is **on claim** under this Cover.

We pay this benefit even if the life insured is not **on claim**.

Rehabilitation and Retraining Expenses Benefit

Does not apply to Basic SuperLink or Income Secure SuperLink (Non Super)

If we are paying **Total** or **Partial Disability Benefits** for a life insured, we will also reimburse expenses related to rehabilitation and/or retraining for the life insured. Please see page 12 for details.

Rehabilitation and Retraining Incentive Benefit

Does not apply to Special Risk, Basic, Basic SuperLink, Income Secure SuperLink (Super) or Standard Cover.

We pay the Rehabilitation and Retraining Incentive Benefit if the life insured satisfies all the following:

- undergoes a rehabilitation or retraining program we previously approved in writing and, as a result, successfully returned to work in their **regular occupation** or another occupation
- has worked continuously for six months following their return to work and has not been entitled to benefits under Income Secure Cover during that time
- has Income Secure Cover in force when they become entitled to this benefit.

The amount we pay is three times the **monthly amount insured** applicable when the life insured becomes entitled to this benefit.

We pay this benefit once only during the life of your Income Secure Cover.

No Claim Benefit

Does not apply to Special Risk, Basic SuperLink or Basic Cover with occupation category R or to Income Secure SuperLink (Non-Super)

This benefit applies if your Income Secure Cover has been continuously in force for three consecutive years after the **Cover start date** and both:

- the life insured has not been **on claim** under that Cover in that time
- neither the policy owner nor life insured have been eligible to claim under that Cover in that time.

If this benefit applies, we will, from the third anniversary of the **Cover start date** double the:

- amount of any Death Benefit/Basic Death Benefit or Enhanced Death Benefit otherwise payable to a maximum of \$120,000
- maximum payable under the Rehabilitation and Retraining Expenses Benefit.

We will only double the amounts above on a claim that arises from an event occurring after the third anniversary of your **Cover start date**.

Once this benefit applies, it will continue to apply even if the life insured is subsequently **on claim**. This means that if you or the life insured are eligible to claim after this benefit begins to apply, the three year period does not re-start.

Meal Allowance Benefit

Does not apply to Special Risk, Basic, Basic SuperLink or Income Secure SuperLink (Super) Cover.

We pay the Meal Allowance Benefit if the life insured is confined to bed due to **illness** or **injury** from the start of the benefit period and for more than 72 hours. This must be confirmed by a **medical practitioner**.

The amount we pay is \$500 per month in arrears for a maximum of three months, to reimburse the cost of a meal delivery service we approve.

If this benefit is payable for part of a month, the maximum amount we pay is $\frac{1}{30}$ of \$500 for each day in that month the life insured is eligible for this benefit.

We reduce this benefit by any amount paid under the Immediate Family Member Benefit. Please see page 89.

We do not pay this benefit during the waiting period.

Specific Injury Benefit

Does not apply to Special Risk, Basic or Income Secure SuperLink (Super) Cover. Available for all waiting periods.

We pay the Specific Injury Benefit if the life insured suffers a specific injury listed in the below table, while their Income Secure Cover is in force.

An appropriate specialist **medical practitioner** must diagnose the specific injury and our medical adviser must confirm the diagnosis.

We will treat the life insured as if they were **totally disabled** and pay this benefit even if the life insured is not **disabled**, not working or does not need ongoing medical treatment. We pay this benefit during the waiting period.

You can choose to receive this benefit as a lump sum or in monthly instalments. We explain this below.

We can pay as a lump sum

We can pay this benefit as a lump sum of up to 12 times the **monthly amount insured payable** at any one time.

We calculate the **monthly amount insured payable** as if the life insured were **totally disabled**. Please see page 70. We calculate the amount we pay by multiplying the **monthly amount insured payable** by the payment period for the specific injury as set out in the table below.

Table: Specific injuries and payment period

Specific injury	Payment period
Paralysis*	60 months [†]
Loss of both feet or both hands or sight in both eyes [‡]	24 months
Loss of any combination of two of: <ul style="list-style-type: none"> • a hand • a foot • sight in one eye[‡] 	24 months
Loss of one leg or one arm [‡]	12 months
Loss of one foot or one hand or sight in one eye [‡]	12 months
Loss of thumb and index finger of the same hand [‡]	6 months
Fractures [§] of the: <ul style="list-style-type: none"> • thigh or pelvis • leg (between knee and foot) or knee cap • upper arm including the elbow and shoulder bone • skull (except bones of the nose or face) • lower arm (including the wrist but excluding the elbow, hand and fingers) • collarbone, jaw or vertebrae 	3 months 2 months 2 months 2 months 1 month 1 month

* Paralysis means the total and permanent loss of function of two or more limbs.

[†] We reduce this payment period to 24 months if you have a 2 year benefit period.

[‡] SL means the total and permanent:

- loss of the use of the hand from the wrist or foot from the ankle joint
- loss of the use of the arm from the elbow or leg from the knee joint
- complete severance of the thumb and index finger from the first phalangeal joint
- irrecoverable total loss of an eye or sight in the eye.

[§] Fracture means any fracture that requires a pin, traction, a plaster cast or other immobilising structure.

If the payment period is greater than 12 months, we will make a subsequent lump sum payment of 12 times the **monthly amount insured payable**, at 12 monthly intervals, until the payment period is completed.

If the specific injury occurs within 12 months of the Cover expiry date, the amount we pay is the **monthly amount insured payable** multiplied by the number of months remaining until the Cover expiry date. The Cover expiry date is shown on the Policy Schedule.

If we have paid a lump sum and the life insured dies before the end of the payment period, we will pay any applicable Death Benefit.

We can pay by instalments

We can pay this benefit by monthly instalments paid in advance each month. The amount of each instalment is the **monthly amount insured payable**.

We pay until the earliest of the:

- end of the relevant payment period for the specific injury as set out in the table below
- Cover expiry date shown on the Policy Schedule
- date the life insured dies.

We calculate the **monthly amount insured payable** as if the life insured were **totally disabled**. Please see page 70.

We pay one benefit only

We will pay the Specific Injury Benefit more than once over the life of the policy including for the same injury.

However, if the life insured suffers more than one specific injury at the same time, we will pay for one specific injury only, being the specific injury with the longest payment period.

If the life insured suffers either another specific injury or a trauma recovery event while we are paying a Specific Injury Benefit, we will pay one benefit only. We pay the benefit that provides the greatest amount. Please see page 87 for details of trauma recovery events.

We may subsequently pay for total or partial disability

We will pay a **Total or Partial Disability Benefit**, as applicable, for a life insured who, when the payment period ends, is **disabled** due to the specific injury for which we paid this benefit. The life insured must otherwise satisfy all requirements for the **Total Disability Benefit** or **Partial Disability Benefit**.

We pay the **Total Disability Benefit** or **Partial Disability Benefit** from the later of the end of the:

- payment period for the specific injury
- period for which the lump sum payment was made for the specific injury
- waiting period.

If your benefit period is two years or six years, we reduce the maximum period for which we pay the **Total Disability Benefit** or **Partial Disability Benefit**. We reduce that period by the number of months we have already paid the Specific Injury Benefit and add back any period of the waiting period.

Unemployment Benefit

Does not apply to Special Risk, Basic, Basic SuperLink or Income Secure SuperLink (Super) Cover.

We pay the Unemployment Benefit if the life insured satisfies all the following:

- becomes **involuntarily unemployed** for reasons other than **illness** or **injury**
- has been **involuntarily unemployed** for at least 30 days
- is registered with a recognised employment agency and actively seeking work for the full period for which the benefit is claimed
- was **employed** for at least six consecutive months immediately before becoming **involuntarily unemployed**
- holds a current loan with Australia and New Zealand Banking Group Limited ABN 11 005 357 522. The loan must be a home loan, investment home loan, line of credit, business loan, personal loan or margin lending loan (ANZ Loans).

The life insured must have held the loan for more than six months before they became **involuntarily unemployed**.

Further, this benefit will only apply to the extent the loan terms have not been changed to increase the minimum repayments. This includes an increase in the loan amount or change in the loan repayment time.

The amount we pay is the lesser of:

- the life insured's share of the minimum monthly repayment of the ANZ Loan. Where the minimum monthly repayment has been increased, we will consider the original minimum monthly repayment amount to be the minimum monthly repayment
- the **monthly amount insured**
- \$5,000 (across all Income Secure Covers for the life insured).

We pay this benefit up to three months, stopping earlier if any of the following occur:

- the Cover expires
- the life insured ceases to hold the ANZ Loan
- another benefit is payable under Income Secure Cover that is of a greater amount than this benefit
- the life insured dies
- the life insured becomes **employed** in some form of paid work.

This benefit does not apply if any of the following occurs:

- immediately before becoming **involuntarily unemployed**, the life insured was:
 - self-employed
 - **employed** by an **immediate family member**
 - **employed** by an employer with less than five employees
 - working less than 20 hours a week
 - **employed** outside of Australia.
- the life insured became **involuntarily unemployed**, and was notified or aware they were to become **involuntarily unemployed**, before or during the first 180 days of the Cover starting, being reinstated or increasing. This does not include indexation increases and applies to the increased portion of Cover only
- the life insured's **involuntary unemployment** was the result of either:
 - retirement
 - resignation
 - voluntary redundancy
 - abandonment of employment
 - casual or seasonal work terminating
 - a fixed term contract terminating
 - deliberate or serious misconduct.

We reduce this benefit by the amount of any payment made by, or that can be recovered from, another source in respect of the loan repayment.

We will not pay any benefit relating to arrears on the loan when the life insured became **involuntarily unemployed**.

You can only claim this benefit three times during the life of your Income Secure Cover.

You can only claim this benefit again if you become **involuntarily unemployed** more than 12 months after the date of your last payment of the previous claim.

If the life insured becomes **disabled** while we are paying this benefit, we will pay benefits payable for the **disability** instead of this benefit. However, we won't do so if this benefit provides for a higher amount, including the waiting period that applies to benefits for **disability**.

We will need all the following to assess a claim for this benefit:

- documentation from the lender setting out the terms of the loan. This includes conditions applying to minimum monthly repayments and evidence the terms have not been varied within the previous three month period. If terms have changed, we will require details of the terms that applied before the change
- statements of account showing current minimum monthly repayment, current loan position and details of repayments in the previous six months
- documentation of terms of **employment** and termination of **employment**
- documentation of the life insured's registration with a recognised employment agency, including details of jobs applied for
- any other documentation we may reasonably require to determine whether the payment conditions for the benefit are satisfied.

Trauma Recovery Benefit

Does not apply to Special Risk, Basic, Basic SuperLink, Standard or Income Secure SuperLink (Super) Cover. Available for all waiting periods.

We pay the Trauma Recovery Benefit if the life insured suffers a trauma recovery event while their Income Secure Cover is in force. The trauma recovery events are listed on page 87.

We treat the life insured as if they were **totally disabled** and pay this benefit even if the life insured is not **disabled** or working or does not need ongoing medical treatment. We pay during the waiting period.

We pay as a lump sum or by instalments

You can choose to receive this benefit as either:

- a lump sum payment of six times the **monthly amount insured payable**
- the **monthly amount insured payable**, paid in advance each month until the earliest of the:
 - end of the payment period of six months
 - Cover expiry date shown on the Policy Schedule
 - date the life insured dies.

However, if the trauma recovery event occurs within six months of the Cover expiry date the lump sum amount we pay is the **monthly amount insured payable** multiplied by the number of months remaining until the Cover expiry date.

If we have paid a lump sum and the life insured dies before the end of the payment period, we will pay any applicable Death Benefit.

We calculate the **monthly amount insured payable** as if the life insured was **totally disabled**. Please see page 70.

We pay one benefit only

We will pay the Trauma Recovery Benefit more than once over the life of the policy including for the same trauma recovery event.

However, we pay for one trauma recovery event only, even if the life insured suffers more than one trauma recovery event at the same time.

If the life insured suffers either another trauma recovery event or a specific injury while we are paying a Trauma Recovery Benefit, we will pay one benefit only. We pay the benefit that provides for the greater future payment. Please see page 85 for details of 'specific injury'.

We may subsequently pay for total or partial disability

We will pay a **Total** or **Partial Disability Benefit**, as applicable, for a life insured who is **disabled** at the end of the payment period due to the trauma recovery event for which we paid this benefit. The life insured must otherwise satisfy all requirements for the **Total** or **Partial Disability Benefit**.

We pay the **Total Disability Benefit** or **Partial Disability Benefit** from the later of the end of the:

- six month payment period
- period for which the lump sum Trauma Recovery Benefit was paid
- waiting period.

If the benefit period is two years or six years, we reduce the maximum period for which we pay the **Total Disability Benefit** or **Partial Disability Benefit**. We reduce that period by the number of months we have already paid the Trauma Recovery Benefit and add back any period of the waiting period.

- the complete application for Income Secure Cover
- a written request to reinstate Income Secure Cover
- the complete application for an increase to the Income Secure Cover **monthly amount insured** (regarding the increased portion only).

We also do not pay for a trauma recovery event marked with a '*' if the symptoms leading to the trauma condition occurring or being diagnosed first become **reasonably apparent** during the 90 days referred to above.

† A trauma recovery event marked with a '†' must be diagnosed and certified by a **medical practitioner** who is an appropriate specialist physician we approve.

If your Income Secure Cover is replacing existing cover, the 90 day qualifying period will not apply to the part of the **monthly amount insured** being replaced if all the following apply:

- any similar qualifying period has expired for the same conditions or events in the policy to be replaced. This includes qualifying periods applied to the policy after its commencement due to, for example, reinstatements or increases
- the policy to be replaced is cancelled immediately after we issue this policy
- no claim is payable or pending under the policy to be replaced.

- experiencing financial hardship due to your household income for the last 3 months reducing by more than 30% (as compared to the household income over the preceding 3 month period*).

The Premium and Cover Suspension Benefit is only available if your cover has been continuously in force since the commencement date and premiums have been paid for at least the previous 24 consecutive months. We'll suspend premiums and cover for a maximum of 12 months from the time the application is accepted by us in writing and a maximum of 24 months over the life of the policy.

Cover may only be reinstated upon application and after we have received the next premium. If you do not apply to reinstate the cover within 12 months, the policy will be cancelled.

If you're suffering from or have symptoms of a sickness or injury which developed or became apparent during the period of suspension at the time the cover is reinstated, no benefit is payable for any subsequent claim affected by that symptom, sickness or injury.

* Not available if financial hardship is as a result of bankruptcy or your business being put in receivership or liquidation.

Standard features

Income Secure Cover includes several standard features which we explain in this section. These features apply to all Income Secure Cover unless we state otherwise below.

Waiver of premium

We will waive the premiums for Income Secure Cover for the life insured for the time the life insured is either:

- **on claim** under Income Secure Cover
- **disabled** after the waiting period and otherwise eligible for a benefit under Income Secure Cover before we apply benefit reductions. Please see page 73.

If we waive a premium for the Income Secure Cover, we will also waive the premium for **Cover** during the waiting period.

For Income Secure SuperLink and Basic SuperLink we will waive the premiums under both **linked** policies if the life insured is **on claim**.

If we waive the premiums for all **Covers** for the life insured, we also waive the Policy Fee for that life insured.

Conversion to Living Expense Cover

If the life insured is not **on claim** and there is no eligibility to claim when your Income Secure Cover expires, we will offer conversion to Living Expense Cover without medical underwriting.

As Living Expense Cover cannot be held through **super**, where you have Basic or Income Secure SuperLink Cover we will offer you Living Expense Cover through a separate non-super policy.

We will offer Living Expense Cover with the following features and terms:

- a two year benefit period
- Cover expiry at the policy anniversary when the life insured is age 80
- a **monthly amount insured** calculated as the lesser of the:
 - **monthly amount insured** when Income Secure Cover expires across all Income Secure Covers for the life insured under all policies we issued
 - maximum **monthly amount insured** we offer on standard terms for Living Expense Cover when the Income Secure Cover expires.
- the following waiting periods to choose from:

Waiting period under Income Secure Cover at time of conversion	Available waiting periods under Living Expense Cover
14, 30 or 60 days	30 days, 90 days, 1 year, 2 year
90 or 180 days	90 days, 1 year, 2 year
1 year	1 year, 2 year
2 year	2 year

- a premium based on the stepped premium rates applying to Living Expense Cover when the conversion occurs
- the terms and conditions for Living Expense Cover that apply when the conversion occurs. If we do not then offer Living Expense Cover, we will offer another Cover that we consider is the most similar to Living Expense Cover.

Any medical or hazardous pursuits loadings or specific exclusions that applied to your Income Secure Cover will also apply to the Living Expense Cover.

The conversion option must be exercised by the policy owner or under OneCare Super, the life insured. The option must be exercised before the Income Secure Cover expires.

Please see page 107 for details of Living Expense Cover.

Unemployment Premium Waiver

Does not apply to Special Risk, Basic, Basic SuperLink, Income Secure SuperLink, Standard or Comprehensive Cover.

Under Unemployment Premium Waiver, we will waive the premiums for Professional Cover for up to three months from the date the life insured becomes **involuntarily unemployed**. The life insured must have become **involuntarily unemployed** for reasons other than **illness** or **injury** and had Income Secure Cover continually in force for six months before they became **involuntarily unemployed**.

We must receive proof acceptable to us of the **involuntary unemployment** before we will waive the premiums. The life insured's Cover will continue during the premium waiver.

We will stop waiving the premiums before three months if the life insured returns to work, whether in their **regular occupation** or another occupation. You must resume paying premiums once the premium waiver ends.

We will only waive premiums under this feature for three separate periods of **involuntary unemployment** during the life of the policy.

Conversion to Non-Super Cover

Does not apply to Special Risk, Basic SuperLink, Standard, Income Secure SuperLink (Non Super), Comprehensive or Professional Cover.

This feature applies if either:

- your OneCare Super Cover ceases because the trustee of the MasterFund cannot accept **super** contributions, rollovers or transfers into your **super** account
- your External Master Trust Cover ceases because you cease to be a member of your **super** fund or master fund.

Under Conversion to Non-Super Cover, you can continue Income Secure Cover outside of **super** on the following terms.

This option is available to you if you are not on claim and not eligible to make a claim when your Basic or Income Secure SuperLink (Super) Cover ceases.

You must exercise this option before your Basic or Income Secure SuperLink Cover ends.

We will offer Cover with the following features and terms:

- Basic Cover will convert to what we deem to be the closest equivalent Cover
- Income Secure SuperLink will convert to Comprehensive Cover
- The new Cover outside super will have the same:
 - benefit period and waiting period that applied under your Basic or Income Secure SuperLink Cover

- Cover expiry age as your Basic or Income Secure SuperLink Cover
- a monthly amount insured as applied under your Basic or Income Secure SuperLink Cover on the date that Cover ceased.

Any medical or hazardous pursuits loadings or specific exclusions that apply to your Basic SuperLink or Income Secure SuperLink Cover (including **illicit drug use**) will also apply to the converted Cover.

You must exercise this option before your Basic or Income Secure SuperLink Cover expires by contacting us and completing the appropriate forms.

Increasing Income

Does not apply to occupation category R under Basic or Special Risk Cover.

This feature allows the policy owner, or the life insured under OneCare Super, to increase the **monthly amount insured** with increases in the life insured's average **monthly earnings**, without medical underwriting.

An application may be made each year to increase the **monthly amount insured** at the policy anniversary. The increase applied for can be up to 15% of the **monthly amount insured** after any indexation increase applicable on that policy anniversary has been applied.

However, the maximum individual increase available under this feature changes to \$1,000 if the **monthly amount insured** for Income Secure Cover has not increased under this feature within three years of the policy starting.

The increase must be applied for within 30 days of the policy anniversary.

This feature can only be exercised if:

- the life insured is not **on claim** or eligible to claim
- the life insured was less than age 50 on the **Cover start date**
- the life insured is less than age 55 on the policy anniversary from which the increased Cover is to apply
- the **monthly amount insured** across all Income Secure Covers for the life insured, including the increase applied for, does not exceed \$30,000
- the Cover that is being increased is not a result of exercising a Continuation Option
- we issued the life insured's Cover without medical loadings greater than 50%, as shown on the Policy Schedule
- the sum of all increases in the **monthly amount insured** under this feature, including the increase applied for, do not exceed the original **monthly amount insured** at the **Cover start date**.

We must receive a completed Application Form and financial evidence supporting the increase in Cover. We must also receive confirmation the life insured is actively at work and expects their income to continue or increase.

Family Cover Pause

If the life insured's average **monthly earnings** decrease while pregnant or after they or their **spouse** have children, you can reduce the **monthly amount insured** to reflect the life insured's new average **monthly earnings**. You can reduce the **monthly amount insured** by up to 75%, subject to a minimum **monthly amount insured** of \$1,250.

To be eligible to exercise this Family Cover Pause, you must have paid premiums for the previous 24 consecutive months and there must not be any outstanding premiums when activating the pause.

The life insured can reinstate all or part of the **monthly amount insured** without medical underwriting when the life insured's **monthly earnings** increase. They can do this before the life insured's youngest child turns six.

To do so, we must receive the relevant completed form and financial evidence supporting the reinstated Cover. We must also receive a copy of the youngest child's birth certificate or adoption record.

If we do not receive satisfactory financial evidence, the reinstated amount may be available as an indemnity benefit payment type.

The life insured must not be **on claim** or eligible to claim when exercising or reinstating Family Cover Pause.

We do not provide Cover or pay any benefits under this feature because of **illness** or **injury** that becomes **reasonably apparent** either:

- while Cover is paused, for the amount of Cover that is paused only
- in the first 90 days after each increase of Cover from Family Cover Pause, for the increased portion only.

The reduced **monthly amount insured** will continue to be adjusted under indexation, if applicable, while Cover is paused. Please see page 94.

Premium Pause

Does not apply to Special Risk, Basic, Basic SuperLink, Income Secure SuperLink, Standard or Comprehensive Cover.

If the life insured becomes **unemployed** or takes long-term leave from work, the policy owner can request to pause paying premiums for up to 12 consecutive months. The policy owner will have the option to recommence Cover at the end of the 12 months.

You can activate Premium Pause during any time of the year, but must request the Pause within 30 days after the life insured becomes **unemployed** or starts long-term leave.

To be eligible to exercise Premium Pause, you must have paid premiums for the previous 24 consecutive months and there must not be any outstanding premiums when the Premium Pause is activated.

We do not pay any benefits under Income Secure Cover or increase the **monthly amount insured** under indexation while the Premium Pause is activated.

If Income Secure Professional Cover is the only Cover in force for the life insured, we will also pause the Policy Fee for the life insured while premiums are paused. If other Cover is in force for the life insured, we will continue to charge the Policy Fee and the premiums for the other Cover.

Premium Pause will automatically cease after 12 months and we will notify you 30 days before it does. If you do not reinstate the Professional Cover within 30 days, we will cancel the Cover.

You can apply to stop the Premium Pause and recommence Professional Cover after the Pause has been in place for three months, and before the end of the 12 months. Reinstatement of the Cover requires our approval and receipt of the premium.

We calculate the premium payable when Cover resumes based on the life insured's age and **monthly amount insured** on the last policy anniversary.

We do not provide Cover or pay any benefits for **illness** or **injury** that becomes **reasonably apparent** while premiums are paused and in the first 90 days after Cover resumes from a Premium Pause.

Cover Continuation

Does not apply to Special Risk, Basic, Basic SuperLink, Income Secure SuperLink, Standard or Comprehensive Cover.

If the life insured is working full-time when their Professional Cover expires and was doing so for the immediately preceding 12 months, we will offer to continue Professional Cover if the requirements below are met.

You can continue Cover up to the earlier of the:

- policy anniversary when the life insured is:
 - age 70, if the benefit period under the existing Cover is to age 65
 - age 65, if the benefit period under the existing Cover is to age 60
 - age 60, if the benefit period under the existing Cover is to age 55.
- date the life insured ceases full-time work.

This option is not available if the life insured was over age 55 when their Professional Cover started. It is also not available if any medical loadings apply to the life insured's Cover, as shown on the Policy Schedule.

To continue Professional Cover we will require evidence, acceptable to us, that the life insured is working and plans to continue to work full-time. We will also need information about the life insured's occupation.

The continued Cover will have the following terms:

- the waiting period will be the greater of 30 days and the current waiting period immediately before the existing Cover was to expire
- the benefit period will be one year
- the maximum **monthly amount insured** across all Professional Covers for the life insured will be the lesser of \$10,000 or the current **monthly amount insured** immediately before Cover was to expire
- the Accident Option and the Premier Accident Option will not apply
- indexation increases will not apply to the **monthly amount insured** on and after the policy anniversary when the life insured is age 65.

Waiting Period Conversion

Does not apply to Basic SuperLink Cover.

This feature allows the policy owner or life insured to apply to change a life insured's waiting period from two years to 90 days without medical evidence. The application can be made when the life insured ceases to be covered under a group salary continuance (GSC) scheme or similar arrangement.

The scheme or arrangement must have been provided by an employer and issued by a life company registered in Australia.

The application must be made within 30 days after the Cover under the GSC scheme ceases.

Apart from medical history, we will assess all aspects of the life insured's history to determine whether we can offer to convert the waiting period and if so, the conditions which may apply.

We may reject the application to convert when we assess the evidence and information against our then current standard underwriting guidelines.

Or instead, we may accept the conversion, but require a change to the life insured's occupation category or **monthly amount insured**.

You must provide confirmation the life insured:

- ceased to be covered under a GSC scheme or similar arrangement provided by an employer and issued by a life company registered in Australia
- is actively at work in their occupation and expects their **monthly earnings** to continue at or above the same level as when leaving the GSC scheme
- has not left the **employment** for which cover under the GSC scheme was provided due to **illness or injury**
- has not, and is not eligible to, claim under Income Secure Cover
- has not, and is not eligible to, claim under the GSC scheme or any other policy providing disability income insurance
- has not received a TPD benefit from any life insurer

- has not, and does not intend to, claim a TPD benefit with any life insurer.

This option to convert the waiting period expires at the policy anniversary when the life insured is age 55.

This benefit does not apply if it is part of a transfer from another OnePath product or this policy is issued as part of a continuation option unless it has been fully underwritten.

Indexation

Applies to your Cover only if it is shown in the Policy Schedule.

If indexation applies, at each policy anniversary the **monthly amount insured** for Income Secure Cover will automatically increase by the **indexation factor**. However, if the life insured is **on claim** or **totally disabled** on the policy anniversary, the **monthly amount insured** will not increase unless the Increasing Claim Option applies. Please see page 95.

As the **monthly amount insured** increases, generally the premium may also increase. Payment of the premium will constitute your acceptance of the increase in **Cover** due to indexation.

The policy owner under OneCare, or the life insured under OneCare Super, can decline the increase in any year. They must do so by notifying us within 30 days of the policy anniversary.

The policy owner under OneCare, or the life insured under OneCare Super, can also tell us to stop indexation permanently. However, if you later wish to reinstate indexation we may ask for medical information.

When indexation ends

We will cease to offer indexation for Income Secure Cover on the earlier of:

- the Cover expiry date shown on the Policy Schedule
- for Professional Cover only, when the Premium Pause is exercised.

Indexation factor

We determine the '**indexation factor**' each year based on the percentage increase in the Consumer Price Index (CPI). We use the CPI weighted average of eight capital cities combined, as published by the Australian Bureau of Statistics or its successor, for the 12 month period ending on 31 December each year. We apply the **indexation factor** from 1 May in the following year.

If the CPI reduces over the relevant period, the **indexation factor** will be zero. Any subsequent increases in the CPI will first be offset against the previous reduction(s) in the CPI when we determine the next **indexation factor**.

If the CPI is not published, we will calculate the **indexation factor** from another retail price index which in our actuary's opinion is the closest to it.

Extra cost options

Income Secure Cover offers the following options at extra cost. These options will increase your premium.

Not all options are available under all types of Income Secure Cover. This **PDS** explains where an option is not available.

You should consider which of the options are important to you.

Accident Option

Applies to your Cover only if it is shown on the Policy Schedule.

This option is not available under Special Risk Cover, Cover with waiting periods other than 14 or 30 days, or to a life insured with occupation category R.

We pay a benefit under the Accident Option if, as a result of an **injury**, the life insured is **totally disabled** for 14 consecutive days from the start of the waiting period. The **total disability** must have commenced within 30 days of the date of the **injury**.

If the life insured has Basic or Income Secure SuperLink (Super) Cover, the life insured must also have either, as a result of **illness** or **injury**:

- ceased to be **gainfully employed**
- ceased for at least one day to receive gain or reward under a continuing arrangement to be **gainfully employed**.

If you have selected Basic SuperLink or Income Secure SuperLink, we will first assess entitlement under your super policy (Basic or Income Secure SuperLink (Super)) and only if the requirements are not met will we then assess you under the non-super linked policy (Basic SuperLink or Income Secure SuperLink (Non-Super)). We do not pay this benefit under both **linked policies** at the same time in respect of the same **injury**.

The Accident Option is only available if the life insured's waiting period is 14 or 30 days.

The amount we pay is $\frac{1}{30}$ of the **monthly amount insured payable** for each day the life insured is **totally disabled** during the waiting period.

We pay this benefit during the waiting period.

If we pay this benefit, we will not pay another benefit for that **injury** during the waiting period, except for the Accommodation Benefit, Relocation Benefit, Emergency Domestic Travel Benefit and Commuter Benefit, if applicable.

The Accident Option expires at the policy anniversary when the life insured is age 65.

Premier Accident Option

Applies to your Cover only if it is shown in the Policy Schedule.

This option is not available under Special Risk Cover, Cover with waiting periods other than 14 or 30 days, or to a life insured with occupation category R.

We pay a benefit under the Premier Accident Option if, as a result of an **injury**, the life insured is **totally disabled** for three consecutive days from the start of the waiting period. The **total disability** must have commenced within 30 days of the date of the **injury**.

If you have Basic or Income Secure SuperLink (Super) Cover, the life insured must also have either, as a result of **illness** or **injury**:

- ceased to be **gainfully employed**.
- ceased for at least one day to receive gain or reward under a continuing arrangement to be **gainfully employed**.

If you have selected Basic SuperLink or Income Secure SuperLink, we will first assess entitlement under your super policy (Basic or Income Secure SuperLink (Super)) and only if the requirements are not met will we then assess you under the non-super linked policy (Basic SuperLink or Income Secure SuperLink (Non-Super)). We do not pay this benefit under both **linked policies** at the same time in respect of the same **injury**.

The Premier Accident Option is only available if the life insured's waiting period is 14 or 30 days.

The amount we pay under this option is $\frac{1}{30}$ of the **monthly amount insured payable** for each day the life insured is **totally disabled** during the waiting period.

We pay this benefit during the waiting period.

If we pay this benefit, we will not pay another benefit for that **injury** during the waiting period, except for the Accommodation Benefit, Relocation Benefit, Emergency Domestic Travel Benefit and Commuter Benefit, if applicable.

This option expires at the policy anniversary when the life insured is age 65.

Increasing Claim Option

Applies to your Cover only if it is shown on the Policy Schedule.

Under the Increasing Claim Option we will increase the **monthly amount insured** every three months by a quarter of the **indexation factor** while the life insured is **on claim**.

When the life insured ceases to be **on claim**, the **monthly amount insured** for their Income Secure Cover will be the **monthly amount insured** that applied on the policy anniversary before they ceased being **on claim**.

This option expires at the policy anniversary when the life insured is age 65 for all covers.

Priority Income Option

Applies to your Cover only if it is shown on the Policy Schedule.

This option is not available under Income Secure SuperLink (Non Super), Special Risk Cover or if you have occupation category R.

The Priority Income Option allows the policy owner, or the life insured under OneCare Super, to increase the **monthly amount insured** by an additional 5% of the life insured's **monthly earnings**.

The Priority Income Option helps maintain **super** contributions or mortgage payments while the life insured is **disabled**.

Either of the following may be selected:

- Superannuation Maintenance
- Mortgage Maintenance.

Superannuation Maintenance

Does not apply to Basic, Basic SuperLink or Income Secure SuperLink Cover or to a life insured with occupation category R.

This option is available if the life insured or their employer is contributing at least 5% of the life insured's **monthly earnings** towards **super** when the option is applied for.

The Super Maintenance amount payable is included in the **monthly amount insured** shown on your Policy Schedule.

If the guaranteed benefit payment type applies, the Super Maintenance amount payable is 5% of **monthly earnings** when the increase is applied for, adjusted by the **indexation factor** up to the policy anniversary before the claim.

If the indemnity benefit payment type applies, the Super Maintenance amount payable will be 5% of the lesser of the:

- **monthly earnings** at time of application, adjusted by the **indexation factor** up to the policy anniversary before claim
- **pre-claim earnings**.

We will pay a partial Super Maintenance amount while the life insured is **partially disabled**.

If the **monthly amount insured payable** was decreased because of the receipt of other payments, we will decrease the Super Maintenance amount payable in the same proportion. Please see page 73 for information on 'other payments'.

We will pay the Super Maintenance amount as part of the **monthly amount insured payable** to you, of which the relevant amount can be paid into a nominated superannuation fund.

We do not boost the Priority Income Option amount under the Booster Option. Please see page 96.

Mortgage Maintenance

This benefit is only available if the life insured is an owner, occupier and mortgagor of their principal place of residence. The life insured must be contributing at least 5% of their **monthly earnings** towards paying a mortgage on their principal place of residence when the option is applied for.

The Mortgage Maintenance amount payable is included in the **monthly amount insured payable** shown on your Policy Schedule.

If the guaranteed benefit payment type applies, the Mortgage Maintenance amount payable will be 5% of **monthly earnings** when the increase is applied for, adjusted by the **indexation factor** up to the policy anniversary before claim.

If the indemnity benefit payment type applies, the Mortgage Maintenance amount payable will be 5% of the lesser of:

- the **monthly earnings** at time of application, adjusted by the **indexation factor** up to the policy anniversary before claim
- **pre-claim earnings**.

We pay a partial Mortgage Maintenance amount while the life insured is **partially disabled**.

If the **monthly amount insured payable** was decreased because of the receipt of other payments, we will decrease the Mortgage Maintenance amount payable by the same proportion. Please see page 73 for information on 'other payments'.

We will pay the Mortgage Maintenance amount payable directly to the policy owner.

We do not boost the Priority Income Option amount under the Booster Option. Please see page 96.

Booster Option

Applies to your Cover only if it is shown on the Policy Schedule.

This option is not available under Basic, Basic SuperLink or Income Secure SuperLink Cover.

Standard or Special Risk Cover

If the life insured has Standard or Special Risk Cover, we pay under the Booster Option if both:

- the life insured suffers a trauma recovery event while their Cover is in force
- the trauma recovery event results in a **Total Disability Benefit** or a **Partial Disability Benefit** being payable in respect of the life insured.

We pay an additional third of the **monthly amount insured payable**, up to 24 months. We cease paying this benefit earlier if the life insured ceases to be **totally** or **partially disabled**, as applicable.

Comprehensive and Professional Cover

If the life insured has Comprehensive or Professional Cover, we pay under the Booster Option if a trauma recovery event occurs while their Cover is in force.

We pay an additional third of the **monthly amount insured payable**, for up to six months. We pay whether or not the life insured is **totally** or **partially disabled**.

We pay an additional amount if the life insured is **disabled** at the end of the six-month payment period due to the trauma recovery event for which we paid the Trauma Recovery Benefit. We pay an additional third of the **Total Disability Benefit** or **Partial Disability Benefit**, as applicable. We pay from the later of the end of the:

- payment period for the trauma recovery event
- waiting period.

We pay for up to a further 18 months. We cease paying earlier if the life insured ceases to be **totally** or **partially disabled**.

We do not 'boost' some amounts

The Booster Option will only apply to the first \$30,000 of the **monthly amount insured**.

Further, Priority Income Option amounts under the Priority Income Option are not boosted. Please see page 96 for information on the Priority Income Option.

Important features of Business Expense Cover

Available only outside super

You can only hold Business Expense Cover in a policy outside **super**.

When Cover starts

Business Expense Cover for a life insured starts on the **Cover start date** for Business Expense Cover set out in the Policy Schedule.

The life insured must meet entry conditions

Please see page 15 for details of minimum and maximum entry ages and other eligibility conditions for a life insured under Business Expense Cover.

Limits on the amount of Cover apply

Please see page 14 for details of the minimum and maximum amounts of Business Expense Cover you can apply for.

We pay one benefit at a time

We only pay one **monthly amount insured payable** at a time for a life insured. This is so even if the life insured suffers more than one **illness** or **injury** that causes **total** or **partial disability**.

A separate waiting period applies for each **illness** or **injury** for which a claim can be made, unless it is a recurring claim. Please see page 102.

Blood borne diseases

If the life insured is a health care professional and contracts a blood borne disease such as HIV, Hepatitis B or C, factors other than physical inability due to the **illness** can affect their ability to work.

The following is our approach to claims

Three situations could affect the life insured. In all three situations the life insured must notify the relevant governing body of their medical condition:

- the life insured discloses their condition to their patients. This may lead some patients to seek medical treatment elsewhere. It could also be difficult for the life insured to attract new patients
- the life insured chooses to cease performing 'exposure prone' procedures, as defined by the relevant governing body
- the life insured's governing body advises the life insured to cease performing 'exposure prone' procedures, as defined by the relevant governing body.

In every situation it is likely the life insured's **business income** will reduce. This is especially so for those professionals who generate a high percentage of their **business income** from 'exposure prone' procedures.

In every case we will assess whether the life insured is **disabled** under the terms and conditions of this **PDS**.

How we treat elective surgery

We consider a life insured to have suffered an **injury** where the life insured undergoes elective surgery that a **medical practitioner** advises is medically necessary for the life insured or for another person (for example live donation of a bodily organ medically necessary for another person). We will pay a benefit if the life insured meets all other requirements for payment of the benefit.

We do not cover elective surgery that is not medically necessary for the life insured or another person.

We do not pay in some circumstances

Despite anything else in this **PDS**, we do not pay a benefit under Business Expense Cover in some circumstances. Please see page 17.

Cover continues during unemployment

Business Expense Cover will continue while the life insured is **unemployed**. However, a benefit may not be payable if the life insured does not incur **business expenses**.

Further, after 12 months of **unemployment**, the definition of '**regular occupation**' used in determining whether the life insured is **totally disabled** or **partially disabled** will change, unless the life insured is **unemployed** because of an **illness** or **injury** for which they are on claim. Please see page 122 for the definition of '**regular occupation**'.

The Policy Schedule will show the Cover you have

The Policy Schedule will show if Business Expense Cover applies to a life insured and if so:

- the **monthly amount insured**
- the benefit payment type. This can be guaranteed or indemnity
- the waiting period chosen
- the benefit period
- the life insured's occupation category
- any extra cost options chosen.

Key benefit – Total Disability Benefit

This section explains the key benefits under Business Expense Cover.

When we pay

We pay the **Total Disability Benefit** if the life insured both:

- is **totally disabled** due to **illness** or **injury**
- meets the conditions in the table 'Eligibility Conditions for Total Disability and Partial Disability Benefit' below.

We pay the Total Disability Benefit:

- after completion of the waiting period
- monthly in arrears
- during the benefit period, unless we stop paying earlier, please see following.

The diagram below shows how the waiting period and payment timing work:

Total disability starts	Eligibility for benefit completed	We start to pay benefit
Waiting period		One month
We do not pay the Total Disability Benefit during the waiting period.		We pay monthly in arrears.

When we stop paying

We stop paying the **Total Disability Benefit** on the earlier of the:

- end of the benefit period of 12 months, or if we have agreed, the later date when we have paid 12 times the **monthly amount insured** in total. Please see page 102.
- Cover expiry date shown on the Policy Schedule
- date the life insured is no longer **disabled**
- date the life insured dies
- date on which the Business Cover ends or is cancelled. Please see page 106.

Table: Eligibility conditions for Total Disability and Partial Disability Benefit

The life insured's occupation category, shown on the Policy Schedule	Condition
A, C, D, E, F, I or P – where the life insured also has Income Secure Professional Cover in force	The life insured has been both: <ul style="list-style-type: none"> • disabled during the waiting period • continuously disabled since the end of the waiting period, unless it is a recurring claim. Please see page 102.
M, S, L or T and A, C, D, E, F, I or P – where the life insured does not also have Income Secure Professional Cover in force	The life insured has been all the following: <ul style="list-style-type: none"> • totally disabled for seven out of 12 consecutive days during the waiting period • disabled for the remainder of the waiting period • continuously disabled since the end of the waiting period, unless it is a recurring claim. Please see page 102.
H or HH	The life insured has been both: <ul style="list-style-type: none"> • totally disabled for 30 consecutive days during the waiting period, or 14 consecutive days if a 14 day waiting period applies • continuously disabled since the end of the waiting period, unless it is a recurring claim. Please see page 102.

What 'totally disabled' means

A life insured is **totally disabled** if they are **following the advice of a medical practitioner** in relation to an **illness** or **injury** for which they are claiming and either:

1. due to that **illness** or **injury** are not working in any gainful occupation and cannot perform one or more of the duties necessary to produce income from their **regular occupation**
2. are working in a gainful occupation, but due to that **illness** or **injury** are not working more than 10 hours* per week and cannot perform the duties necessary to produce income from their **regular occupation** for more than 10 hours* per week.

* We will replace '10 hours' with 'five hours' in this definition if the life insured was working less than 30 hours per week immediately before the **illness** or **injury** and when you applied for Business Expense Cover.

Waiting period

The waiting period is the period the life insured must wait before the benefit period starts.

You can choose one of the following waiting periods:

- 14 days
- 30 days
- 60 days
- 90 days.

You can choose to split the total monthly benefit between benefit payment types and waiting periods.

The waiting period starts the day the life insured consults a **medical practitioner** and receives advice confirming **disability**.

However, we may backdate the start of the waiting period, if it can be proved the **disability** started before receiving advice from a **medical practitioner**. In this case, we may backdate the start of the waiting period up to seven days with written confirmation.

The Policy Schedule will show the waiting period that applies to your **Cover**.

Longer waiting period lowers premium

The waiting period affects the premium. The longer the waiting period, the more affordable the premium.

Some benefits are payable during the waiting period. If so, we will tell you in the relevant sections of this **PDS**.

Separate waiting period for each illness or injury

Unless you have a recurring claim, a separate waiting period applies for each **illness or injury** of the life insured that causes **disability** for which you can claim under this Cover. Please see below for information about recurring claims.

Recurring claims

If you claim due to the same or related **illness or injury** which caused a previous successful claim, we can treat the subsequent claim as a continuation of the previous claim or as a separate claim.

We will treat the subsequent claim as a continuation of the previous claim and waive the waiting period, if the **illness or injury** recurs within six months of the date the life insured was last **on claim**.

We will treat the subsequent claim as a separate claim and apply a new waiting period if both the:

- **illness or injury** recurs after six months from the date the life insured was last **on claim**
- life insured has returned to full-time work for at least six continuous months.

Benefit period

The benefit period is the maximum period of time that we will pay a benefit for any one **illness or injury** while the life insured is **totally or partially disabled**.

The benefit period is 12 months.

The benefit period starts at the end of the waiting period and can continue for 12 months.

A separate benefit period applies for each **illness or injury** for which you can claim under this Cover, unless it is a recurring claim.

If we treat a claim as a recurring claim and waive the waiting period, we will also reduce the benefit period by any previous periods for which we paid benefits for that **illness or injury**. Please see above for details of recurring claims.

If we treat a claim as a separate claim and apply a new waiting period, then the benefit period recommences.

If at the end of the 12 month benefit period we have paid an amount less than 12 times the **monthly amount insured** shown on the Policy Schedule, we may extend the benefit payment period.

The extension may be up to 12 months provided the life insured is still **disabled**. However, we will not extend beyond the **Cover expiry date**. We will also not pay a total amount greater than 12 times the **monthly amount insured** shown on the Policy Schedule.

The amount we pay

The amount of the **Total Disability Benefit** we pay for a life insured is the '**monthly amount insured payable**' as at the date that entitlement to the **Total Disability Benefit** arises.

The amount of the **monthly amount insured payable** depends on whether you have chosen either the:

- guaranteed benefit payment type
- indemnity benefit payment type.

We explain these below.

The policy owner can choose to split the total monthly benefit between benefit payment types and waiting periods.

The **monthly amount insured payable** also depends on the '**monthly amount insured**' shown on your Policy Schedule. This is explained below.

Amount payable depends on monthly amount insured

The **monthly amount insured payable** under both the indemnity and guaranteed benefit payment types depends on the **monthly amount insured** shown on the Policy Schedule.

This amount is based on the life insured's **business expenses**. You must provide satisfactory evidence when you apply.

The **monthly amount insured** will be increased under indexation, if applicable. Please see page 105.

Indemnity benefit payment type

Under the indemnity benefit payment type, we calculate the **monthly amount insured payable** in two steps.

Firstly, we calculate the lesser of the following:

- the **monthly amount insured** shown on the Policy Schedule
- the life insured's share of the **business expenses** which are incurred while the life insured is **disabled**.

We then reduce the amount calculated above if certain other payments are received while **on claim**. Please see adjacent. This resultant sum is the '**monthly amount insured payable**'.

Under the indemnity benefit payment type, the **monthly amount insured payable** at claim time may be less than the **monthly amount insured** shown on your Policy Schedule. This will be the case if the life insured's share of **business expenses** decreases after the Cover commences.

We must receive receipts within 90 days of the date the relevant **business expenses** were incurred before we will pay the **Total Disability Benefit**.

We will apportion pre-paid or accrued **business expenses**, or **business expenses** which are paid or payable in a lump sum, over the period to which they relate.

If more than one person generates income in the life insured's **business**, we determine the life insured's share of **business expenses** using the same proportion as their share of **business income** before claim. However, we may agree to divide the **business expenses** differently.

You must provide satisfactory financial evidence so we can determine the life insured's **business expenses** when you apply and at claim time.

Guaranteed benefit payment type

Only available if you have Income Secure Cover with the guaranteed benefit payment type under the same policy.

Under the guaranteed benefit payment type, the **monthly amount insured payable** will not decrease with **business expenses**, as long as we have received satisfactory financial evidence.

We calculate the **monthly amount insured payable** as the **monthly amount insured** shown on the Policy Schedule, reduced if certain payments are received while **on claim**. Please see below for more details.

When applying for this Cover, you must provide us with satisfactory financial evidence for determining the **monthly amount insured**. You must also tell us if that financial evidence changes after you submit your application. We may adjust the **monthly amount insured** based on the revised financial evidence.

As long as we have received satisfactory financial evidence, we will not review or reassess the **monthly amount insured** shown on the Policy Schedule at claim time.

We pay pro-rata if the payment period is less than a month

If a payment period is less than a month, we pay $\frac{1}{30}$ of the **Total Disability Benefit** for each day of the period.

Amount we pay reduced by other payments

We reduce any benefit payable under Business Expense Cover by the amount of any business expense benefits you or the life insured receive from other insurance policies for the life insured's **illness or injury**.

Key benefit – Partial Disability Benefit

When we pay

We pay the **Partial Disability Benefit** if the life insured is **partially disabled** due to **illness or injury** and meets the eligibility conditions set out in the table on page 101 for their occupation category.

We pay the **Partial Disability Benefit**:

- after completion of the waiting period. Please see page 102
- monthly in arrears, with the first payment occurring one month after the end of the waiting period
- during the benefit period, unless we stop paying earlier as explained next. Please see below.

The diagram below shows how the waiting period and payment timing work:

Partial disability starts ▼	Eligibility for benefit completed ▼	We start to pay benefit ▼
Waiting period We do not pay the Partial Disability Benefit during the waiting period.		One month We pay monthly in arrears.

When we stop paying

We stop paying the **Partial Disability Benefit** on the earlier of the:

- end of the benefit period of 12 months, or if we have agreed, the later date when we have paid 12 times the **monthly amount insured** in total. Please see page 102.
- Cover expiry date shown on the Policy Schedule
- date the life insured is no longer **partially disabled**
- date the life insured dies
- date on which the Business Expense Cover ends or is cancelled.

- Living Expense Cover
- Business Expense Cover**
- Income Secure Cover
- Extra Care Cover
- Child Cover
- Trauma Cover
- SuperLink TPD Cover
- Total and Permanent Disability Cover
- Life Cover

What 'partial disability' means

A life insured is **partially disabled** if they are **following the advice of a medical practitioner** in relation to an **illness or injury** for which they are claiming and either:

1. due to that **illness or injury** are not working, but are not **totally disabled**
2. due to that **illness or injury** are working for 10 hours* or less per week, but are not **totally disabled**, and solely due to that **illness or injury** their **business income** is less than their **pre-claim business income**
3. are working in a gainful occupation for more than 10 hours* per week, but solely due to that **illness or injury** their **business income** is less than their **pre-claim business income**.

* We will replace '10 hours' with 'five hours' in the above definition if the life insured was working less than 30 hours per week immediately before the **illness or injury** and when you applied for the Cover.

The amount we pay

We calculate the **Partial Disability Benefit** as follows:

$$\frac{(A-B) \times C}{A}$$

where:

A = the life insured's share of the average of monthly **pre-claim business income** during the 12 months before the **disability**

B = the life insured's share of **business income** for the month in which they are **partially disabled**.

If the life insured is **partially disabled** and not working to their capability for reasons other than **illness or injury** and this continues for at least three months, we will calculate differently. We will calculate 'B' as the life insured's share of **business income** they could reasonably be expected to earn if they were working to the extent of their capability.

To determine this, we consider available medical evidence, including the opinion of the life insured's **medical practitioner**. We will also consider any other relevant factors directly related to the life insured's medical condition, including information they provide.

If we are already paying benefits, we will notify you 30 days before we adjust future payments because we change how we calculate 'B'.

'B' must be less than the amount of 'A'. If 'B' is negative in a month, we will treat 'B' as zero.

C = the **monthly amount insured payable**, as if the life insured was **totally disabled**.

We pay pro-rata if the payment period is less than a month

If a payment period is less than a month, we pay $\frac{1}{30}$ of the **Partial Disability Benefit** for each day of the period.

Additional benefits

Death Benefit

We pay the Death Benefit if the life insured dies or is diagnosed with a **terminal illness** while their Business Expense Cover is in force.

We pay three times the **monthly amount insured**. However, the maximum amount we pay under this benefit from all Business Expense Covers for the life insured under all policies we have issued is \$60,000.

We pay this benefit as a lump sum.

We pay this benefit once only. If we pay this benefit for **terminal illness** of the life insured, we will not pay it again on their death.

We pay this benefit for **terminal illness** even if other benefits are payable while the life insured is **on claim** under Business Expense Cover.

We pay this benefit even if the life insured is not **on claim**.

No Claim Benefit

The No Claim Benefit applies if the life insured's Business Expense Cover has been continuously in force for three consecutive years after the **Cover start date** and in that time both:

- the life insured has not been **on claim** under the Cover
- you have not been eligible to make a claim for the life insured under the Cover.

If this benefit applies, we will double any Death Benefit payable under Business Expense Cover where the life insured dies after the third anniversary of the **Cover start date**.

Standard features

Business Expense Cover includes several standard features, which we explain in this section. These features apply to all Business Expense Cover.

Increasing Expenses

This feature allows you to increase the **monthly amount insured** without medical underwriting in line with increases in the life insured's average monthly **business expenses**.

You may increase the **monthly amount insured** each year on the policy anniversary. You must apply for the increase within 30 days of the policy anniversary.

The increase applied for can be up to 15% of the **monthly amount insured** after any indexation increase applicable on that policy anniversary is applied.

However, the maximum individual increase available under this feature changes to \$1,000 if you have not increased the **monthly amount insured** under this feature within three years of the **Cover start date**.

The feature can only be exercised if:

- the life insured is not **on claim** or eligible to claim
- the life insured was less than age 50 at the **Cover start date**
- the life insured is less than age 55 on the policy anniversary from which the increased Cover is to apply
- the **monthly amount insured** across all Business Expense Cover for the life insured, including the increase applied for, does not exceed \$60,000
- we issued the life insured's Business Expense Cover without medical loadings greater than 50%, as shown on the Policy Schedule
- the sum of all increases to the **monthly amount insured** under this feature, including the increase applied for, do not exceed the original **monthly amount insured** at the **Cover start date**.

You must provide a completed Application Form and financial evidence supporting the increase in Cover. You must provide evidence the life insured is conducting **business** as a sole trader, partnership or working director. You must also confirm the life insured is actively at work and expects their **business income** and personal income (**monthly earnings**) to continue or increase.

Premium Break

Non Super

If the life insured ceases to own or operate a **business** for which they had Business Expense Cover, you can request to pause paying premiums for up to 12 consecutive months. You will have the option to recommence Cover at the end of the 12 month period.

You must request the Premium Break within 30 days after the life insured ceases to own or operate the **business**.

To be eligible to exercise Premium Break, you must have paid premiums for the previous 24 consecutive months and there must not be any outstanding premiums when the Premium Break is activated.

We do not pay any benefits under Business Expense Cover or increase the **monthly amount insured** under indexation while the Premium Break is activated.

If Business Expense Cover is the only Cover in force for the life insured, we will also pause the Policy Fee for the life insured during the Premium Break. If other Cover is in force for the life insured, we will continue to charge the Policy Fee and the premiums for the other Cover.

The Premium Break will automatically cease after 12 consecutive months and we will notify you 30 days before it does. If you do not reinstate the Business Expense Cover within 30 days, we will cancel the Cover.

You can apply to stop the Premium Break, and recommence Business Expense Cover, after the Premium Break has been in place for three months, and before the end of the 12 months. Cover will not resume unless we approve the application and receive the premium.

We calculate the premium payable when Cover resumes based on the life insured's age and **monthly amount insured** on the last policy anniversary.

We do not provide Cover or pay any benefits for **illness or injury** that becomes **reasonably apparent** while premiums are being paused or in the first 90 days after Cover resumes from a Premium Break.

Waiver of Premium

Non Super

We will waive the premiums for Business Expense Cover for the life insured for the time the life insured is either:

- **on claim** under Business Expense Cover
- **disabled** after the waiting period and otherwise eligible for a benefit under Business Expense Cover before we apply benefit reductions.

If we waive a premium for the Business Expense Cover we will also waive the premium for Cover during the waiting period.

If we are waiving the premiums for all Covers for the life insured, we will also waive the Policy Fee for the life insured.

Indexation

Applies to your Cover only if it is shown in the Policy Schedule.

Non Super

If indexation applies, at each policy anniversary the **monthly amount insured** for Business Expense Cover will automatically increase by the **indexation factor**. However, if the life insured is **on claim** or **totally disabled** on the policy anniversary, the **monthly amount insured** will not increase.

As the **monthly amount insured** increases, the premium may also increase. Payment of the premium will constitute your acceptance of the increase in Cover due to indexation.

You can decline the increase in any year by notifying us within 30 days of the policy anniversary.

The policy owner under OneCare can opt to permanently remove indexation, however, any reinstatement of indexation may require us to request medical information.

You can also tell us to stop indexation permanently. However, if you wish to reinstate indexation we may ask for medical information.

When indexation ends

We will cease to offer indexation for Business Expense Cover on the earlier of:

- the Cover expiry date shown on the Policy Schedule
- when the Premium Break is exercised. Please see above.

Indexation factor

We determine the '**indexation factor**' each year based on the percentage increase in the Consumer Price Index (CPI). We use the CPI weighted average of eight capital cities combined, as published by the Australian Bureau of Statistics or its successor, for the 12 month period ending on 31 December each year.

We apply the **indexation factor** from 1 May in the following year.

If the CPI reduces over the relevant period, the **indexation factor** will be zero. Any subsequent increases in the CPI will first be offset against the previous reduction(s) in the CPI when we determine the next **indexation factor**.

If the CPI is not published, we will calculate the **indexation factor** from another retail price index which in our actuary's opinion is the closest to it.

Extra cost options

Business Expense Cover offers the following options at extra cost. You should consider which of the options are important to you.

These options will increase your premium.

If you purchase an extra cost option, the Policy Schedule will state that it applies to your Cover. An extra cost option will not apply to your Cover unless it is stated in the Policy Schedule.

Accident Option

Applies to Cover for a life insured only if it is shown in the Policy Schedule.

This option is not available under Business Expense Cover with waiting periods other than 14 or 30 days.

We pay a benefit under the Accident Option if, as a result of an **injury**, the life insured is **totally disabled** for 14 consecutive days from the start of the waiting period. The **total disability** must have commenced within 30 days of the date of the **injury**.

This option is only available if the life insured's waiting period is 14 or 30 days.

The amount we pay under this option is $\frac{1}{30}$ of the **monthly amount insured payable** for each day the life insured is **totally disabled** during the waiting period.

We pay this benefit during the waiting period.

Premier Accident Option

Applies to Cover for a life insured only if it is shown in the Policy Schedule.

This option is not available under Business Expense Cover with waiting periods other than 14 or 30 days.

We pay a benefit under the Premier Accident Option if, as a result of an **injury**, the life insured is **totally disabled** for three consecutive days from the start of the waiting period. The **total disability** must have commenced within 30 days of the date of the **injury**.

The Premier Accident Option is only available if the life insured's waiting period is 14 or 30 days.

The amount we pay under this option is $\frac{1}{30}$ of the **monthly amount insured payable** for each day the life insured is **totally disabled** during the waiting period.

We pay this benefit during the waiting period.

When Business Expense Cover ends

Business Expense Cover for a life insured will end and our liability to pay any benefit under Business Expense Cover will cease automatically on the earliest of the:

- policy anniversary when the life insured is age 65
- Cover expiry date shown on the Policy Schedule
- date we receive your written notification to cancel the Cover
- date we lawfully cancel and/or avoid the Cover
- date we cancel the policy because you have not paid the premium when due
- date the life insured dies.

Living Expense Cover

Living Expense Cover is designed for people who are not eligible for Income Secure Cover. This is usually because they don't have an income, such as home-makers and retirees, or because they work part-time or casually.

This Cover pays an agreed monthly benefit if the life insured is **significantly disabled**. This money could be used for meeting financial obligations, home adjustments and maintaining lifestyle.

Choosing the right Cover

This section explains the benefits and features of the Living Expense Cover we offer.

You can tailor your Living Expense Cover by choosing the:

- amount of your Cover
- waiting period
- benefit period.

Your premium will depend on your choices.

It's important to choose Cover that's right for you – considering your day-to-day expenses and your lifestyle goals for the future.

Important features of Living Expense Cover

Available only outside super

You can only hold Living Expense Cover in a policy outside **super**.

When Cover starts

Living Expense Cover for a life insured starts on the **Cover start date** for Living Expense Cover set out in the Policy Schedule.

The life insured must meet entry conditions

Please see page 15 for details of minimum and maximum entry ages and other eligibility conditions for a life insured under Living Expense Cover.

Limits on the amount of Cover apply

Please see page 14 for details of the minimum and maximum amounts of Living Expense Cover you can apply for.

We pay one benefit at a time

We only pay one monthly Living Expense Benefit at a time for a life insured. This is so even if the life insured suffers more than one **illness** or **injury** that causes a **significant disability**.

A separate waiting period applies for each **illness** or **injury** for which you can claim. Please see page 108.

How we treat elective surgery

We consider a life insured to have suffered an **injury** where the life insured undergoes elective surgery that a **medical practitioner** advises is medically necessary for the life insured or for another person (for example live donation of a bodily organ medically necessary for another person). We will pay a benefit if the life insured meets all other requirements for payment of the benefit.

We do not cover elective surgery that is not medically necessary for the life insured or another person.

We do not pay in some circumstances

Despite anything else in this **PDS**, we do not pay a benefit under Living Expense Cover in some circumstances. Please see page 18.

The Policy Schedule will show the Cover you have

The Policy Schedule will show if you have Living Expense Cover and if so the:

- monthly amount insured
- waiting period chosen
- benefit period chosen.

Key benefit – Living Expense Benefit

This section explains the key benefit under Living Expense Cover.

When we pay

We pay the Living Expense Benefit if the life insured is **significantly disabled** due to **illness** or **injury** and has been continuously and **significantly disabled** both:

- during the waiting period.
- since the end of the waiting period, unless claiming as recurring claim.

We pay the Living Expense Benefit:

- after completion of the waiting period
- monthly in arrears. We make the first payment one month after the end of the waiting period
- during the benefit period. Please see below for more details.

The diagram below shows how the waiting period and payment timing work:

Significant disability starts	Eligibility for benefit completed	We start to pay benefit
▼	▼	▼
Waiting period We do not pay the Living Expense Benefit during the waiting period.		One month We pay monthly in arrears.

When we stop paying

We stop paying the Living Expense Benefit on the earlier of the:

- end of the benefit period shown on the Policy Schedule
- Cover expiry date shown on the Policy Schedule
- date the life insured stops being **significantly disabled**
- date the life insured dies
- date the Living Expense Cover is cancelled.

Waiting period

The waiting period is the period the life insured must wait before the benefit period starts.

You can choose one of the following available waiting periods:

- 30 days
- 90 days
- 1 year
- 2 years.

The waiting period starts the day the life insured consults a **medical practitioner** and receives advice confirming **significant disability**.

However, we may backdate the start of the waiting period if it can be proved the **disability** started before receiving advice from a **medical practitioner**. In this case we may backdate the start of the waiting period up to seven days with written confirmation.

The Policy Schedule will show the waiting period that applies to your Cover.

Longer waiting period lowers premium

The waiting period affects the premium. The longer the waiting period, the more affordable the premium.

Some benefits are payable during the waiting period.

If so, we will tell you in the relevant sections of this **PDS**.

Separate waiting period for each illness or injury

Unless you have a recurring claim, a separate waiting period applies for each **illness** or **injury** of the life insured which causes **significant disability** for which you can claim under this Cover. Recurring claims are explained below.

Recurring claims

If you claim due to the same or related **illness** or **injury** which caused a previous successful claim, we can treat the subsequent claim as a continuation of the previous claim or as a separate claim.

We will treat the subsequent claim as a continuation of the previous claim and waive the waiting period, if the **illness** or **injury** recurs within 12 months of the date the life insured was last **on claim**.

We will treat the subsequent claim as a separate claim and apply a new waiting period if the **illness** or **injury** recurs after 12 months from the date the life insured was last **on claim**.

Benefit period

The benefit period is the maximum period of time that we will pay a benefit for any one **illness** or **injury** while the life insured is **significantly disabled**.

The benefit period starts at the end of the waiting period.

You can choose one of the following available benefit periods:

- 2 years
- to age 65
- to age 80.

However, the 'to age 65' benefit period is not available to a life insured who commences Living Expense Cover after age 60.

The Policy Schedule will show the benefit period that applies for the Cover.

If we treat a claim as a recurring claim and waive the waiting period, we will also reduce the benefit period by any previous periods for which we paid benefits for that **illness** or **injury**. Please see above for details of recurring claims.

If we treat a claim as a separate claim and apply a new waiting period, then the benefit period recommences.

Shorter benefit period lowers premium

The benefit period affects your premium. The shorter the benefit period, the more affordable the premium.

The amount we pay

The amount of the Living Expense Benefit we pay for a life insured is the **monthly amount insured payable** as at the date entitlement to the Living Expense Benefit arises.

The **monthly amount insured payable** is the **monthly amount insured** shown on the Policy Schedule, adjusted by both:

- increases under the indexation option, if selected
- reductions if certain payments are received while **on claim**. Please see below for more details.

On a claim, we will not review or reassess the **monthly amount insured** shown on the Policy Schedule.

Amount we pay reduced by other payments

We will reduce the **monthly amount insured payable** in any month by the amount of 'other payments' you or the life insured receive as income replacement due to **illness** or **injury**.

'Other payments' include:

- payments received from any other disability income, illness or injury policies, including group insurance policies, that when you applied for Cover, or an increase in Cover, you did not disclose to us. Or, you disclosed to us but that were to be replaced by this policy
- any compulsory insurance schemes such as Workers' Compensation or Accident Compensation for loss of income.

We will convert lump sum payments to monthly amounts

We will convert to a monthly amount any part of an 'other payment' received as a lump sum that comprises compensation for loss of earnings that cannot be allocated to specific months.

We will allocate a monthly income amount of 1% of the loss of earnings component of the lump sum to each month that we pay a Living Expense Benefit. We will do so for up to eight years.

We will not offset any remaining balance of the lump sum.

What does not comprise an 'other payment'

'Other payments' do not include:

- any business expenses disability insurance indemnifying against business expenses
- payments made to **dependant children**
- total and permanent disability benefits, trauma benefits, terminal illness benefits or superannuation benefits
- payment of sums awarded by a court for pain and suffering.

We pay pro-rata if the payment period is less than a month

If a payment period is less than a month, we pay $\frac{1}{30}$ of the Living Expense Benefit for each day of the period.

Additional Benefits

Death Benefit

Non Super

We pay the Death Benefit if the life insured dies or is diagnosed with a **terminal illness** while their Living Expense Cover is in force.

We pay three times the **monthly amount insured** and we pay this benefit as a lump sum.

We pay this benefit once only. If we pay this benefit for **terminal illness** of the life insured, we will not pay it again on their death.

We pay this benefit for **terminal illness** even if any other benefits are payable while the life insured is **on claim** under this Cover.

We pay this benefit even if the life insured is not **on claim**.

Specific Injury Benefit

We pay the Specific Injury Benefit if the life insured suffers a specific injury listed in the table on the adjacent column before their 65th birthday and while their Living Expense Cover is in force.

An appropriate specialist **medical practitioner** must diagnose the specific injury, and our medical adviser must confirm the diagnosis.

We pay this benefit even if the life insured is not **significantly disabled**, not working, or does not need ongoing medical treatment.

We pay this benefit during the waiting period.

You can choose to receive this benefit as a lump sum or in monthly instalments. We explain this below.

We can pay as a lump sum

We can pay this benefit as a lump sum. We calculate the amount we pay by multiplying the **monthly amount insured payable** by the payment period for the specific injury as set out in the table in the adjacent column.

If the specific injury occurs within six months of the Cover expiry date, the amount we pay is the **monthly amount insured payable** multiplied by the number of months remaining until the Cover expiry date. The Cover expiry date is shown on the Policy Schedule.

If we have paid a lump sum and the life insured dies before the end of the payment period, we will pay any applicable Death Benefit.

We can pay by instalments

We can pay this benefit by monthly instalments paid in advance each month. The amount of each instalment is the **monthly amount insured payable**.

We pay until the earliest of the:

- end of the payment period for the specific injury as set out in the table below
- Cover expiry date shown on the Policy Schedule
- date the life insured dies.

We pay for one specific injury only, even if the life insured suffers more than one specific injury at the same time. We pay for the specific injury with the longest payment period.

If the life insured is **significantly disabled** at the end of the payment period due to the specific injury for which we have paid this benefit, we will pay the Living Expense Benefit.

We pay the Living Expense Benefit from the later of the end of the:

- payment period for the Specific Injury Benefit
- waiting period.

The life insured must have been **significantly disabled** during the waiting period. Please see page 108.

The following table shows the specific injuries and their relevant payment periods.

Specific injury	Payment period
Paralysis*	6 months
Loss of limbs [^]	3 months
Loss of sight [#]	3 months

* Paralysis means the total and permanent loss of function of two or more limbs.

[^] Loss of limbs means the total and permanent loss of the use of the whole of both hands or the whole of both feet or a combination of a whole hand and whole foot.

[#] Loss of sight means the irrecoverable total loss of sight in both eyes.

Standard features

Living Expense Cover includes two standard features, which we explain in this section. These features apply to all Living Expense Cover.

Waiver of Premium

We will waive the premiums for Living Expense Cover for the life insured for the time the life insured is either:

- **on claim** under Living Expense Cover
- **disabled** after the end of the waiting period and otherwise eligible for a benefit under this Living Expense Cover before we apply benefit reductions.

If we waive a premium for Living Expense Cover we will also waive the premium for Cover during the waiting period.

If we are waiving premiums for all Covers for the life insured, we will also waive the Policy Fee for the life insured.

Indexation

Applies to your Cover only if it is shown in the Policy Schedule.

If indexation applies, at each policy anniversary the **monthly amount insured** for Living Expense Cover will automatically increase by the **indexation factor**. However, if the life insured is **on claim** or **totally disabled** on the policy anniversary, the **monthly amount insured** will not increase.

As the **monthly amount insured** increases, the premium may also increase. Payment of the premium will constitute your acceptance of the increase in Cover due to indexation.

You can decline the increase in any year by notifying us within 30 days of the policy anniversary.

You can also tell us to stop indexation permanently. However, if you wish to reinstate we may ask for medical information.

When indexation ends

We will cease to offer indexation for Living Expense Cover on the Cover expiry date shown on the Policy Schedule.

Indexation factor

We determine the '**indexation factor**' each year based on the percentage increase in the Consumer Price Index (CPI). We use the CPI weighted average of eight capital cities combined, as published by the Australian Bureau of Statistics or its successor, for the 12 month period ending on 31 December each year. We apply the **indexation factor** from 1 May in the following year.

If the CPI reduces over the relevant period, the **indexation factor** will be zero. Any subsequent increases in the CPI will first be offset against the previous reduction(s) in the CPI when we determine the next **indexation factor**.

If the CPI is not published, we will calculate the **indexation factor** from another retail price index which in our actuary's opinion is the closest to it.

When Living Expense Cover ends

Living Expense Cover for a life insured will end and our liability to pay any benefit under Living Expense Cover will cease automatically on the earliest of the:

- policy anniversary when the life insured is age 80
- Cover expiry date shown on the Policy Schedule
- date we receive your written notification to cancel the Cover
- date we lawfully cancel and/or avoid the Cover
- date we cancel the policy because you have not paid the premium when due
- date the life insured dies.

OneCare Super is a superannuation product offering insurance benefits

OneCare Super is a superannuation product issued by OnePath Custodians Pty Limited ABN 12 008 508 496 AFSL 238346 (Trustee) as the trustee of the MasterFund (MasterFund) USI 53789980697.

OneCare Super allows members of the MasterFund to arrange insurance cover as a way of securing death and disability benefits.

The Trustee is an issuer of this PDS and is responsible for the contents of this PDS.

The MasterFund is a regulated superannuation fund under the *Superannuation Industry (Supervision) Act 1993* (SIS). It is a registrable superannuation entity that has been registered with the Australian Prudential Regulation Authority (APRA).

This section of this PDS contains important information about OneCare Super and the MasterFund. You should read both this section and the sections providing information about the insurance offered through OneCare Super.

Under OneCare Super you are a member of the MasterFund

When you apply for OneCare Super, you apply to become a member of the MasterFund and you nominate the insurance benefits you require, subject to the terms of the OneCare Super policy and relevant superannuation law.

If your application for membership and insurance is accepted, you become a member of the MasterFund and an insurance policy is issued to the Trustee.

Membership of the MasterFund is generally open to all persons who are eligible to contribute to superannuation or have contributions made on their behalf.

Unlike some superannuation products, OneCare Super is not an investment product. This will be the case, whether or not superannuation contributions or rollovers are used to purchase Cover on your behalf. The amount of your contribution or rollover, plus any Rollover Rebate, will equal the yearly premium paid by the Trustee to OnePath Life.

As a member of the MasterFund, you can make, or have made on your behalf, superannuation contributions or rollovers, from which the Trustee pays the premium for the insurance Cover provided under the OneCare Super policy.

We hold any amounts paid to us in trust while your application is assessed. If your application is declined we will refund amounts paid to us as required by law.

OneCare Cover available through OneCare Super

OneCare Super offers Life Cover, TPD Cover, Income Secure Cover and Extra Care Cover.

However, not all benefits, features or options under these Covers are available under OneCare Super. The PDS sections dealing with each of the types of Covers explain where a benefit, feature or option is available through OneCare Super.

When Income Secure Cover is structured through super on a Guaranteed benefit payment type you should be aware that payments through a Temporary Incapacity condition of release will be restricted by superannuation law.

Regulation of the Trustee

The Trustee holds a Registrable Superannuation Entity Licence issued by APRA and an Australian Financial Services Licence issued by the Australian Securities and Investments Commission.

The Trustee must comply with superannuation and other law, including SIS. SIS sets out standards for managing superannuation funds. If the Trustee does not comply with the SIS standards, penalties may be imposed on the Trustee.

The Trustee is also regulated by the Trust Deed governing the MasterFund. The Trust Deed contains rules for operating, and paying benefits from, the MasterFund.

OnePath Custodians Pty Limited as the Trustee administers the MasterFund in accordance with the Trust Deed.

The Trustee is responsible for ensuring the MasterFund:

About the MasterFund

The MasterFund is:

- a resident regulated superannuation fund within the meaning of SIS
- not subject to a direction from APRA under section 63 of SIS.

The MasterFund is a complying superannuation fund, able to accept superannuation guarantee contributions as well as other additional employer contributions.

How to pay premiums

You can pay premiums for insurance cover under OneCare Super in three ways.

Option 1 – Superannuation contributions

The premium for Cover can be paid into OneCare Super as a contribution by you, or by another person on your behalf. The Trustee will use the contributions to meet the cost of the insurance taken out for you. Please refer to 'Who can contribute to the MasterFund'.

Option 2 – Internal rollover from a OnePath superannuation product

The premium for Cover can be paid into OneCare Super as an internal rollover from your account in any of the following products within the MasterFund:

- OneAnswer Frontier Personal Super
- OneAnswer Personal Super
- ANZ OneAnswer Personal Super
- OptiMix Superannuation.

You must complete a rollover authority which directs the Trustee to rollover money from the nominated account when premiums are due.

This direction will be a standing order and will apply to the first and all subsequent rollovers, until you withdraw it in writing. You must then nominate a different method of payment or request the trustee cancel the policy.

Option 3 – External rollover

The premium for Cover can be paid into OneCare Super as an external rollover from your account in any eligible superannuation fund.

The rollover amount, plus any rollover rebate must equal the yearly premium due.

You must complete an Enduring Rollover Request form, which automatically directs the trustee of the external fund to rollover money from your nominated external superannuation fund to the MasterFund at each policy renewal.

If you pay an annual premium with an external rollover from a complying superannuation fund, you may receive a rollover rebate of up to 15%. We calculate the rebate based on up to 15% of the annual premium paid with an external rollover. The rollover rebate is generally applied to the premium due, reducing the amount made as an external rollover.

Subject to law, the Trustee may cease to offer the rollover rebate at any time and for any reason.

Who can contribute to the MasterFund

The Trustee applies contributions to the MasterFund as premiums for the OneCare Super policy. To pay your premium through a super contribution, you must be eligible to make a super contribution, or to have a contribution made for you.

If you are under age 65:

- you, your spouse, employer or a third party may contribute for you.

If you are at least age 65 but not yet age 70:

- you, your spouse, employer or a third party may contribute for you so long as you have been 'gainfully employed' for at least 40 hours during any consecutive 30 day period in the financial year the contribution is made
- your employer may pay compulsory employer contributions, for example Superannuation Guarantee or Award contributions.

If you are at least age 70 but not yet age 75:

- you and your employer may contribute for you so long as you have been 'gainfully employed' for at least 40 hours during any consecutive 30 day period in the financial year the contribution is made
- your employer may pay compulsory contributions.

If you are at least age 75*:

- your employer may pay compulsory contributions.

'Gainfully employed' means employed or self-employed for 'gain or reward' in any business, trade, profession, vocation, calling, occupation or employment.

* Personal and non-compulsory employer contributions may be accepted on or before the 28th day of the month following the month you turn 75, if you have been in gainful employment for at least 40 hours during any 30 consecutive day period in the financial year that the contribution is made.

Government co-contribution

If you have made a personal contribution, (after-tax contribution), to the MasterFund or any other complying superannuation fund, you may qualify for a government co-contribution. Your entitlement is capped under law and will be assessed by the Australian Taxation Office (ATO).

As a stand-alone insurance risk product under the MasterFund, OneCare Super cannot accept the government co-contribution. You may wish to have the ATO direct your government co-contribution to an alternative superannuation account.

Speak to your **financial adviser** or a qualified taxation specialist to see if you are eligible for the government co-contribution.

Low income superannuation contribution

If you are a low income earner, the Government may make a low income superannuation contribution (LISC) to your account to compensate for the tax paid on concessional contributions made for you. If payable, the contribution will be equal to 15% of your concessional contributions up to a maximum of \$500. Low income super contributions are not taxed in the superannuation fund. LISC payments will cease for contributions made after 30 June 2017.

As a stand-alone insurance risk product under the MasterFund, OneCare Super cannot accept a LISC payment. You may wish to have the ATO direct your LISC payment to an alternative superannuation account.

Potential changes to superannuation law may affect parts of this PDS, however, the information is correct at the time of issue of the PDS. Further information will be available at onepath.com.au

Speak to your **financial adviser** to see if you are eligible for the Low income superannuation contribution.

Salary sacrifice

Salary sacrifice is an arrangement whereby your employer contributes to a superannuation fund instead of making an equivalent gross payment as salary. Salary sacrifice contributions are treated as concessional contributions.

Salary sacrifice contributions to superannuation are included in the definition of income for certain government payments. Your employer may be required to report salary sacrifice contributions to the ATO as reportable employer super contributions.

Before starting a salary sacrifice arrangement we recommend you speak to your **financial adviser**.

Spouse contributions

Spouse contributions are made from after-tax monies and are treated as non-concessional contributions.

'Spouse' for OneCare Super means any person (whether of the same sex or different) with whom you are in a relationship that is registered under a State or Territory law or a person who, whether married or not, lives with you on a genuine domestic basis in a relationship as a couple.

Proceeds of Crime

Generally, your superannuation benefits may not be cashed or rolled over, where the Trustee must comply with a forfeiture order which allows the proceeds of crime to be recovered from your superannuation.

When the Trustee can pay benefits to you

We pay any insurance benefits payable under the OneCare Super policy to the Trustee.

If we have paid a benefit to the Trustee under your OneCare Super policy, the Trustee may only pay part or all of your benefit to you when you meet a condition of release under the law. If you have not met a condition of release, the Trustee cannot make any payments directly to you. Temporary residents (holding a temporary visa under the *Migration Act 1958* other than a Retirement Visa Subclass 405 or 410)

If you are a temporary resident, as defined above, you are only able to access preserved benefits on meeting one of the following conditions of release:

- eligibility for a Departing Australia Superannuation Payment (DASP)
- permanent incapacity*
- terminal medical condition*
- temporary incapacity*
- death.

* Refer to the footnotes above for an explanation of these conditions.

Transfer of balance

If you have not met a condition of release, the Trustee cannot make any payments directly to you. The Trustee will transfer your balance (less eligible adjustments) to an eligible super fund of your choice.

If you do not choose an eligible fund, the Trustee will rollover any such money into an eligible rollover fund (ERF) it nominates. The Trustee's current nominated ERF is:

Australian Eligible Rollover Fund
 Locked Bag 5429
 Parramatta NSW 2124

Death Benefit

If you die while your Cover is in force, we pay any insurance benefits payable under the OneCare Super policy to the Trustee.

You can nominate who you wish to receive your death benefit in the event of your death by making either a **Lapsing** or a **Non-lapsing** direction. You can nominate your dependants, your estate (we call this your "legal personal representative"), or a combination of both.

You cannot nominate beneficiaries who do not fall into one of these categories. Death Benefits paid to dependants can be paid as a lump sum or an income stream (conditions apply), or a combination of both.

It is important that you read the following information so you choose the most appropriate option for you.

Who is a 'legal personal representative'

A 'legal personal representative' may be either the:

- executor of your will
- administrator of your estate if you die without a valid will. This is known as intestacy.

Legal Personal Representative means an executor of your will or administrator of your estate, the Trustee of your deceased estate, the Trustee of the estate of a person under a legal disability, or a person who holds an enduring power of attorney granted by a person, however:

- a. subject to (b) below, a person does not have a Legal Personal Representative unless:
 - a grant of probate has been made,
 - letters of administration have been issued, or
 - such equivalent authority as the trustee determines for jurisdictions outside Australia has been conferred on a person, and
- b. if the Trustee is reasonably satisfied that the value of your estate is less than the amount which the Trustee from time to time specifies as the 'probate limit', then the Trustee may treat a person who does not meet the criteria in (a) but who the Trustee is reasonably satisfied will, in practice, be informally performing the role of executor or administrator.

Who can be a dependant?

Under superannuation law, a dependant includes:

- your spouse, for OneCare Super means any person (whether of the same sex or different) with whom you are in a relationship that is registered under a State or Territory law or a person who, whether married or not, lives with you on a genuine domestic basis in a relationship as a couple.
- your children (including an adopted child, a stepchild, child of your spouse or an ex-nuptial child);
- any other person who is financially dependent on you at the time of your death; or

- any other person with whom you have an ‘interdependency relationship at the time of your death’ (see following).

Your nomination will only apply to the death benefit payable from OneCare Super. If you have another super interest under the MasterFund, you must complete a separate nomination form for any death benefits payable from that other superannuation product.

It is important that you read the following information so you choose the most appropriate option for you.

Interdependency relationship

Generally, two people (whether or not related by family) have an “interdependency relationship” if all the following apply:

- they have a close personal relationship;
- they live together;
- one or each of them provides the other with financial support; and
- one or each of them provides the other with domestic support and personal care.

An interdependency relationship also includes two people who (whether or not related by family):

- have a close personal relationship; and
- do not meet the other four criteria listed above because either or both of them suffer from a physical, intellectual or psychiatric disability or they are temporarily living apart.

Nominating a beneficiary

You can nominate, cancel or change your nominated beneficiaries by completing the Trustee’s [Nomination of Beneficiaries Form] which is available from our website onepath.com.au or by contacting our service team on 133 667. For your nomination to be effective, you will need to comply with all legal requirements outlined in the following paragraphs.

Your nomination may be, or become, defective if certain events occur. Refer to the following sections for further information about these events. You should revise your nomination if any of these events occur. It is very important that you keep your nomination up-to-date and in line with your personal circumstances so it continues to be effective.

Your Annual Statement provides details of any nominations you have made.

1. Lapsing nomination

If you give the Trustee a Lapsing nomination that satisfies all legal requirements, the Trustee must pay your Death Benefit to the beneficiaries you have nominated and in such proportions as you have specified, provided:

- each nominated beneficiary is a dependant or your legal personal representative at the time of your death
- your Lapsing nomination is current when you die, i.e the form containing the nomination has been confirmed or amended within three years after the day it was first signed, or last confirmed or amended by you;
- your Lapsing nomination is in writing and two persons over the age of 18 years who are not nominated beneficiaries have witnessed you signing your nomination.

2. Non-lapsing nomination

You can also make a Non-lapsing nomination which does not have to be witnessed or updated every three years. If you provide the Trustee with a Non-lapsing nomination, the Trustee will conditionally consent to your nomination unless the Trustee believes you did not understand the consequences of making a Non-lapsing nomination or your nominated beneficiary is not a dependant or your legal personal representative. On your death, the Trustee must make its conditional consent absolute and must pay your death benefit in accordance with your nomination and in such proportions as you have specified provided:

- each nominated beneficiary is a dependant or your legal personal representative at the time of your death;
- you have not married, entered a de facto or like relationship with a person of either sex, or permanently separated from your spouse or partner since making your nomination.

It is important to note that a Non-lapsing nomination will not override a previous, valid Lapsing nomination made by you. If you have already made a Lapsing nomination, you must revoke it first and then make a Non-lapsing nomination.

3. No nomination, defective nomination or cancelled nomination

If you do not make a valid nomination, or cancel your existing nomination, or to the extent your nomination is defective (i.e. does not meet a requirement under the trust deed or superannuation law), the Trustee will pay your death benefit to your legal personal representative in accordance with the following hierarchy:

- if your estate is solvent, to your Legal Personal Representative
- if there is no Legal Personal Representative or your estate is not solvent, to your Spouse (divided equally between them, if more than one)
- if there is no Spouse to one or more of your dependants
- if there are no dependants, to anyone else as permitted under superannuation law.

If the Trustee does not pay your death benefit to your legal personal representative, the Trustee will pay your death benefit to your spouse (equally, if more than one) or, if you do not have a spouse, to one or more of your dependants in proportions the Trustee determines.

If there are no other Dependants, to anyone else as permitted under Superannuation Law, in proportions the Trustee determines.

If you do not have either a Lapsing or Non-lapsing nomination, you should consider making a will or altering your will to cover your death benefit.

Updating your beneficiary nomination

You can update your beneficiary information by completing the relevant nomination of beneficiary form. This form is available from our website onepath.com.au or by contacting our service team on 133 667.

Please note that your nomination will only apply to a Death Benefit payable from OneCare Super. The nomination does not apply for any other superannuation product or insurance Cover under the MasterFund.

Death Benefits paid as an income stream

The Trustee generally pays death benefits from the MasterFund as a lump sum. However, the Trustee may pay the Death Benefit as an income stream. In some circumstances, an income stream may be paid to a minor. The rules governing income streams paid to a child, including when a child must convert an income stream into a lump sum, are complex and you should speak to your **financial adviser**.

Insured's duty of disclosure

The Trustee enters into a life insurance contract in respect of your life and has a duty, before entering into the contract, to tell us anything that it knows, or could reasonably be expected to know, may affect our decision to provide the insurance and on what terms.

The Trustee has this duty until we agree to provide the insurance.

The Trustee has the same duty before the Trustee extends, varies or reinstates the contract.

The Trustee does not need to tell us anything that:

- reduces the risk we insure you for
- is common knowledge
- we know or should know as an insurer, or
- we waive your duty to tell us about.

You must disclose relevant information

You must tell us anything you know, or could reasonably be expected to know, may affect our decision to provide the insurance and on what terms. If you do not do so, this may be treated as a failure by the Trustee to tell us something that the Trustee must tell us.

If you provide relevant information to the Trustee rather than us, the Trustee will provide the information you give the Trustee to us. The Trustee will do this so that you comply with your obligation to provide relevant information to us.

If the Trustee does not tell us something

In exercising the following rights, we may consider whether different types of cover can constitute separate contracts of life insurance. If they do, we may apply the following rights separately to each type of cover.

If the Trustee does not tell us anything it is required to, and we would not have provided the insurance or entered into the same contract with the Trustee if the Trustee had told us, we may avoid the contract within three years of entering into it.

If we choose not to avoid the contract, we may, at any time, reduce the amount of insurance provided. This would be worked out using a formula that takes into account the premium that would have been payable if the Trustee had told us everything it should have. However, if the contract provides cover on death, we may only exercise this right within three years of entering into the contract.

If we choose not to avoid the contract or reduce the amount of insurance provided, we may, at any time vary the contract in a way that places us in the same position we would have been in if the Trustee had told us everything it should have. However, this right does not apply if the contract provides Cover on death.

If the failure to tell us is fraudulent, we may refuse to pay a claim and treat the contract as if it never existed.

Bankruptcy

The *Bankruptcy Act* allows bankruptcy trustees to recover superannuation contributions made, prior to bankruptcy, with the intention to defeat creditors.

An Official Receiver is also allowed to issue a notice to freeze a member's interest in a superannuation fund or to recover void contributions.

Key information you should know

1. The cost of the policy

The amount payable for your policy is called the premium.

The premium includes:

- the cost of Cover selected for each life insured
- Policy Fees
- any applicable government charges and administration charges.

The choices you make under the policy, and various other factors, determine the premium. These factors include age, gender, smoking status, health and occupation.

We calculate the premium at the policy start date and at each policy anniversary. The premium payable for the first year of the policy is shown on the Policy Schedule.

The minimum premium for each life insured, inclusive of the Policy Fee, is \$300 p.a.

The minimum premium includes premiums for Life Cover, TPD Cover, Trauma Cover, Income Secure Cover, Business Expense Cover, Living Expense Cover and Extra Care Cover. It does not apply to Child Cover.

The minimum annual premium for increases is \$150 p.a. for each life insured. This minimum does not apply to indexation increases.

Premium must be paid to keep Cover in force

The premium and any applicable fees, duties or charges must be paid in full to keep the policy in force.

If the premium has not been paid in full for each life insured, we do not have to pay any benefits under the policy **for** any lives insured. We may also cancel the policy **for all** lives insured.

We will cancel the policy 30 days after we give the policy owner, or the life insured under OneCare Super, written notice of cancellation.

If you overpay the premium, we retain the overpayment unless it exceeds \$5.00.

The policy owner pays the premium

The policy owner pays us the premium for the policy.

For policies held through **super**, the trustee of the **super** fund pays the premium by directing to us contributions or transfers made to your **super** account by you, or on your behalf.

For further details about paying premiums under OneCare Super, please see page 124.

All premiums must be paid in Australian currency.

Premium types

The way we calculate the premium depends on the premium type you select. The premium type applying to each Cover is shown on the Policy Schedule.

We offer the following two premium types, explained below:

- stepped premium
- level premium.

Under stepped premiums, we re-calculate the premium on each policy anniversary based on the life insured's age on that anniversary. The premium will also depend on various other factors such as the amount of Cover. Stepped premiums are likely to increase with age. The premium will also change when Cover changes. This includes changes to the amounts insured and monthly amounts insured due to indexation.

Under level premiums, we calculate the premium based on an age-based premium rate determined by the life insured's age at the **Cover start date**. This rate will apply until the policy anniversary when the life insured is age 65, unless we change the premium rates. See page 130.

Level premiums are 'averaged out' over the policy duration, which means you generally have higher premiums than stepped during the initial years, but lower premiums in later years.

Level premiums are not available for Child Cover or Extra Cover or after the life insured reaches age 65. After age 65, level premiums will convert to stepped premiums.

Under level premiums, if the amount insured increases, including for indexation, the premium for the increase depends on the life insured's age when the amount insured increases and the level premium rate for that age.

If the policy owner, or the life insured under OneCare Super, wishes to reduce the amount insured, we first reduce the latest issued level premium amount insured and/or **monthly amount insured** and premium. After this, we reduce each previously issued level premium amount insured and/or **monthly amount insured** and premium.

Stepped vs. Level (with indexation)

The level premium (dotted line) starts off more expensive. Because the level of Cover is increasing each year to keep up with inflation, the premiums for both Cover types increase with each policy anniversary. However, the level premium is increasing at a slower rate.

Stepped vs. Level (without indexation)

In this example, the amount of Cover is not increasing each year with inflation. Again, the level premiums start off more expensive, but they remain steady while the stepped premiums are increasing each year.

Your premium includes a Policy Fee for each life insured under the policy. The Policy Fee increases each year by the **indexation factor**, regardless of whether you've chosen stepped or level premiums. This fee will be quoted with the premium when you apply.

Note: If you are paying level premiums, the Cover will automatically convert to stepped premium at age 65.

Please note, the above diagrams are for illustrative purposes only.

Premium rates

We calculate the premium by reference to a table of premium rates for each Cover and any options selected.

A table of premium rates is available upon request.

In setting premium rates, we consider the risk group and the costs of setting up and administering the policy.

We can change premium rates

We do not guarantee premium rates for either stepped or level premiums. We can increase premium rates, but the increase only takes effect from the policy anniversary after the change. We must also give the policy owner 30 days notice of the increase.

However, if you change your policy, we will recalculate your premium based on the rates applicable at the time the change is requested.

We will not increase the premium rates for an individual policy within a defined risk group unless we increase the premiums for every policy in that risk group, on advice from our actuary.

Policy Fee

Your premium includes a Policy Fee, which will be set out in the Policy Schedule. A Policy Fee is payable for each life insured under the policy, except an insured child under Child Cover. We will quote the Policy Fee with the premium when an application for OneCare is made.

We adjust the Policy Fee at 1 May each year by the **indexation factor** applying then. The change takes effect for your policy on the policy anniversary on or following the date of the change.

On the date this **PDS** was prepared, the Policy Fee is \$86.25 per year.

Premium discounts

Please see page 12 for information about premium discounts we offer.

Government charges

We will pay any stamp duty, tax, excise or other charges that the Commonwealth, or a State or Territory Government, impose or apply to this policy.

However, we reserve the right to recoup any such taxes or charges through the premium, and the right to increase the premium to Cover any increase in, or addition to, these taxes or charges.

Unless stated otherwise, the premium you pay is inclusive of any applicable stamp duty, tax, excise or other government charges that apply to this policy.

Administration charges

We reserve the right to charge a fee to recoup the costs of administering any function that any Commonwealth, State or Territory Government requires of us in respect of this policy.

Payment of premium

Premiums are payable to **OnePath Life**.

Annual premiums for the policy must be paid by the policy anniversary date.

If we agree to premiums being paid by instalments, the relevant premium instalment amount must be paid by the relevant instalment date.

We may agree to premiums being paid by instalments and an approved payment method. If we do so, a payment frequency loading may apply.

The Policy Schedule will show the frequency of premium payments. We may increase or vary frequency loadings on instalment premiums by prior written notice to the policy owner, or the life insured under OneCare Super.

If there is more than one life insured or Cover under the policy, we will calculate the premium payable in respect of each life insured and each Cover. However, we consider the premium paid in full only when all amounts for each life insured have been paid.

Refund if policy cancelled

If premiums are paid annually or half-yearly and the policy is cancelled before the next annual or half yearly instalment is due, we will pay a pro rata refund.

If you have OneCare Super, and the Trustee cannot release the pro rata refund of premium to you, the Trustee will transfer the refund to an eligible superannuation fund you nominate. If that superannuation fund does not accept the monies, the Trustee may transfer the monies to an eligible rollover fund (**ERF**). The Trustee's nominated **ERF** is the Australian Eligible Rollover Fund, Locked Bag 5429, Parramatta, NSW 2124.

If the premium is paid by monthly instalments we will not refund any instalment payment if the policy is cancelled.

Financial adviser commission

If you purchase your policy through a **financial adviser**, we may pay your **financial adviser** commission for selling you this product. This payment is already incorporated into your premium. Please see page 2 for further information about **financial advisers**.

We may also remunerate financial services dealer groups based on commercial arrangements. These payments are made by us.

2. How to nominate and update beneficiary details

When applying for OneCare or OneCare Super, you may nominate beneficiaries to receive any Death Benefits payable.

OneCare (outside super)

Under OneCare held outside **super**, you can nominate the beneficiaries to receive any Death Benefit payable if a life insured dies, and the proportions of the Death Benefit each beneficiary is to receive.

A nominated beneficiary can be an individual, trust, company or charitable foundation.

We will confirm each nominated beneficiary in writing.

The nomination will apply to death benefits in respect of a life insured payable across all covers under the policy. If you do not nominate a beneficiary, we will pay any Death Benefit to you, the policy owner, or your estate.

If the total benefits payable to nominated beneficiaries is less than 100% of the total Death Benefit payable, we will pay the balance of the Death Benefit to you or your estate.

If a nominated beneficiary dies before you, we will pay to you or your estate any benefits that would have been allocated to that beneficiary. If a nominated beneficiary is a trust, company or charitable foundation that no longer exists when the life insured dies, we will pay to you or your estate any benefits that would have been allocated to that beneficiary.

If you assign the ownership of your policy to a new policy owner, we will cancel your nominations.

Cover held through super

If you hold your Cover through a **super** fund, we will pay any Death Benefit under the policy to the trustee of your **super** fund.

If you choose OneCare Super, please refer to page 127 for details of how to nominate beneficiaries for your Death Benefit payable from the **MasterFund**.

If you hold your Cover through another **super** fund you should contact the trustee of that fund for information about nominating beneficiaries for your Death Benefit payable from the MasterFund.

3. How to change policy owner

There may be tax consequences on transferring a policy depending on your particular circumstances. We recommend you seek advice from a tax adviser or registered tax agent.

OneCare

If you are the policy owner, you can transfer or assign the ownership of your policy to another individual, company, trustee or legal entity. You can do so by completing a Memorandum of Transfer, which once it accords with all legal requirements will be registered by us.

If there is more than one policy owner, we regard them as joint tenants and all owners will need to agree to the transfer.

You cannot change the policy owner once you are on claim or eligible to claim.

OneCare Super

If you hold cover through the MasterFund, and you want to continue your cover under a different policy ownership, we may offer to cancel your policy and replace it with a new policy. You will be required to complete a new application and the new cover will be on the same terms as your existing cover and subject to the cover options and premium rates applicable at the time.

OneCare issued to other superannuation trustees

If you hold cover through an external superannuation master trust, self-managed super fund or small APRA fund, and you want to continue your cover under a different policy ownership, we may offer to cancel your policy and replace it with a new policy. You will be required to complete a new application and the new cover will be on the same terms as your existing cover and subject to the cover options and premium rates applicable at the time.

4. Taxation

The taxation information provided below is based on our interpretation of the taxation laws and rulings that were current when this PDS was printed. This PDS relies upon that legislation, and its practice and interpretation, continuing.

The information is of a general nature only, and does not constitute tax advice. We recommend you seek tax advice specific to your personal circumstances, from a tax adviser or registered tax agent.

Cover held outside super

Whether premiums paid for OneCare Cover are tax deductible and whether OneCare benefits paid are assessable for tax depends on various factors. These factors include the type of Cover insured, who owns the policy, and who pays the premium.

Where you hold the policy for personal purposes, the premium paid is not tax deductible and benefits paid under the policy are generally not assessable as income or capital gains.

However, premiums paid for insurance cover that is intended to replace income, such as income protection cover, or for the purposes of carrying on a business such as Business Expense Cover are generally tax deductible. Any benefits received under such cover will generally be subject to tax as income.

Where a policy is held by an employer or for business insurance purposes, the taxation implications are complex and depend upon the circumstances of the business or employer.

Cover held through OneCare Super

Concessional contributions

Concessional contributions are generally taxed at the concessional rate of 15% within the **MasterFund**. An additional 15% tax may apply to certain concessional contributions if your adjusted taxable income exceeds \$300,000 in the financial year.

Generally, concessional contributions include:

- employer contributions (including salary sacrifice contributions)
- personal contributions for which a tax deduction has been allowed.

An annual cap on concessional contributions applies on a financial year basis. The cap for the 2016/17 financial year is \$30,000 if you are under 50 or \$35,000 if you are 50 or over as at the end of the financial year.

Concessional contributions over the cap will be included in your assessable income and taxed to you at your marginal tax rate plus any applicable levies less a 15% tax offset. This offset represents the tax paid by the **MasterFund**. Interest charges also apply to account for any deferral of tax.

You may elect to withdraw up to 85% of your excess concessional contributions from a superannuation fund to help you pay this tax. As OneCare Super does not maintain an account balance for you, the Trustee will not be able to release amounts from the **MasterFund**. You will need to nominate a different super fund to pay the tax.

Any concessional contributions in excess of the cap not effectively withdrawn from super will also count toward the non-concessional contributions cap. Please see below.

Non-concessional contributions

An annual cap on non-concessional contributions applies on a financial year basis. The non-concessional contributions cap is \$180,000 for the 2016/17 financial year.

If you are under age 65 at any time during the financial year, you can bring forward the next two years' non-concessional contributions caps (providing you haven't already done so in the two previous financial years). The cap for 2016/17 financial year for brought forward amounts is \$540,000. This effectively creates a three-year block period where total non-concessional contributions cannot exceed three times the first financial year's non-concessional contributions cap. The bring-forward is automatically triggered when your after-tax contributions are more than \$180,000 in a particular year.

Generally, non-concessional contributions include:

- personal contributions for which no tax deduction has been allowed
- spouse contributions

A terminal medical condition payment to another superannuation or pension fund is not a rollover superannuation benefit for taxation purposes. The payment is treated as if the member received it as a tax free lump sum and made a personal contribution. Generally, the contribution is assessed against the non-concessional contributions cap or if a tax deduction has been claimed, the amount claimed is assessed against the concessional contributions cap.

You should speak to your financial adviser for further information on terminal medical condition payments as consequences may apply.

If you exceed the non-concessional contributions cap you can choose how the excess is taxed:

- You can withdraw all of your excess non-concessional contributions and 85% of associated earnings from a super fund. In this case, the full associated earnings amount will be included in your assessable income. It will be taxed at your marginal tax rate plus any applicable levies less a 15% tax offset for tax paid in the super fund. As OneCare Super does not maintain an account balance for you, the Trustee will not be able to release amounts from the **MasterFund**.
- If you do not withdraw the excess non-concessional contributions, the excess amount will be taxed at 49%. The **MasterFund** will not be able to pay this tax as it does not maintain an account balance for you. You must nominate another super fund
- If you do not have any money or assets in any super fund, you can tell the ATO. In this case, the full associated earnings amount will be included in your assessable income. It will be taxed at your marginal tax rate plus any applicable levies less a 15% tax offset.

Can I claim a tax deduction for contributions?

If your employer contributes to super on your behalf, you generally will not be able to claim a tax deduction for any personal contributions you make. However, if you do not earn income from employment or if your combined assessable income, reportable fringe benefits and reportable employer super contributions from employment is less than 10% of your total assessable income, reportable fringe benefits and reportable employer super contributions, you may be entitled to claim a tax deduction for any personal contributions you make to the MasterFund. Before you can claim the deduction you will need to lodge a valid notice with us and we must acknowledge that we have received and accepted your notice (conditions apply).

Please note a tax deduction for personal contributions may only be allowed on a proportional basis where we receive a 'Notice of intent to claim a tax deduction for super contributions' after we have paid a partial withdrawal or rollover. Note, we must receive a valid notice of intent to claim a tax deduction. If the amount on the form is blank, OnePath will assume there is no amount to be claimed and no action will be taken by OnePath.

Please see your tax adviser for independent taxation advice taking into account your individual circumstances

Tax on benefits

For lump-sum withdrawals

Age 60 or over

A lump-sum withdrawal from your OneCare Super or pension account is generally tax free if you are aged 60 or over.

Under age 60

Your benefit will generally consist of two components – taxable and tax free. You are required to draw down proportionately from these components. Tax is not payable on the portion of the lump-sum payment made from the tax free component of your benefit.

The tax free component may be increased if your payment qualifies as a disability super benefit. For more information contact your tax adviser or financial adviser.

The table below shows the maximum rates of tax payable on the taxable component of lump-sum withdrawals if you have provided your TFN.

Your age	Maximum rate of tax (including the Medicare levy of 2%)
Preservation age to age 59 (inclusive)	Amount up to low rate cap* 0%
	Amount over low rate cap* 17%
Under preservation age	22%

* The low rate cap threshold for the 2016/17 financial year is \$195,000 (the amount may be indexed but in \$5,000 increments only).

Withholding tax rates for temporary residents

Withholding tax rates apply on DASP benefits cashed out by temporary residents on permanent departure from Australia.

Rates currently in effect are:

- tax free component – no tax payable
- taxable component (taxed element) – taxed at 38%*
- taxable component (untaxed element) – taxed at 47%.*

* These rates incorporate the Temporary Budget Repair Levy and will reduce to 35% and 45% respectively from 1 July 2017.

For income stream payments

Age 60 or over

Income stream payments from your OneCare Super or pension account are tax free if you are aged 60 or over.

Under age 60

Your income stream payments will only be taxable if you are under age 60 at the date the payment is made.

Your benefit will generally consist of two components – taxable and tax free. You are required to draw down proportionately from these components. The tax free and taxable proportions are set at the commencement of your income stream.

Tax is not payable on the portion of the payment that is made from the tax free component of your benefit. The amount that is paid from the taxable component of your benefit will form part of your assessable income and will be taxed at your marginal rate. If you have reached your preservation age or are being paid a disability or Death Benefit income stream, you will generally be entitled to a 15% tax offset on the taxable component.

If you received a payment while you were under age 60 at any time in the financial year, the trustee will send you a PAYG Payment Summary at the end of each year showing the income and the tax that has been withheld under PAYG withholding requirements (if any) that you will need to include in your tax return.

Income Protection benefits

Tax laws treat income protection benefits as income replacement. Accordingly, when paying any 'income protection cover' benefit to you the Trustee must deduct tax at the PAYG withholding rates that apply to salary and wages. The tax offset for some superannuation benefit payments doesn't apply to income protection benefits.

If you do not provide a TFN the trustee must withhold at the highest marginal tax rate.

Tax free terminal medical condition benefit payments

Tax and superannuation laws allow members who have satisfied a 'terminal medical condition' condition of release to receive their lump-sum payments tax free. For more information contact your financial adviser. tax rate.

Taxation of super on death

The tax treatment of Death Benefits payment depends on whether a Death Benefits dependant or non-dependant ultimately receives that benefit. The definition of a dependant for tax purposes may differ from the definition of dependant under superannuation law. We recommend you seek independent taxation advice.

Payment to a dependant

A Death Benefit may be paid to a dependant in the form of a lump-sum or an income stream, or a combination of both. A Death Benefit lump sum paid to a Death Benefits dependant is tax free. A Death Benefits dependant includes a spouse*, former spouse, child under 18 years of age, or someone who had an interdependency relationship with, or was financially dependent on the deceased at the time of death.

Where either the deceased or the Death Benefit beneficiary is age 60 or over, a Death Benefits income stream is tax free. Where both the deceased and the Death Benefit beneficiary are under age 60, the Death Benefits income stream will generally consist of only two components, taxable and tax free. Tax is not payable on the tax free component.

Generally, the taxable component will be taxed at the beneficiary's marginal tax rate with a 15% tax offset available.

* Your spouse includes any person (whether of the same sex or different sex) with whom you are in a registered civil union or domestic relationship or who, whether or not legally married to you, lives with you on a genuine domestic basis in a relationship as a couple.

Payment to a non-dependant

A Death Benefit lump sum paid to a person who is not classified as a Death Benefits dependant will generally consist of taxable and tax free components. No tax is payable on the tax free component. The taxable-taxed element will be taxed at a maximum rate of 17% (including Medicare levy of 2%). Where life insurance cover was in force at the date of death, the benefit may also include a taxable-untaxed element which will be taxed at a maximum rate of 32% (including Medicare levy of 2%).

Special tax concessions apply to lump sum Death Benefits paid in respect of a person who dies in the line of duty as a member of the Defence Force, member of the Australian Federal Police or the police force of a State or Territory, or as a protective services officer. A non-dependant who receives a lump sum Death Benefit in these circumstances is taxed as if they were a Death Benefits dependant.

Payment to my estate

A lump-sum payment to your estate will be taxed depending on whether your dependants or non-dependants ultimately receive your benefit. Your legal personal representative is responsible for tax arrangements when your estate pays the benefit to your beneficiary(ies). The Medicare levy does not apply for payments from an estate.

Tax File Number (TFN)

Taxation and super law does not require you to provide your TFN to the Trustee.

However, for OneCare Super, if you do not provide your TFN, the Trustee will not be able to accept your application for membership of the MasterFund.

Your TFN is confidential and you should know the following before you decide to provide it to the Trustee:

- the Trustee is authorised to collect your TFN under taxation and superannuation laws
- if you do provide your TFN to the Trustee, it will only use the TFN for legal purposes. This includes finding or identifying your superannuation benefits where other information is insufficient and calculating tax on any superannuation payment you may be entitled to. It also includes providing information to the Commissioner of Taxation such as reporting details of contributions for lost member reporting and monitoring of contribution caps
- if you do provide your TFN to the Trustee, it may provide the TFN to the trustee of another superannuation fund or a Retirement Savings Account (RSA) provider that is to receive your transferred benefits in the future
- the Trustee will not pass your TFN to any other fund if you tell the Trustee in writing that you do not want it to pass the TFN on
- your TFN will be treated as confidential. You are not required to provide your TFN. Declining to quote your TFN is not an offence.

However, if you do not give the Trustee your TFN, either now or later:

- the Trustee will not be able to accept member contributions, and you will be liable to pay additional tax on concessional contributions
- you may pay more tax on your benefits than otherwise. You may be able to get this back at the end of the financial year in your income tax assessment
- it may be difficult to locate or amalgamate your superannuation benefits in the future.

The purposes for which the Trustee can use your TFN and the consequences of not providing it may change in the future if the law changes.

Budget announcements

Potential changes to superannuation and taxation laws were outlined in the 2016-2017 Federal Budget and subsequent announcements. However at the date of this PDS the measures were yet to be legislated and have not yet come into effect. The proposed changes to superannuation and tax laws include:

- the imposition of a \$1.6m lifetime cap on superannuation monies transferred to an income stream;
- a reduction in the annual non-concessional contributions cap to \$100,000 and introducing a new constraint that individuals with a balance of more than \$1.6 million will no longer be able to make non-concessional contributions;
- a reduction in the concessional contributions cap to \$25,000;
- a reduction in the income threshold for 30 per cent tax rate for concessional contributions to \$250,000;
- the ability for individuals with balances under \$500,000 to make catch-up concessional contributions;
- extension of the criteria for deductibility of personal contributions to cover all individuals;
- removal of the anti-detriment provision for death benefits;
- earnings on assets supporting transition to retirement income streams will be taxable;
- expansion of eligibility for the low income spouse superannuation tax offset.

With the exception of the ability for individuals with balances under \$500,000 to make catch-up contributions (proposed to start 1 July 2018), the above measures are proposed to take effect from 1 July 2017, but this is dependent on these measures successfully passing through Parliament. For further information on this and other proposed Budget measures please talk to your adviser or visit budget.gov.au, treasury.gov.au/SuperReforms or ato.gov.au.

6. When this policy ends

This policy will end on the earliest of the following:

- date we receive written notification from the policy owner, or the life insured under OneCare Super, to cancel the policy
- date we lawfully cancel and/or avoid the policy
- date we cancel the policy because the premium has not been paid when due
- ending of all Covers for all lives insured under the policy. The circumstances in which each Cover will end are set out in each Cover section in this **PDS**
- if the policy is held through **super**, the date the life insured ceases to be a member of the **MasterFund** or external master trust
- date the last life insured under the policy dies.

7. Risks of insurance

You should be aware of the following insurance risks:

- your chosen insurance may not provide appropriate Cover for your needs. Your **financial adviser** can help you choose insurance that is most appropriate for your needs and circumstances
- the amount of insurance selected may not adequately cover the life insured if they suffer **illness or injury**
- future new Cover or increases in Cover may not be available to the life insured due to health reasons. You should not cancel existing policies or allow them to lapse until any new Cover is accepted and current
- if we do not receive premiums when due, we may cancel or terminate the policy. We may also decline to assess any claim which arises after the due date
- if you do not comply with your duty of disclosure, we may cancel your policy or avoid Cover and not pay any claim. The duty of disclosure is explained on page 137.
- benefits paid to the trustee of a **super** fund may only be released to you if permitted by the governing rules of the MasterFund and the law. Consult your trustee or **financial adviser** for information on whether and when benefits can be released to you
- if you have OneCare Super, **OnePath Custodians** can only pay you a benefit if you satisfy a condition of release. Please refer to page 125.

8. Remaining benefits where multiple Covers or lives insured

If there is more than one life insured or Cover under the policy and a benefit becomes payable in respect of one of them, the policy continues to insure the remaining persons and Covers. This is subject to the conditions on when this policy ends. Please see adjacent column. It is also subject to the conditions for benefit reductions set out in each Cover section.

The premium must continue to be paid for the remaining life or lives insured and the remaining Covers.

9. Confirmation of transactions

We generally confirm transactions by issuing a letter of confirmation or a Policy Schedule.

You can request confirmation of your transactions and any other additional information about your policy in the following ways:

- call us on 133 667 between 8.30am and 6.00pm (Sydney time), weekdays, and have your query answered over the phone
- call us and ask us to send you a written confirmation of the transactions you have made
- email us at customer.risk@onepath.com.au

10. Repayment of benefits

If, for any reason, a benefit we paid was not actually payable under the terms of the policy, that benefit must be repaid to us.

When completing your application, please ensure that you fully understand and comply with your duty of disclosure as set out below.

11. Your duty of disclosure

In this section 'you' and 'your' refers to the policy owner only.

Before you enter into a life insurance contract, you have a duty to tell OnePath Life anything that you know, or could reasonably be expected to know, that may affect OnePath Life's decision to insure you and on what terms.

You have this duty until OnePath Life agrees to insure you.

You have the same duty before you extend, vary or reinstate the contract.

You do not need to tell OnePath Life anything that:

- reduces the risk OnePath Life insures you for
- is of common knowledge
- OnePath Life knows or should know as an insurer, or
- OnePath Life waives your duty to tell it about.

If the insurance is for the life of another person and that person does not tell OnePath Life everything he or she should have, this may be treated as a failure by you to tell OnePath Life something that you must tell it.

If you do not tell OnePath Life something

In exercising the following rights, OnePath Life may consider whether different types of Cover can constitute separate contracts of life insurance. If it does, OnePath Life may apply the following rights separately to each type of Cover.

If you do not tell OnePath Life anything you are required to, and OnePath Life would not have insured you or entered into the same contract with you if you had told it, OnePath Life may avoid the contract within three years of entering into it.

If OnePath Life chooses not to avoid the contract, it may, at any time, reduce the amount you have been insured for. This would be worked out using a formula that takes into account the premium that would have been payable if you had told OnePath Life everything you should have. However, if the contract provides Cover on death, OnePath Life may only exercise this right within three years of entering into the contract.

If OnePath Life chooses not to avoid the contract or reduce the amount you have been insured for, it may, at any time vary the contract in a way that places it in the same position it would have been in if you had told OnePath Life everything you should have. However, this right does not apply if the contract provides Cover on death.

If your failure to tell OnePath Life is fraudulent, it may refuse to pay a claim and treat the contract as if it never existed.

12. Application monies held on trust

While we are considering an application for Cover, we will hold any monies you pay us in a trust account until we decide on your application. Any policy payments or deductions required by law are similarly processed using a holding account.

We will retain any interest that is payable by our bank on these accounts to meet our administrative costs, bank fees and bank administrative costs incurred in operating these accounts.

If you later add to your Cover, we may be required to hold any additional money in this account.

13. Interim Cover

OnePath Life Limited (OnePath Life) ABN 33 009 657 176 AFSL 238341 can provide you with Interim Cover at no cost.

It is subject to all the following:

- the terms and conditions which apply to the Cover(s) being applied for as set out in this **PDS**

'Life insured' means the person(s) nominated in the application as the life to be insured.

'Policy owner(s)' means the person(s) nominated in the application as the policy owner(s).

Interim Cover for OneCare Super applications

If the application is for a OneCare Super policy, we provide the Interim Cover to the life insured while we assess the application for insurance and the application for membership of the **MasterFund**. Any benefits payable under this Interim Cover do not form part of the life insured's superannuation entitlements held in the **MasterFund**.

Interim Cover is only available if the life insured is:

- for TPD Cover – aged between 15 and 60 years

If using the tele-interview or online questionnaire service, Interim Cover will only commence once the Personal Statement has been completed.

For Interim Cover to continue, we must receive one of the applicable payment options below within 14 days of the date we or an authorised adviser receives your fully completed, signed and dated application:

- the period of **total disability** or **significant disability**, as applicable
- six months.

- reduced amount insured that would be offered where under its current underwriting rules, **OnePath Life** would offer a lower sum insured to that applied for in the Application Form

* We pay this amount or the **equivalent instalment amount** calculated by **OnePath Life** based on the nominated term of the instalment.

† A maximum of \$30,000 will be payable in total benefits for Income Secure Cover and Business Expense Cover.

Where under its current underwriting rules **OnePath Life** would offer Cover subject to special terms and conditions, such special terms and conditions will apply to the Interim Cover.

If Cover was applied for a life insured across multiple policies and we pay less than the amount insured applied for, we pay each policy owner a share of the total amount paid in proportion to the amounts applied for.

Interim Cover claims

If you claim before an underwriting decision has been made on the life insured, our claims assessment will not proceed until an underwriting assessment is complete.

The claim will be denied if the appropriate underwriting decision on the calendar day preceding the **injury** or **illness** for which the Interim Claim is made, would have been to deny or exclude that claim.

- any condition for which the life insured consulted a qualified **medical practitioner** before the date of the Application Form
- for Income Secure Cover, Business Expense Cover and Living Expense Cover only – the life insured’s **uncomplicated pregnancy**, miscarriage or childbirth. We will pay from the end of that three month period, or the end of the waiting period if greater
- if you claim before the underwriting decision has been made for a life insured we will consider the appropriate underwriting decision for the calendar day preceding the **injury or illness** for which the Interim Claim is made. If the appropriate decision would have been to deny or exclude that claim, we will deny the claim.
